

# BIO SKETCHES

## CONSORTIUM STAFF BIOSKETCHES

- Tomoko Arimura    Psychologist, Child/Adolescent Track  
Vanier Children's Mental Wellness  
Ph.D., Ontario Institute for Studies in Education, University of Toronto, 2015  
Clinical Interests: Psychodiagnostic assessment and treatment with children, adolescents, and their families; Developmental trauma; Attachment; and Parents' mental health  
Research Interests: Parent involvement in early childhood/mental health services
- Rod Balsom        Psychologist, Adult Mental Health Track  
St. Joseph's Health Care London – Parkwood Institute  
Ph.D., Western University, 1999  
Clinical Interests: Assessment and treatment of veterans and peacekeepers presenting with various psychiatric difficulties related to their military service  
Research Interests: Program development and evaluation; Health promotion
- Danielle Bedard   Psychologist, Adult Mental Health Track  
London Health Sciences Centre - Victoria Hospital  
Ph.D., University of Toronto, 2008  
Clinical Interests: Assessment and treatment of depression and anxiety-spectrum disorders with a particular interest in PTSD, using CBT, DBT, and process-experiential approaches; occupational trauma and stress and post-traumatic stress disorder.  
Research Interests: Client's emotional processing; Psychotherapy process and outcome
- Kelly Bedek       Psychometrist, Adult Mental Health Track  
St. Joseph's Health Care London – Southwest Centre for Forensic Mental Health Care  
B.A. (Honours), University of Western Ontario, 2015  
Clinical Interests: Assessment (e.g., risk, personality, cognitive) in a forensic setting; Clinical file reviews pertaining to risk and recidivism  
Research Interests: Psychometric test measures; Program development and evaluation
- Jo-Ann Birt        Psychologist, Child/Adolescent Track  
London Health Sciences Centre - Children's Hospital / Victoria Hospital  
Ph.D., University of Windsor, 1996  
Clinical Interests: Assessment and treatment of internalizing disorders with high-risk youth (CBT and DBT techniques); empirically supported treatments and program development; multisystemic treatment; trauma  
Research Interests: effective inpatient treatments; factors affecting adjustment to trauma, suicide risk; mood and anxiety disorders

London Clinical Psychology Residency Consortium 2021-2022

---

Gani Braimoh	Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Psy.D., Adler School of Professional Psychology, 2006 <u>Clinical Interests:</u> Mood Disorders clinic lead; Parents of children with bipolar disorder; Cognitive behavioural therapy; Adlerian psychology; Community psychology
Susan Bryant	Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Ph.D., University of Western Ontario, 1987 <u>Clinical Interests:</u> Infants and young children at risk for or identified with developmental and/or physical disabilities; Sexuality education for children and adolescents
Jeff Carter	Psychologist (Program Development), Adult Mental Health Track; London Health Sciences Centre – Victoria Hospital Ph.D., University of Western Ontario, 2000 <u>Clinical Interests:</u> Brief mental health interventions with individuals and their families; Parents’ mental health; Clinical supervision; Leadership development <u>Research Interests:</u> Data-driven practice and performance measurement; Prevention and management of dangerous behaviour
Brittney Castrilli	Psychometrist, Adult Mental Health Track London Health Sciences Centre- 54 Riverview Ave. M.Sc. Clinical Neuroscience- Western University, 2018 <u>Clinical Interests:</u> Psychological assessment of clients with a diagnosed eating disorder; Program evaluation and outcomes; Program development <u>Research Interests:</u> Relapse prevention in clients with a diagnosed eating disorder
Danielle Cataudella	Psychologist, Child/Adolescent and Health/Rehabilitation Tracks London Health Sciences Centre - Children’s Hospital / Victoria Hospital Psy.D., Nova Southeastern University, 2002 <u>Clinical Interests:</u> Evidence based treatments for mood and anxiety disorders in medically fragile children; Consultation-liaison for somatoform presentations in the acute medical setting; Psychological sequelae in childhood cancer survivors; Evidence based treatments (individual and group) for complex sibling and parental bereavement <u>Research Interests:</u> Paediatric palliative care; Psychological acute and late effects of childhood cancer
Brenda Chiang	Psychologist (Supervised Practice), Adult Mental Health Track St. Joseph’s Health Care London – Parkwood Institute Ph.D., University of Waterloo, 2020 <u>Clinical Interests:</u> Assessment and treatment of military members and first responders (police officers, firefighters, etc.) presenting with psychological difficulties incurred during the course of their service. Individual and group therapy. <u>Research Interests:</u> posttraumatic sequelae and moral self-concept; obsessive-compulsive disorder; resiliency and protective factors

