## **Announcement: Pre-hospital Care Specialists**

It is with great pleasure that we announce the recruitment of our new Pre-hospital Care Specialists.

Mike Kennedy will be taking the London position. Mike comes to us with over 10 years of experience as a paramedic and currently practices as a CCP with Ornge and an ACP with the Region of Waterloo.

Mike is currently pursuing a Bachelor of Arts Degree in Political Science at Western University. He will be part-time with us so he can continue to work with Ornge.

Jennifer Robson will be taking the Northern Position. Jennifer comes to us with over 5 years of experience as a paramedic. She currently works as a PCP and acting shift supervisor with Bruce County EMS and as an Associate Instructor with SWORBHP. She also teaches in the Paramedic program at Lambton College.

Jennifer is currently pursuing a Bachelor's degree in Emergency Care in Paramedicine through Charles Sturt University. She will be starting full-time with us in June.

She will be mainly located centrally in London to enable her to have the support of her peers and the rest of the SWORBHP team but will involve travel to the north to enable her to work with the EMS services she supports.

Please join us in welcoming Mike and Jennifer to our team!
