Patient & Family-Centred Care: Benefits and Challenges

This seminar is presented to Physicians, Social Workers, Nursing, Allied Health, Support Workers, Leaders, and Family Advisors across all Children’s Care Units, and Consulting Services of Children’s Hospital. Please join us for a full day dedicated to advancing your understanding and personal insights into practicing Patient and Family Centred Care.

Monday, June 10, 2013
8:30 am – 4:00 pm
Children’s Hospital, London Health Sciences Centre
800 Commissioners Road East, London
Sumner Auditorium, B2-119
*Complimentary Registration

Speaker: Terry Griffin, Faculty from the Institute of Patient and Family Centred Care

For the past 10 years Terry has served a faculty member and a consultant for the Institute for Patient and Family Centered Care (www.ipfcc.org). Additionally, she has been faculty in the Graduate College of Nursing at the University of Illinois at Chicago and has published article about topics of family centered care, challenging situations with families, transition to home and is currently authoring a book on family centered care.

Terry’s passion to educate and advance patient and family centred care comes from decades of clinical experience as a staff nurse, Clinical Nurse Specialist and more recently as a Nurse Practitioner. Her 38 years as a nursing professional in an academic centre and currently with a community hospital provides her with a multitude of stories and lived experience to share with the audience.

8:30 am – 9:00 am  Registration

9:00 am – 12:30 pm (including a break)

Patient and Family Panel – Stories of Wisdom
• An interactive panel of patients and families who will share their experiences and perceptions of patient and family centered care.

Morning Seminar Session: The Language of Partnership
• In health care, we have traditionally used the language of “power”. To improve care we need to embrace the language of “partnership”.

12:30 pm – 1:45 pm  Lunch & Resource Displays

1:45 pm – 4:00 pm (including a break)

• Therapeutic Relationships and Family Centred Care – A talk about boundaries, gifts, social media
• Challenging Situations