- Sabrina Chiarella Psychologist, Child/Adolescent Track; Track Co-Coordinator & Site Coordinator  
Vanier Children's Mental Wellness  
Ph.D., Concordia University, 2015  
Clinical Interests: Clinical assessment and treatment with children, adolescents, and their families; childhood trauma; attachment; mood and anxiety disorders; behavioural struggles in the preschool and middle-childhood developmental periods  
Research Interests: Program evaluation; mood and anxiety disorders in children and adolescents; resiliency among children in at-risk populations; development during the infancy period; language development
- Jennifer Crotogino Psychologist, Child/Adolescent & Health/Rehabilitation Tracks  
London Health Sciences Centre - Children's Hospital / Victoria Hospital  
Ph.D., McGill University, 2002  
Clinical Interests: Assessment and treatment of children and adolescents with chronic pain. Patients are seen in a multidisciplinary Paediatric Chronic Pain Clinic. Psychology follow-up and treatment may involve psychoeducation for the patient and family, individual therapy and/or group therapy. Program development and evaluation  
Research interests: Paediatric chronic pain
- Wendy den Dunnen Psychologist, Child/Adolescent Track  
Child and Parent Resource Institute (CPRI)  
Ph.D., University of Ottawa, 2017  
Clinical Interests: Assessment and treatment of children and adolescents with complex mental health needs; assessment, consultation, and treatment for children and adolescents with attachment concerns; assessment and consultation regarding sexualized behaviour; developmental trauma  
Research Interests: Children in the child welfare system, foster parenting, developmental trauma, residential treatment, program evaluation
- Tracy Desjardins Psychologist, Adult Mental Health Track  
St. Joseph's Health Care London-Southwest Centre for Forensic Mental Health Care  
Ph.D., University of Victoria, 2014  
Clinical Interests: Assessment (e.g., violence risk, criminal responsibility, fitness to stand trial, malingering, diagnosis) and treatment (e.g., CBT, DBT) in a forensic setting; Posttraumatic Stress Disorder; Substance Use Disorders  
Research Interests: Program evaluation; emotional support; transition to adulthood; predictors of forensic system entry/outcome
- Andrea Downie Neuropsychologist, Neuropsychology Track; Track Co-Coordinator  
London Health Sciences Centre - Children's Hospital / Victoria Hospital  
Ph.D., Queen's University, 2000  
Clinical Interests: Neuropsychological assessment, diagnosis, and consultation of children treated for childhood cancer, as well as neurological, genetic, and metabolic disorders  
Research Interests: Academic and cognitive sequelae of the treatments for Acute Lymphoblastic Leukemia (ALL); Social functioning in children treated for brain tumours and ALL; Attention deficit hyperactivity disorder.

