

## CONSORTIUM STAFF BIO SKETCHES

- Anna Arcuri      Psychologist, Adult Mental Health Track  
St. Joseph's Health Care London – Operational Stress Injury Clinic  
Ph.D., University of Windsor, 2013  
Clinical Interests: Assessment and treatment of post-traumatic stress disorder and other psychological difficulties related to military service; Couples therapy  
Research Interests: Perfectionism and communication in romantic relationships; couples functioning
- Rod Balsom      Psychologist, Adult Mental Health Track  
St. Joseph's Health Care London - Southwest Centre for Forensic Mental Health Care  
Ph.D., Western University, 1999  
Clinical Interests: Psychological assessment and intervention in the forensic system with inpatient and outpatient clients; Intervention consists primarily of cognitive behavioural therapy with adults presenting with mood and psychotic disorders  
Research Interests: Program development and evaluation; Health promotion
- Danielle Bedard      Psychologist, Adult Mental Health Track  
London Health Sciences Centre - Victoria Hospital  
Ph.D., University of Toronto, 2008  
Clinical Interests: Assessment and treatment of adults, using CBT, DBT, and existential approaches; Trauma and post-traumatic stress disorder  
Research Interests: Clients' emotional processing; Psychotherapy process and outcome
- Kelly Bedek      Psychometrist, Adult Mental Health Track  
St. Joseph's Health Care London – Southwest Centre for Forensic Mental Health Care  
B.A. (Honours), University of Western Ontario, 2015  
Clinical Interests: Assessment (e.g., risk, personality, cognitive) in a forensic setting; Clinical file reviews pertaining to risk and recidivism  
Research Interests: Psychometric test measures; Program development and evaluation
- Nicole Beeby      Psychometrist, Neuropsychology Track  
London Health Sciences Centre - University Hospital  
B.A., University of Windsor, 2014  
Clinical Interests: Neuropsychological assessment regarding a broad range of neurological disorders. Specific interests include: brain lesions, schizophrenia, mood disorders, and psychopathy  
Research Interests: Applied memory research including false memories and imagination inflation
- Jared Berman      Psychologist, Child/Adolescent Track; Site Coordinator and Track Coordinator  
Child and Parent Resource Institute (CPRI)  
Ph.D., University of Calgary, 2013  
Clinical Interests: Clinical assessment and treatment of children and adolescents with complex mental health problems; Cognitive Behaviour Therapies; Trauma Informed Therapies; Adolescent Residential Treatment  
Research Interests: Program evaluation; Intensive service delivery; Language Development

