

## ADVANCED TRAUMA LIFE SUPPORT - ATLS® PROVIDER COURSE

### COURSE DESCRIPTION:

The ATLS® course is a continuing medical education program designed to teach doctors life-saving skills and a standardized approach to trauma care in the "golden hour". The course consists of pre- and post-course tests, core content lectures, interactive case presentations, discussions, development of life-saving skills, practical laboratory experiences and a final performance proficiency evaluation. The American College of Surgeons (ACS) sets the standards for this course and provides doctors who successfully complete the course with a card verifying successful course completion. Medical Students in their fourth year of medical school can participate in the course but will not receive this card until they provide proof of graduation.