Stephanie Dubois	<p>Psychologist, Adult Mental Health Track St. Joseph's Health Care London – Parkwood Institute Ph.D., Ball State University, 2003 <u>Clinical Interests:</u> Psychological assessment and individual therapy for patients with persistent mental (affective, psychotic, personality) disorders in an inpatient setting. Theoretical approaches utilized: Integrative psychotherapy; Informed by counter-transference/transference issues, trauma informed care, working alliance and process of change. Supervision emphasis on professional identity, mentoring and advocacy</p>
Julie Eichstedt	<p>Psychologist, Child/Adolescent Track London Health Sciences Centre - Children's Hospital / Victoria Hospital Ph.D., Concordia University, 2002 <u>Clinical Interests:</u> Evidence-based psychological assessment and treatment of children, and adolescents with internalizing difficulties; Mood and Anxiety Disorders; Cognitive behavioural therapy; Collaborative Problem-Solving. <u>Research Interests:</u> Program development and evaluation, mood and anxiety disorders in children and adolescents, models of service delivery in children's mental health</p>
Nicole Elliott	<p>Psychologist, Adult Mental Health Track St. Joseph's Health Care London – Parkwood institute, Greater Toronto Area site Ph.D., University of Toronto, 2018 <u>Clinical Interests:</u> Assessment and treatment of military-related and first responder PTSD; couples' therapy with PTSD; concurrent disorders and suicidality; Cognitive-Behavioural Therapy <u>Research Interests:</u> suicidal behaviors and PTSD with Veterans and first responders; gender issues in the military; Intergenerational trauma and culturally based psychological treatment for Canadian Indigenous peoples.</p>
Carly Esipu	<p>Psychometrist, Adult Mental Health Track London Health Sciences Centre B.A, M.A. Psychology, Western University, 2019 <u>Clinical Interests:</u> intervention services and psycho-educational assessment practices for children, youth and adults with learning, behavioural, and social-emotional challenges.</p>
Laura Fazakas-DeHoog	<p>Psychologist, Adult Mental Health Track St. Joseph's Health Care London: Southwest Centre for Forensic Mental Health Care Ph.D., University of Western Ontario, 2007 <u>Clinical Interests:</u> Psychological profiling; Assessment and treatment of trauma and complicated grief; Treatment of severe pathology and personality disorders <u>Research Interests:</u> Prediction of violent recidivism in the forensic population; Effective treatment of trauma and complicated grief; Psychotherapy for psychotic disorders; Prediction of violent and self-destructive behaviour; Design and test an integrative model of suicidal thinking and behaviour within a clinical population</p>

- Jennifer Fogarty    Neuropsychologist, Neuropsychology Track  
St. Joseph's Health Care London - Parkwood Institute  
Ph.D., University of Waterloo, 2001  
Clinical Interests: Diagnostic neuropsychological assessment of adult and elderly individuals with a spectrum of cognitive impairments from mild cognitive impairment to early stage dementia; Primarily outpatient work but also consultation to long-term care regarding behavioural management of clients with dementia who are displaying challenging behaviours; Consultation to Community Care Access Centre staff in nine counties throughout southwest Ontario; Cognitive rehabilitation group work for elderly individuals with mild cognitive impairment  
Research Interests: Program evaluation; Predicting driving safety in the elderly; Cognitive rehabilitation and predicting post-operative cognitive decline
- Paul Frewen        Psychologist, Adult Mental Health Track  
London Health Sciences Centre - University Hospital  
Ph.D., University of Western Ontario, 2008  
Clinical Interests: Trauma-focused psychotherapy, process-experiential psychotherapy, virtual reality therapy, meditation practices, neurofeedback, non-invasive brain stimulation  
Research Interests: Neuroimaging, sense of self, assessment and interventions for people with trauma- and stressor-related disorders
- Sabrina Freund    Neuropsychologist, Neuropsychology Track  
London Health Sciences Centre - Children's Hospital / Victoria Hospital  
Ph.D., University of Windsor, 2017  
Clinical Interests: Neuropsychological assessment, diagnosis, and consultation for children and adolescents with various neurological, genetic, and metabolic disorders. Pre-operative assessment for children and adolescents to establish candidacy for epilepsy surgery. Screening assessments for children and adolescents following an acquired brain injury.
- Heather Getty     Psychologist, Health/Rehabilitation Track  
St. Joseph's Health Care London - St. Joseph's Hospital  
Ph.D., University of Windsor, 2002  
Clinical Interests: Individual and group psychotherapy; Cognitive behavioural, psychodynamic, and acceptance and commitment-based interventions  
Research Interests: Identification of individuals at heightened risk for dysfunction secondary to pain; Pain self-management strategies related to better adjustment among individuals with chronic pain; Relationship between gender and adjustment in the context of chronic pain conditions
- Karin Gleason     Psychologist, Child/Adolescent Track  
Child and Parent Resource Institute (CPRI)  
Ph.D., University of Western Ontario, 2000  
Clinical Interests: Assessment and treatment of children and youth with complex developmental and mental health needs. Assessment and treatment of mental health problems (anxiety, mood, attachment and behaviour) in children and youth with intellectual disabilities. Adapted CBT. Support for parents of children with special needs; complex, multigeneration family systems. Community consultation and education.