---

- Jennifer Crotogino Psychologist, Child/Adolescent and Health/Rehabilitation Tracks  
London Health Sciences Centre - Children's Hospital / Victoria Hospital  
Ph.D., McGill University, 2002  
Clinical Interests: Assessment and treatment of children and adolescents with chronic pain. Patients are seen in a multidisciplinary Paediatric Chronic Pain Clinic. Psychology follow-up and treatment may involve psychoeducation for the patient and family, individual therapy and/or group therapy. Program development and evaluation  
Research interests: Paediatric chronic pain
- Kathryn Dance Psychologist, Counselling Track; Track Coordinator  
Student Development Centre - Western University  
Ph.D., University of Western Ontario, 1991  
Clinical Interests: Trauma and PTSD; Clinical implications of attachment theory, relational theory, countertransference, LGBT2QIA issues in psychotherapy
- Tracy Desjardins Psychologist, Adult Mental Health Track  
St. Joseph's Health Care London-Southwest Centre for Forensic Mental Health Care  
Ph.D., University of Victoria, 2014  
Clinical Interests: Assessment (e.g., violence risk, criminal responsibility, fitness to stand trial, malingering, diagnosis) and treatment (e.g., CBT, DBT) in a forensic setting; Posttraumatic Stress Disorder; Substance Use Disorders  
Research Interests: Program evaluation; emotional support; transition to adulthood; predictors of forensic system entry/outcome
- Andrea Downie Neuropsychologist, Neuropsychology Track  
London Health Sciences Centre - Children's Hospital / Victoria Hospital  
Ph.D., Queen's University, 2000  
Clinical Interests: Neuropsychological assessment, diagnosis, and consultation of children treated for childhood cancer, as well as neurological, genetic, and metabolic disorders  
Research Interests: Academic and cognitive sequelae of the treatments for Acute Lymphoblastic Leukemia (ALL); Social functioning in children treated for brain tumours and ALL; Attention deficit hyperactivity disorder.
- Stephanie Dubois Psychologist, Adult Mental Health Track  
St. Joseph's Health Care London – Parkwood Institute  
Ph.D., Ball State University, 2003  
Clinical Interests: Psychological assessment and individual therapy for patients with persistent mental (affective, psychotic, personality) disorders in an inpatient setting. Theoretical approaches utilized: Integrative psychotherapy; Informed by counter-transference/transference issues, trauma informed care, working alliance and process of change. Supervision emphasis on professional identity, mentoring and advocacy
- Julie Eichstedt Psychologist, Child/Adolescent Track  
London Health Sciences Centre - Children's Hospital / Victoria Hospital  
Ph.D., Concordia University, 2002  
Clinical Interests: Psychological assessment and treatment of children, adolescents, and their families; Mood and Anxiety Disorders; Autism Spectrum Disorders; Personality Disorders; Cognitive behavioural therapy.  
Research Interests: Program evaluation, mood and anxiety disorders in children and adolescents, models of service delivery in children's mental health

---

Joseph Enright	<p>Neuropsychologist (Supervised Practice), Neuropsychology Postdoctoral Fellow London Health Sciences Centre – University Hospital/Victoria Hospital Ph.D., University of Saskatchewan, 2016 <u>Clinical Interests:</u> Adult and geriatric neuropsychological assessment of hospital inpatient and outpatients presenting with a variety of medical and/or psychiatric conditions <u>Research Interests:</u> Neuropsychological test construction, the impact of psychiatric and medical conditions on cognition, dementia and the impact on caregivers of persons with dementia</p>
Elsbeth Evans	<p>Psychologist, Counselling Track; Site Coordinator Student Development Centre - Western University Ph.D., The University of Western Ontario, 2008 <u>Clinical Interests:</u> Treatment of adolescents and adults with mood and anxiety disorders; Mindfulness meditation; Parenting capacity; Integrative approaches to psychotherapy <u>Research Interests:</u> Adult attachment, mental health and trauma; Mindfulness meditation in a university population</p>
Laura Fazakas-DeHoog	<p>Psychologist, Adult Mental Health Track St. Joseph's Health Care London: Southwest Centre for Forensic Mental Health Care Ph.D., University of Western Ontario, 2007 <u>Clinical Interests:</u> Psychological profiling; Assessment and treatment of trauma and complicated grief; Treatment of severe pathology and personality disorders <u>Research Interests:</u> Prediction of violent recidivism in the forensic population; Effective treatment of trauma and complicated grief; Psychotherapy for psychotic disorders; Prediction of violent and self-destructive behaviour; Design and test an integrative model of suicidal thinking and behaviour within a clinical population</p>
Susan Fisher	<p>Psychometrist, Community Services Vanier Children's Services M.A., Laurentian University, 1994 <u>Clinical Interests:</u> Assessment of cognitive, behavioural and social-emotional functioning in children and adolescence <u>Research Interests:</u> Program and outcome evaluation</p>
Jennifer Fogarty	<p>Neuropsychologist, Neuropsychology Track St. Joseph's Health Care London - Parkwood Institute Ph.D., University of Waterloo, 2001 <u>Clinical Interests:</u> Diagnostic neuropsychological assessment of adult and elderly individuals with a spectrum of cognitive impairments from mild cognitive impairment to early stage dementia; Primarily outpatient work but also consultation to long-term care regarding behavioural management of clients with dementia who are displaying challenging behaviours; Consultation to Community Care Access Centre staff in nine counties throughout southwest Ontario; Cognitive rehabilitation group work for elderly individuals with mild cognitive impairment <u>Research Interests:</u> Program evaluation; Predicting driving safety in the elderly; Cognitive rehabilitation and predicting post-operative cognitive decline</p>

