

## Rehab Bakir

### Project Leader, City-wide Cleanliness

#### Role Description

The Project Leader will lead (using a project management approach) the planning, implementation and close-out phases of the LHSC and St. Joseph's Cleanliness Projects. The Project Leader will be accountable to the Project Sponsors and will work collaboratively with two organization-specific Implementation Steering Committees. The Project Leader will be expected to establish and cultivate relationships with internal stakeholders at all levels in order to manage and deliver on this priority project.

#### Projects

Lead the City-wide Cleanliness Project Team in planning and implementing cleaning service level standards, based on best practices, across all clinical and non-clinical areas of LHSC and St. Joseph's. Project deliverables: Project Charter; recommendations to achieve needed improvements in cleaning service level standards and a detailed work plan for implementing recommendations.