- Gloria Grace      Neuropsychologist, Neuropsychology Track  
London Health Sciences Centre - University Hospital  
Ph.D., University of Victoria, 1990  
Clinical Interests: Neuropsychological assessment of adults with a broad range of neurological disorders. Specific interests: Pre-operative assessment for Deep Brain Stimulation Surgery; Differential diagnosis of dementia; Parkinson's disease and related disorders  
Research Interests: Cognitive impairment in ALS and other motor neuron diseases
- Maya Gupta      Psychologist, Adult Mental Health Track  
London Health Sciences Centre – Victoria Hospital  
Ph.D., Queen's University, 2016  
Clinical Interests: Psychological intervention and assessment of youth and young adults with a primary psychotic disorder and various related comorbidities (e.g., trauma, social anxiety, mood, OCD, personality). Therapeutic orientation is client-centered and integrative; cognitive behavioural therapy, interpersonal therapy, mindfulness-based cognitive therapy, and acceptance commitment therapy.  
Research Interests: Evaluation of a Voice Hearers group; Family dynamics in early psychosis; Real-world functional outcomes and recovery in psychosis
- Brendan Guyitt      Psychologist, Adult Mental Health Track; Site Coordinator  
London Health Sciences Centre - Victoria Hospital  
Ph.D., University of New Brunswick, 2011  
Clinical Interests: CBT; Mood and anxiety disorders; Personality disorders; Case formulation; Program evaluation  
Research Interests: Understanding beliefs and belief change; Cognitive processes in depression and anxiety
- Michael Harnadek      Neuropsychologist, Neuropsychology Track  
London Health Sciences Centre - University Hospital  
Ph.D., University of Windsor, 1993  
Clinical Interests: Neuropsychological assessment of adults following stroke, concussion (with post-concussion syndrome) or who have acquired degenerative cognitive disorders. Specific interests: Concussion, Post-concussion syndrome; Stroke; Evaluation of response bias  
Research Interests: Cognitive impairment following transient ischemic attack and minor stroke; Response bias in psychological testing
- Jeremy Harrison      Psychologist, Adult Mental Health Track  
St. Joseph's Health Care London – Parkwood Institute  
Psy.D., Florida Institute of Technology, 2005  
Board Certified in Clinical Psychology  
American Board of Professional Psychology (ABPP)  
Clinical Interests: Psychological assessment and treatment of adults with persistent mental illnesses; Cognitive behavioural therapy approaches; Integrative approaches to psychotherapy  
Research Interests: Applied research; Psychotherapy effectiveness