Judith Francis	<p>Psychologist, Health/Rehabilitation Track St. Joseph's Health Care London - St. Joseph's Hospital Ph.D., Dalhousie University, 1999 <u>Clinical Interests:</u> Assessment and treatment of cardiovascular patients; Developing programs for women with cardiovascular disease <u>Research Interests:</u> Factors affecting women's access and participation in rehabilitation and secondary prevention programs following a cardiac event or stroke; Psychosocial issues affecting women with cardiovascular disease</p>
Jared French	<p>Psychologist, Counselling Track Student Development Centre - Western University Ph.D., University of Calgary, 2015 <u>Clinical Interests:</u> Post-Structural Therapies (e.g., Narrative, Collaborative, Solution-Focused); Acceptance and Commitment Therapy; Single-Session and Brief Therapy. <u>Research Interests:</u> Therapeutic processes; Discourse analysis applied to therapeutic conversations; Counsellor development.</p>
Paul Frewen	<p>Psychologist, Adult Mental Health Track London Health Sciences Centre - University Hospital Ph.D., University of Western Ontario, 2008 <u>Clinical Interests:</u> Trauma-focused psychotherapy, CBT, and process-experiential psychotherapy <u>Research Interests:</u> Neuroimaging in trauma patients</p>
Heather Getty	<p>Psychologist, Health/Rehabilitation Track St. Joseph's Health Care London - St. Joseph's Hospital Ph.D., University of Windsor, 2002 <u>Clinical Interests:</u> Individual and group psychotherapy; Cognitive behavioural, psychodynamic, and acceptance and commitment-based interventions <u>Research Interests:</u> Identification of individuals at heightened risk for dysfunction secondary to pain; Pain self-management strategies related to better adjustment among individuals with chronic pain; Relationship between gender and adjustment in the context of chronic pain conditions</p>
Karin Gleason	<p>Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Ph.D., University of Western Ontario, 2000 <u>Clinical Interests:</u> Psychological assessment and treatment of children with Intellectual Disabilities and emotional disorders (anxiety, mood, and attachment); Residential treatment of children with Intellectual Disabilities and behaviour disorders; Behavioural feeding disorders</p>
Erica Gold	<p>Psychologist, Child/Adolescent, Health/Rehabilitation Tracks &amp; Neuropsychology Track, Paediatric emphasis London Health Sciences Centre - Children's Hospital / Victoria Hospital Ph.D., University of Manitoba, 1986 <u>Clinical Interests:</u> Children and families coping with chronic illness and health problems; Pain management, especially management of children's headaches; Stress management; Mood disorders; Anxiety disorders</p>

