

Attend a Webinar from a Mobile Device

GoToMeeting app features:

- Attend a webinar sessions from anywhere.
- View presentations, mockups and reports – anything the presenter shares on-screen.
- Connect to audio through your device's built-in mic and speakers
- Pinch to zoom meeting content.
- Easily switch between portrait and landscape.

Register for the webinar

1. Click the registration link provided in the email invitation or webinar flyer
2. Complete the registration form.
3. You will receive an email confirming your registration with a link for attending the webinar

How to Join a Webinar:

After you download the free GoToMeeting app, there are a couple of easy ways to join a meeting:

- Tap the link in an invitation email or registration confirmation email and then follow the prompts.
- Tap the GoToMeeting app icon on your iPhone, iPad, iPod or Android device and enter the:
 - Meeting ID provided in your registration confirmation email
 - Your full name
 - Valid email address
- Upon joining, you will be automatically connected to audio through your Internet connection (WiFi or 3G). For the best audio experience, plug your headphones into your mobile device.

STEP 1: Download the GoToMeeting App

STEP 2: Tap the GoToMeeting icon to open the App

STEP 3: Enter the Meeting ID, Your Name and Email

**Note: If you did not register prior to the joining the webinar, you will be required to complete the online registration form after clicking "Join Meeting". Once the registration is complete, you will be connected to the in session webinar.*