Brent Hayman-Abello	<p>Neuropsychologist, Neuropsychology Track; Director of Clinical Training London Health Sciences Centre - University Hospital Ph.D., University of Windsor, 2003 <u>Clinical Interests:</u> Neuropsychological assessment of adults with neurological disorders, with specific interests in epilepsy, stroke, and dementia; Impact of epilepsy on cognitive and daily living abilities <u>Research Interests:</u> Cognitive change following epilepsy surgery; Compensatory strategy training for persons with cognitive impairments</p>
Susan Hayman-Abello	<p>Neuropsychologist, Neuropsychology Track; Track Co-Coordinator London Health Sciences Centre - University Hospital Ph.D., University of Windsor, 2006 <u>Clinical Interests:</u> Neuropsychological assessment of adults and adolescents with neurological disorders, with specific interests in epilepsy and pre-surgical evaluations <u>Research Interests:</u> Discrepancies in subjective and objective memory impairment; cerebral localization of cognitive dysfunction and prediction of post-surgical changes; Issues associated with repeated neuropsychological assessments</p>
Marnin Heisel	<p>Psychologist, Adult Mental Health Track London Health Sciences Centre - Victoria Hospital Ph.D., York University, 2001 <u>Clinical Interests:</u> Assessment and treatment of adults and older adults with mood disorders and at elevated risk for suicide; Interpersonal/psychodynamic and humanistic/existential psychotherapy <u>Research Interests:</u> Study and prevention of suicide among older adults including improving the identification of older adults at-risk for suicide; Testing models of late-life suicide risk and resiliency and developing and evaluating suicide risk assessment measures and methods; Enhancing treatment provision by developing and testing interventions with depressed and/or suicidal older adults; Enhancing healthcare provider knowledge of late-life suicide prevention by developing clinical guidelines and knowledge translation tools and evaluating with respect to dissemination, training, and uptake</p>
Nicole Herrington	<p>Psychometrist, Neuropsychology Track London Health Sciences Centre – University Hospital B.A. (Honours), University of Western Ontario, 2014 <u>Clinical Interests:</u> Neuropsychological assessment of adults and elderly individuals with a broad range of cognitive, emotional and behavioural dysfunction resulting from brain impairment.</p>

Marilyn Hill	<p>Psychologist, Health/Rehabilitation Track St. Joseph's Health Care London - St. Joseph's Hospital Ph.D., University of British Columbia, 1996 <u>Clinical Interests:</u> Cognitive behavioural therapy (individual and group); Interprofessional chronic pain management groups for a wide variety of chronic pain conditions; Stress management; EMG biofeedback; Impact of chronic illness on sexual functioning; Assessment and treatment of depression associated with chronic illness; Relapse prevention <u>Research Interests:</u> Interprofessional chronic disease/chronic pain management; and variables predicting treatment outcome</p>
Tevya Hunter	<p>Psychologist, Adult Mental Health Track St. Joseph's Health Care London – Parkwood Institute Ph.D., University of Manitoba, 2017 <u>Clinical Interests:</u> Assessment and treatment of post-traumatic stress disorder and other psychological disorders related to workplace injuries &amp; traumas; therapy focused on identity, self-acceptance, and adjustment to life transitions <u>Research Interests:</u> Women's experience of burn injury; resiliency; traumatic injury</p>
Vanessa Huyder	<p>Psychologist, Child/Adolescent Track; Track Co-Coordinator Vanier Children's Services Ph.D., University of Waterloo, 2015 <u>Clinical Interests:</u> Clinical assessment and treatment of children and youth presenting with developmental trauma and attachment issues, neurodevelopmental disorders, learning disabilities, anxiety and mood disorders, and behavioural difficulties. Working with children, youth, guardians, and community providers to better understand strengths and needs in order to inform treatment and supports. <u>Research Interests:</u> Exploring the role of executive functions, theory of mind and verbal skills in the development of children's social skills, particularly in those presenting with disruptive behaviours.</p>
Tony Iezzi	<p>Psychologist, Health/Rehabilitation Track London Health Sciences Centre - Victoria Hospital Ph.D., University of Georgia, 1989 Fellow of the Canadian Psychological Association <u>Clinical Interests:</u> Assessment and management of chronic pain and trauma <u>Research Interests:</u> Psychological adjustment to medical conditions; Comorbidity of physical and psychological symptoms; Identification of early psychological risk factors in the development of medical conditions</p>
Lorraine Janzen	<p>Psychometrist, Neuropsychology Track London Health Sciences Centre - Children's Hospital / Victoria Hospital M.A.Sc., University of Waterloo, 1985 <u>Clinical Interests:</u> Neuropsychological assessment of children treated for childhood cancer, traumatic brain injury as well as neurological or neurosurgical conditions and genetic or metabolic disorders</p>