- Gloria Grace      Neuropsychologist, Neuropsychology Track  
London Health Sciences Centre - University Hospital  
Ph.D., University of Victoria, 1990  
Clinical Interests: Neuropsychological assessment of adults with a broad range of neurological disorders. Specific interests: Pre-operative assessment for Deep Brain Stimulation Surgery; Differential diagnosis of dementia; Parkinson's disease and related disorders  
Research Interests: Cognitive impairment in ALS and other motor neuron diseases
- Maya Gupta      Psychologist (Supervised Practice), Adult Mental Health Track  
London Health Sciences Centre – Victoria Hospital  
Ph.D., Queen's University, 2016  
Clinical Interests: Psychological intervention and assessment of youth and young adults with a primary psychotic disorder and various related comorbidities (e.g., trauma, social anxiety, mood, OCD, personality). Therapeutic orientation is client-centered and integrative; cognitive behavioural therapy, interpersonal therapy, mindfulness-based cognitive therapy, and acceptance commitment therapy.  
Research Interests: Evaluation of a Voice Hearers group; Family dynamics in early psychosis; Real-world functional outcomes and recovery in psychosis
- Brendan Guyitt      Psychologist, Adult Mental Health Track; Site Coordinator  
London Health Sciences Centre - Victoria Hospital  
Ph.D., University of New Brunswick, 2011  
Clinical Interests: CBT; Mood and anxiety disorders; Personality disorders; Case formulation; Program evaluation  
Research Interests: Understanding beliefs and belief change; Cognitive processes in depression and anxiety
- Michael Harnadek      Neuropsychologist, Neuropsychology Track  
London Health Sciences Centre - University Hospital  
Ph.D., University of Windsor, 1993  
Clinical Interests: Neuropsychological assessment of adults following stroke, concussion (with post-concussion syndrome) or who have acquired degenerative cognitive disorders. Specific interests: Concussion, Post-concussion syndrome; Stroke; Evaluation of response bias  
Research Interests: Cognitive impairment following transient ischemic attack and minor stroke; Response bias in psychological testing
- Jeremy Harrison      Psychologist, Adult Mental Health Track  
St. Joseph's Health Care London – Parkwood Institute  
Psy.D., Florida Institute of Technology, 2005  
Board Certified in Clinical Psychology  
American Board of Professional Psychology (ABPP)  
Clinical Interests: Psychological assessment and treatment of adults with persistent mental illnesses; Cognitive behavioural therapy approaches; Integrative approaches to psychotherapy  
Research Interests: Applied research; Psychotherapy effectiveness

---

Brent Hayman-Abello	Neuropsychologist, Neuropsychology Track; Director of Clinical Training London Health Sciences Centre - University Hospital Ph.D., University of Windsor, 2003 <u>Clinical Interests:</u> Neuropsychological assessment of adults with neurological disorders, with specific interests in epilepsy, stroke, and dementia; Impact of epilepsy on cognitive and daily living abilities <u>Research Interests:</u> Cognitive change following epilepsy surgery; Compensatory strategy training for persons with cognitive impairments
Susan Hayman-Abello	Neuropsychologist, Neuropsychology Track London Health Sciences Centre - University Hospital Ph.D., University of Windsor, 2006 <u>Clinical Interests:</u> Neuropsychological assessment of adults and adolescents with neurological disorders, with specific interests in epilepsy and pre-surgical evaluations <u>Research Interests:</u> Discrepancies in subjective and objective memory impairment; cerebral localization of cognitive dysfunction and prediction of post-surgical changes; Issues associated with repeated neuropsychological assessments
Marnin Heisel	Psychologist, Adult Mental Health Track London Health Sciences Centre - Victoria Hospital Ph.D., York University, 2001 <u>Clinical Interests:</u> Assessment and treatment of adults and older adults with mood disorders and at elevated risk for suicide; Interpersonal/psychodynamic and humanistic/existential psychotherapy <u>Research Interests:</u> Study and prevention of suicide among older adults including improving the identification of older adults at-risk for suicide; Testing models of late-life suicide risk and resiliency and developing and evaluating suicide risk assessment measures and methods; Enhancing treatment provision by developing and testing interventions with depressed and/or suicidal older adults; Enhancing healthcare provider knowledge of late-life suicide prevention by developing clinical guidelines and knowledge translation tools and evaluating with respect to dissemination, training, and uptake
Marilyn Hill	Psychologist, Health/Rehabilitation Track St. Joseph's Health Care London - St. Joseph's Hospital Ph.D., University of British Columbia, 1996 <u>Clinical Interests:</u> Cognitive behavioural therapy (individual and group); Interprofessional chronic pain management groups for a wide variety of chronic pain conditions; Stress management; EMG biofeedback; Impact of chronic illness on sexual functioning; Assessment and treatment of depression associated with chronic illness; Relapse prevention <u>Research Interests:</u> Interprofessional chronic disease/chronic pain management; and variables predicting treatment outcome
Tevya Hunter	Psychologist (Supervised Practice), Adult Mental Health Track St. Joseph's Health Care London – Operational Stress Injury Clinic Ph.D., University of Manitoba, 2017 <u>Clinical Interests:</u> Assessment and treatment of post-traumatic stress disorder and other psychological disorders related to workplace injuries & traumas; therapy focused on identity, self-acceptance, and adjustment to life transitions <u>Research Interests:</u> Women's experience of burn injury; resiliency; traumatic injury

