### Medical Directors Award of Excellence

The Medical Directors Award of Excellence will be awarded to Paramedics who have been recognized for excellence in EMS. This award is based on nomination by peers, Service Administration, chart auditors or the SWORBHP Medical Directors. A maximum of four awards per year will be presented.

#### Nominations:

- Deadline for submission of nomination forms in the current year is October 1<sup>st</sup>
- Nomination forms can be accessed through our website: <https://apps.lhsc.on.ca/?q=forms/sworbhp-medical-directors-award-excellence-nomination-form>
- Confirmation of receipt of nomination will be sent by email to the individual submitting the nomination

#### Award Criteria – includes, but is not limited to

- Outstanding clinical judgment and actions during a difficult or complicated clinical scenario
- Demonstrated leadership in a complicated multiple agency response
- Leadership and participation in education or administration activities over and above regular clinical responsibilities
- Advancing the practice of paramedicine by advocating on behalf of paramedics in multiple agency strategic planning for the future
- Demonstrating outstanding initiative in proposing valid constructive changes to the current structure of EMS with end result of adopting improvements to the current system

#### Limitations

- All decisions will be by consensus of the Medical Directors and Program Manager
- All nominations will require the approval of the Service Operator
- The paramedic nominated must be a certified paramedic or paramedic student in good standing with the SWORBHP
- All actions taken by the paramedic as nominated must be in compliance with the current Basic Life Support Patient Care Standards and Advanced Medical Directives

Award recipients will have their name engraved on a plaque which is displayed at the Base Hospital office in London and will receive a personalized certificate.