- Patricia Jordan Psychologist, Child/Adolescent Track  
Child and Parent Resource Institute (CPRI)  
Ph.D., University of Western Ontario, 2012  
Clinical Interests: Assessment and treatment of children and adolescents with complex mental health needs, including non-suicidal self-injury and Cluster B personality traits; Models of service delivery for residential treatment; developmental trauma and attachment; assessment and consultation regarding sexualized behaviour; Dialectical Behaviour Therapy, Cognitive Behaviour Therapy
- Abirami Psychologist (Supervised Practice), Child/Adolescent Track  
Kandasamy London Health Sciences Centre - Children's Hospital  
PhD, University of Windsor, 2019  
Clinical Interests: Child development, program evaluation, development of innovative/novel interventions and assessment tools, CBT; DBT  
Research Interest: designing, implementing, and validating innovative/novel interventions and assessment tools.
- Ann Klinck Psychological Associate, Child/Adolescent & Health/Rehabilitation Tracks  
London Health Sciences Centre - Children's Hospital / Victoria Hospital  
M.A.Sc., University of Waterloo, 1991  
Clinical Interests: Counselling with families and consultation with schools regarding educational needs of paediatric cancer patients and siblings; Counselling, support and advocacy for childhood cancer survivors with treatment-related learning challenges  
Research Interests: Long-term cognitive effects of paediatric cancer treatment; Long-term educational outcomes for childhood cancer survivors
- Andrea Lazosky Neuropsychologist, Neuropsychology Track  
London Health Sciences Centre - Victoria Hospital  
Ph.D., Rosalind Franklin University of Medicine and Science, 1990  
Board Certified in Clinical Neuropsychology  
American Board of Professional Psychology (ABPP)  
Clinical Interests: Neuropsychological assessment and diagnosis of individuals with known or suspected brain impairment. Specific interests: Multiple trauma (including traumatic brain injury); Effects of systemic illness and infection on brain function; Brain tumours; Psychosocial rehabilitation  
Research Interests: Neurological and emotional outcome following severe septic illness; Assessment of decision making capacity; disorders of consciousness in patients using brain-computer interface neuroimaging in the vegetative state

David LeMarquand	<p>Psychologist, Adult Mental Health Track Assistant Director of Clinical Training St. Joseph's Health Care London – Parkwood Institute Ph.D., McGill University, 1998 Board Certified in Clinical Psychology, American Board of Professional Psychology (ABPP) <u>Clinical Interests:</u> Psychological assessment, individual and group psychotherapy for individuals with concurrent severe and persistent mental (affective, psychotic, personality) and substance use disorders who are outpatients in a tertiary care hospital setting; Theoretical approaches utilized include interpersonal, cognitive-behavioural <u>Research Interests:</u> Neurobiology of impulse control, aggression, psychotherapy outcome in personality-disordered individuals</p>
Sheila Linseman	<p>Psychometrist, Adult Mental Health Track St. Joseph's Health Care London – Parkwood Institute M.A., Counselling Psychology, University of Western Ontario, 2016, B.A. (Honours), Wilfred Laurier University, 1993 <u>Clinical Interests:</u> Vocational, cognitive, and personality assessment <u>Research Interests:</u> Help-seeking and workplace psychological safety, teacher mental health</p>
Cathy Maan	<p>Psychologist, Child/Adolescent and Health/Rehabilitation Tracks London Health Sciences Centre - Children's Hospital / Victoria Hospital Ph.D., University of Saskatchewan, 1994 <u>Clinical Interests:</u> Paediatric oncology; Paediatric critical care; Paediatric consultation-liaison; Family and child adjustment to acute and chronic illnesses and developmental disorders</p>
Julia MacKinley	<p>Psychometrist, Adult Mental Health Track St. Joseph's Health Care London – Parkwood Institute M.Sc. University of Edinburgh, 2015 <u>Clinical Interests:</u> Cognitive and personality assessment; psychometric test measures</p>
Nadia Maiolino	<p>Psychologist (Supervised Practice), Adult Mental Health Track London Health Sciences Centre - Victoria Hospital Ph.D., Western University, 2020 <u>Clinical Interests:</u> Assessment and treatment of adults with trauma and stress-related disorders. Group/individual therapy and evidence-based treatment for PTSD including cognitive processing therapy (CPT) and prolonged exposure (PE). Clinical decision-making and biases in delivering empirically supported treatments for PTSD. Program development and evaluation in acute mental health care settings. <u>Research interests:</u> PTSD; trauma-focused therapy; cognitive therapies and theories of psychopathology</p>