Tony Iezzi	<p>Psychologist, Health/Rehabilitation Track London Health Sciences Centre - Victoria Hospital Ph.D., University of Georgia, 1989 Fellow of the Canadian Psychological Association <u>Clinical Interests:</u> Assessment and management of chronic pain and trauma <u>Research Interests:</u> Psychological adjustment to medical conditions; Comorbidity of physical and psychological symptoms; Identification of early psychological risk factors in the development of medical conditions</p>
Lorraine Janzen	<p>Psychometrist, Neuropsychology Track London Health Sciences Centre - Children's Hospital / Victoria Hospital M.A.Sc., University of Waterloo, 1985 <u>Clinical Interests:</u> Neuropsychological assessment of children treated for childhood cancer, traumatic brain injury as well as neurological or neurosurgical conditions and genetic or metabolic disorders</p>
Patricia Jordan	<p>Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Ph.D., University of Western Ontario, 2012 <u>Clinical Interests:</u> Assessment and treatment of children and adolescents with complex mental health needs; Cognitive Behavioural Therapy; Models of service delivery for residential treatment; developmental trauma; assessment and consultation regarding sexualized behaviour <u>Research Interests:</u> Cognitive vulnerability for anxiety and depression; Temperament-cognition interactions; Development of executive function; Program evaluation</p>
Mustaq Khan	<p>Psychologist, Adult Mental Health Track St. Joseph's Health Care London – Parkwood Institute Ph.D., University of Western Ontario, 1989 <u>Research Interests:</u> Pharmacotherapy effectiveness in the treatment of mood disorders</p>
Ann Klinck	<p>Psychological Associate, Child/Adolescent &amp; Health/Rehabilitation Tracks London Health Sciences Centre - Children's Hospital / Victoria Hospital M.A.Sc., University of Waterloo, 1991 <u>Clinical Interests:</u> Counselling with families and consultation with schools regarding educational needs of paediatric cancer patients and siblings; Counselling, support and advocacy for childhood cancer survivors with treatment-related learning challenges <u>Research Interests:</u> Long-term cognitive effects of paediatric cancer treatment; Long-term educational outcomes for childhood cancer survivors</p>
Andrea Lazosky	<p>Neuropsychologist, Neuropsychology Track London Health Sciences Centre - Victoria Hospital Ph.D., Rosalind Franklin University of Medicine and Science, 1990 Board Certified in Clinical Neuropsychology American Board of Professional Psychology (ABPP) <u>Clinical Interests:</u> Neuropsychological assessment and diagnosis of individuals with known or suspected brain impairment. Specific interests: Multiple trauma (including traumatic brain injury); Effects of systemic illness and infection on brain function; Brain tumours; Psychosocial rehabilitation <u>Research Interests:</u> Neurological and emotional outcome following severe septic illness; Assessment of decision making capacity; disorders of consciousness in patients using brain-computer interface neuroimaging in the vegetative state</p>

