Physical Assessment Revived

When? February 4, 2017—0900-1600 hours

Where? CSTAR, University Hospital, London Health Sciences Centre
Directions: From the main lobby, pass the payphones and go through the single automatic door, turn left and pass Health Records and Pharmacy, use elevators 11/12 to go to the 6th floor

What is it? Revisit skills required for head to toe assessment
◊ An organized and systematic approach to know your patient
◊ What do I know from patient vital signs?
◊ Recognize what are normal, abnormal and concerning findings
◊ Enhance your critical thinking and care planning skills
◊ Utilize effective Communication strategies (SBAR)

Who should attend? Nurses wishing to refresh basic assessment skills, students nearing the completion of nursing programs
***this is a hands-on workshop using simulation***