- Philip Masson      Psychologist, Adult Mental Health Track  
London Health Sciences Centre - Riverview  
Ph.D., University of Calgary, 2013  
Clinical Interests: Cognitive behavioural therapy, including third wave cognitive behavioural interventions (e.g., dialectical behaviour therapy, acceptance and commitment therapy); Diagnosis and treatment of eating, mood, and anxiety disorders; Working with ambivalence  
Research Interests: Use of technology assisted interventions in adults with eating disorder; Relapse prevention; Defining recovery in eating disorders; Dissemination of empirically supported treatment; Use of self-help and guided self-help treatments; Brief treatment; Program development and evaluation
- Nicola McHale      Psychologist, Adult Mental Health Track  
London Health Sciences Centre- First Episode Mood and Anxiety Program (FEMAP)  
Ph.D., University of New Brunswick, 2015  
Clinical Interests: Assessment and treatment of various mood and anxiety disorders; Early Intervention; Cognitive Behavioural Therapy (CBT); Acceptance and Commitment Therapy (ACT); Mindfulness  
Research Interests: Vulnerability and resiliency factors associated with Major Depressive Disorder (MDD); Emotion Regulation
- Ashley Miles      Neuropsychologist, Neuropsychology Track  
London Health Sciences Centre – University Hospital  
Ph.D., York University 2013  
Clinical Interests: Adult and geriatric neuropsychological assessment, with a focus on pre- and post-surgical assessment of individuals with epilepsy and Parkinson’s disease; Differential diagnosis of neurodegenerative conditions  
Research Interests: Identifying the profile and magnitude of subjective and objective change in neuropsychological functioning following surgical intervention for neurological conditions
- Ian Nicholson      Manager, Departments of Psychology and Audiology  
London Health Sciences Centre  
Ph.D., University of Western Ontario, 1993  
Clinical Interests: Short-term cognitive/cognitive-behavioural treatment of anxiety and affective disorders; Ethics and standard of practice; Models of professional psychology training  
Research Interests: Patterns of psychological funding and utilization

- Steven Orenczuk Psychologist, Operational Stress Injury Clinic, Adult Mental Health Track,  
St. Joseph's Health Care London - Parkwood Institute  
Psy.D., Illinois School of Professional Psychology, 1988  
Clinical Interests: Assessment and intervention for clients admitted to an inpatient  
and outpatient rehabilitation program for individuals having sustained spinal cord  
injuries or other neurological disorders; Treatment of depression, anxiety, pain,  
adjustment to disability issues; Consultation to interprofessional rehabilitation  
team regarding patient and family education; Collaborative injury prevention  
initiatives  
Research Interests: Evidence-based treatment planning and intervention;  
Knowledge transfer and health education initiatives for trauma prevention
- Daniel Peluso Psychologist, Adult Mental Health Track  
St. Joseph's Health Care London – Parkwood Institute, Greater Toronto Area Site  
Ph.D., University of Regina, 2013  
Clinical Interests: Assessment and treatment of PTSD, anxiety disorders, mood  
disorders, and somatic symptom disorders; Cognitive Behavioural Therapy for  
PTSD, mood and anxiety disorders.  
Research Interests: Supervision; posttraumatic stress disorder, anxiety disorders,  
and chronic pain.
- Rhonda Peterson Psychometrist, Child/Adolescent Track  
Child and Parent Resource Institute  
M.A., University of Western Ontario, 2003
- Michelle Pogue Psychometrist, Neuropsychology Track  
London Health Sciences Centre – University Hospital  
B.Sc. (Honours), McMaster University, 2015  
Clinical Interests: Neuropsychological assessment of adults with a suspected or  
confirmed neurological disorder, with specific interests in Alzheimer's disease,  
epilepsy, stroke, and acquired brain injuries  
Research Interests: Impact of treatment on daily functioning and factors that  
contribute to its success
- Peter Prior Psychologist, Health/Rehabilitation Track  
St. Joseph's Health Care London - St. Joseph's Hospital Cardiac Rehabilitation &  
Secondary Prevention Program;  
Associate Scientist, Lawson Health Research Institute  
Ph.D., University of Western Ontario, 1991  
Clinical Interests: Assessment and treatment of cardiovascular patients  
Research Activities: Reliable measurement of individuals' change over cardiac  
rehabilitation; cardiac rehabilitation for secondary prevention with  
cerebrovascular disease; psychological and neurocognitive factors in vascular  
disease conditions; psychological factors in atrial fibrillation; guidelines, quality  
indicators, and standards development for cardiovascular disease prevention and  
management.