- David LeMarquand Psychologist, Adult Mental Health Track  
Assistant Director of Clinical Training  
St. Joseph's Health Care London – Parkwood Institute  
Ph.D., McGill University, 1998  
Board Certified in Clinical Psychology,  
American Board of Professional Psychology (ABPP)  
Clinical Interests: Psychological assessment, individual and group psychotherapy for individuals with concurrent severe and persistent mental (affective, psychotic, personality) and substance use disorders who are outpatients in a tertiary care hospital setting; Theoretical approaches utilized include interpersonal, cognitive-behavioural  
Research Interests: Neurobiology of impulse control, aggression, psychotherapy outcome in personality-disordered individuals
- Amanda R. Levine Psychologist, Adult Mental Health Track  
St. Joseph's Health Care London – Operational Stress Injury Clinic  
Ph.D., University of Windsor, 2015  
Clinical Interests: Assessment and treatment of post-traumatic stress disorder and other psychological difficulties related to military service; neuropsychological functioning of Veterans  
Research Interests: sexual assault and other forms of victimization; vulnerability factors for development of posttraumatic stress disorder; changes in neuropsychological functioning associated with psychiatric disorders
- Sheila Linseman Psychometrist, Adult Mental Health Track  
St. Joseph's Health Care London – Parkwood Institute  
M.A., Counselling Psychology, University of Western Ontario, 2016, B.A. (Honours), Wilfred Laurier University, 1993  
Clinical Interests: Vocational, cognitive, and personality assessment  
Research Interests: Help-seeking and workplace psychological safety, teacher mental health
- Cathy Maan Psychologist, Child/Adolescent and Health/Rehabilitation Tracks  
London Health Sciences Centre - Children's Hospital / Victoria Hospital  
Ph.D., University of Saskatchewan, 1994  
Clinical Interests: Paediatric oncology; Paediatric critical care; Paediatric consultation-liaison; Family and child adjustment to acute and chronic illnesses and developmental disorders
- Julia MacKinley Psychometrist, Adult Mental Health Track  
St. Joseph's Health Care London – Parkwood Institute  
M.Sc. University of Edinburgh, 2015  
Clinical Interests: Cognitive and personality assessment; psychometric test measures
- Connie Marshall Psychometrist, Neuropsychology Track  
St. Joseph's Health Care London - Parkwood Institute  
B.A. (Honours), University of Western Ontario, 1984  
Clinical Interests: Improve working memory. Psychometric test development

- Philip Masson      Psychologist, Adult Mental Health Track  
London Health Sciences Centre  
Ph.D., University of Calgary, 2013  
Clinical Interests: Cognitive behavioural therapy, including third wave cognitive behavioural interventions (e.g., dialectical behaviour therapy, acceptance and commitment therapy); Diagnosis and treatment of eating, mood, and anxiety disorders; Working with ambivalence  
Research Interests: Family interventions in adults with eating disorders; Use of technology assisted interventions in adults with eating disorder; Relapse prevention; Defining recovery in eating disorders; Dissemination of empirically supported treatment; Use of self-help and guided self-help treatments; Program development and evaluation
- Lorraine McFadden      Neuropsychologist, Neuropsychology Track  
St. Joseph's Health Care London: Parkwood Institute  
PhD, Carleton University, 1993  
Board Certified in Clinical Neuropsychology American Board of Professional Psychology (ABPP)  
Clinical Interests: Acquired Brain Injury  
Research Interests: Cognitive Rehabilitation
- Nicola McHale      Psychologist, Adult Mental Health Track  
London Health Sciences Centre- First Episode Mood and Anxiety Program (FEMAP)  
Ph.D., University of New Brunswick, 2015  
Clinical Interests: Assessment and treatment of various mood and anxiety disorders; Early Intervention; Cognitive Behavioural Therapy (CBT); Acceptance and Commitment Therapy (ACT); Mindfulness  
Research Interests: Vulnerability and resiliency factors associated with Major Depressive Disorder (MDD); Emotion Regulation
- Alexandra McIntyre-Smith      Psychologist, Adult Mental Health Track  
St. Joseph's Health Care London – Parkwood Institute, Operational Stress Injury Clinic  
Ph.D., University of Western Ontario, 2010  
Clinical Interests: Assessment and treatment of posttraumatic stress disorder and other psychological difficulties related to military service  
Research Interests: Treatment of mental health issues specific to the military/combat context, sexual dysfunction
- Ashley Miles      Neuropsychologist, Neuropsychology Track  
London Health Sciences Centre – University Hospital  
Ph.D., York University 2013  
Clinical Interests: Adult and geriatric neuropsychological assessment, with a focus on pre- and post-surgical assessment of individuals with epilepsy and Parkinson's disease; Differential diagnosis of neurodegenerative conditions  
Research Interests: Identifying the profile and magnitude of subjective and objective change in neuropsychological functioning following surgical intervention for neurological conditions

- Charles Nelson Psychologist, Adult Mental Health Track  
St. Joseph's Health Care London - Parkwood Institute  
Ph.D., University of North Texas, 2003  
Clinical Interests: Crisis and acute care psychiatry; Cognitive behavioural therapy with adults; Pain and recovery from trauma  
Research Interests: Cardiac rehabilitation and the relationship between interpersonal factors and recovery; Cross validation of The Adult Needs and Strengths Assessment - Referral Version (ANSA-R) with utilization of psychiatric care; Spiritual care as a therapeutic adjunct to the recovery model
- Steven Orenczuk Psychologist, Health/Rehabilitation Track  
St. Joseph's Health Care London - Parkwood Institute  
Psy.D., Illinois School of Professional Psychology, 1988  
Clinical Interests: Assessment and intervention for clients admitted to an inpatient and outpatient rehabilitation program for individuals having sustained spinal cord injuries or other neurological disorders; Treatment of depression anxiety, pain, adjustment to disability issues; Consultation to interprofessional rehabilitation team regarding patient and family education; Collaborative injury prevention initiatives  
Research Interests: Evidence-based treatment planning and intervention; Knowledge transfer and health education initiatives for trauma prevention
- Felicia Otchet Psychologist, Health/Rehabilitation Track  
London Health Sciences Centre – Victoria Hospital  
Ph.D., University of Cincinnati, 1996  
Clinical Interests: Adjustment to traumatic events; Adjustment to chronic pain and/or chronic medical conditions; Women's health; Psycho-oncology; Feminist therapy; Traditionally underserved populations; Community-based health and mental health services  
Research Interests: Normative responses to medical procedures; Applied research in community mental health and health
- Rhonda Peterson Psychometrist, Child/Adolescent Track  
Child and Parent Resource Institute  
M.A., University of Western Ontario, 2003
- Peter Prior Psychologist, Health/Rehabilitation Track; Track Coordinator  
St. Joseph's Health Care London - St. Joseph's Hospital  
Ph.D., University of Western Ontario, 1991  
Clinical Interests: Assessment and treatment of cardiovascular patients  
Research Activities: Measurement of individuals' outcomes in cardiac rehabilitation and secondary prevention; cardiac rehabilitation for secondary prevention with cerebrovascular disease; psychological and neurocognitive factors in vascular disease conditions; psychological factors in atrial fibrillation; guidelines, quality indicators, and standards development for cardiovascular disease prevention and management
- Bonnie Purcell Psychologist, Adult Mental Health Track; Track Coordinator  
Geriatric Mental Health Program  
London Health Sciences Centre - Victoria Hospital  
Ph. D., Queen's University, 2013  
Clinical Interests: Clinical assessment and treatment with seniors and adults, mood disorders, addictions, smoking cessation, neurocognitive disorders, consultation  
Research Interests: Screening, assessment and intervention of alcohol-related problems in older adults

Niki Rielly	<p>Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Ph.D., Queen's University, 2003 <u>Clinical Interests:</u> Clinical assessment and treatment of children and adolescents with complex mental health problems; Cognitive behaviour therapies including the Collaborative Problem Solving Approach <u>Research Interests:</u> Program evaluation; Intensive service delivery</p>
Craig Ross	<p>Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Ph.D., University of Windsor, 2011 <u>Clinical Interests:</u> Residential and outpatient assessment and treatment of children and adolescents with an intellectual disability and mental health and/or behavioural concerns ("dual diagnosis"); Outpatient assessment and treatment of children or adolescents with an Autism Spectrum diagnosis and co-morbid mental health concerns; Functional assessment of challenging behaviours and positive behaviour supports, and modified cognitive-behavioural approaches; Identification of resources and supports for individuals with complex special needs; Working with families, schools and community agencies to support clients; Interprofessional team-work within a biopsychosocial framework <u>Research Interests:</u> Use of social media and computer-mediated communication within a social-capital framework; Within clinical populations, use of social media and gaming as a replacement for more traditional forms of social interaction</p>
Erin Ross	<p>Psychologist, Adult Mental Health Track London Health Sciences Centre - Victoria Hospital Ph.D., OISE/University of Toronto, 2013 <u>Clinical Interests:</u> Women's mental health; Trauma and PTSD; Mood and anxiety disorders; Neurocognitive and psychoeducational assessment <u>Research Interests:</u> Women's mental health; Gender issues; Participatory action research; Arts-based research; Trauma and PTSD; Body image; Holistic wellness</p>
Maya Roth	<p>Psychologist, Adult Mental Health Track St. Joseph's Health Care London – Parkwood institute, Operational Stress Injury Clinic Ph.D., York University, 2009 <u>Clinical Interests:</u> Assessment and treatment of military-related PTSD and comorbid mood and anxiety disorders and chronic pain, Cognitive Behavioural Therapy interventions for mood and anxiety disorders, dissemination of evidence-based treatment for military-related PTSD <u>Research Interests:</u> Treatment outcome in posttraumatic stress disorder, mood disorders, and chronic pain among military and veteran personnel, pain and psychological distress at end of life</p>
Susan Ruscher	<p>Psychologist, Counselling Track Student Development Centre - Western University Ph.D., University of Western Ontario, 1994 <u>Clinical Interests:</u> Psychological assessment and cognitive behavioural treatment of adolescents and adults with depression, anxiety, post-trauma symptoms, bereavement, and/or pain <u>Research Interests:</u> Therapeutic effectiveness</p>

Devita Singh	<p>Psychologist, Child/Adolescent Track London Health Sciences Centre - Children's Hospital/Victoria Hospital Ph.D., University of Toronto (OISE), 2012 <u>Clinical Interests:</u> Psychological assessment and treatment of children, adolescents, and their families; Mood and Anxiety Disorders; Autism Spectrum Disorders; Gender Identity Disorders; Personality Disorders; Cognitive behavioural therapy <u>Research Interests:</u> Program evaluation, mood and anxiety disorders in children and adolescents, gender identity disorders, models of service delivery in children's mental health</p>
Carla Smith	<p>Psychologist, Child/Adolescent Track; Site Coordinator Vanier Children's Services Ph.D., York University, 2004 <u>Clinical Interests:</u> Clinical assessment and treatment of children and their families; Working with parents, teachers, and child workers to better understand ways of addressing the personal strengths and challenges of children with cognitive/developmental, social-emotional, and behavioural difficulties <u>Research Interests:</u> Bullying and aggressive behaviour (including gender differences); Factors influencing long-term outcomes of intervention (including early intervention/prevention); Resiliency among children in at-risk populations</p>
Farida Spencer	<p>Psychologist, Adult Mental Health Track St. Joseph's Health Care London – Parkwood Institute Ph.D., University of Western Ontario, 1984 <u>Clinical Interests:</u> Therapy interventions and consultations with an adult psychiatric population with a variety of diagnoses: i.e., schizophrenia, paranoid/psychotic disorders, affective disorders (major depression, bipolar), eating disorders, substance abuse; Treatment of clients diagnosed with personality disorders <u>Research Interests:</u> Demonstrating effectiveness in treatment outcomes of Interpersonal Reconstructive Therapy (IRT) approach with difficult to treat clients with diagnoses of personality disorders</p>
Jeff St. Pierre	<p>Psychologist, Child/Adolescent Track; Psychology Professional Practice Lead Child and Parent Resource Institute (CPRI) Ph.D., University of Western Ontario, 1992 <u>Clinical Interests:</u> Tertiary child and family mental health assessment and treatment; Selective Mutism and anxiety; Cognitive behavioural therapies in The Brake Shop; Real world effectiveness of evidence-based therapies; Supporting children with multiple learning and mental health disabilities; Teaching professionals <u>Research Interests:</u> Service usage and outcomes within a system of care for children and youth with high needs; Selective Mutism; interRAI Child and Youth Mental Health scales.</p>

- Beverly Jane Ulak Psychologist, Counselling Track  
Student Development Centre, Western University