- Bonnie Purcell      Psychologist, Adult Mental Health Track; Track Coordinator  
Geriatric Mental Health Program  
London Health Sciences Centre - Victoria Hospital  
Ph.D., Queen's University, 2013  
Clinical Interests: Clinical assessment and treatment with seniors and adults, mood disorders, addictions, neurocognitive disorders, consultation  
Research Interests: Screening, assessment and intervention of alcohol-related problems in older adults
- V. Lynn Rennison    Neuropsychologist, Neuropsychology Track  
London Health Sciences Centre – University Hospital  
Psy.D., Adler School of Professional Psychology, 2004  
American Board of Professional Psychology (ABPP)  
Board Certified in Clinical Neuropsychology  
Clinical Interests: Neuropsychological assessment of adults with known or suspected cognitive impairment secondary to medical or psychiatric illnesses.  
Research Interests: Neuropsychological sequelae following mild traumatic brain injury
- Niki Rielly            Psychologist, Child/Adolescent Track  
Child and Parent Resource Institute (CPRI)  
Ph.D., Queen's University, 2003  
Clinical Interests: Clinical assessment and treatment of children and adolescents with complex mental health problems; Cognitive behaviour therapies including the Collaborative Problem Solving Approach  
Research Interests: Program evaluation; Intensive service delivery
- Craig Ross            Psychologist, Child/Adolescent Track  
Child and Parent Resource Institute (CPRI)  
Ph.D., University of Windsor, 2011  
Clinical Interests: Outpatient assessment and treatment of children and adolescents with an intellectual disability and mental health and/or behavioural concerns ("dual diagnosis"); Outpatient assessment and treatment of children or adolescents with an Autism Spectrum diagnosis and co-morbid mental health concerns; Functional assessment of challenging behaviours and positive behaviour supports, and modified cognitive-behavioural approaches; Identification of resources and supports for individuals with complex special needs; Working with families, schools and community agencies to support clients; Interprofessional team-work within a biopsychosocial framework  
Research Interests: Use of social media and computer-mediated communication within a social-capital framework; Within clinical populations, use of social media and gaming as a replacement for more traditional forms of social interaction

- Maya Roth      Psychologist, Adult Mental Health Track  
St. Joseph's Health Care London – Parkwood institute, Greater Toronto Area site  
Ph.D., York University, 2009  
Clinical Interests: Assessment and treatment of military-related PTSD and comorbid mood and anxiety disorders and chronic pain, Cognitive Behavioural Therapy interventions for mood and anxiety disorders, dissemination of evidence-based treatment for military-related PTSD  
Research Interests: Treatment outcome in posttraumatic stress disorder, mood disorders, and chronic pain among military and veteran personnel, pain and psychological distress at end of life
- Susan Ruscher      Psychologist, Counselling Track  
Mental Health Care, Health and Wellness - Western University  
Ph.D., University of Western Ontario, 1994  
Clinical Interests: Treatment of adolescents and adults with adjustment, mood and anxiety disorders. Client-centred; integrative; CBT; ACT; Single Session and Brief Therapy  
Research Interests: Therapeutic effectiveness
- Magali Segers      Psychologist, Child/Adolescent Track  
Child and Parent Resource Institute (CPRI)  
Ph.D., York University, 2017  
Clinical Interests: Psychological assessment and treatment of children, adolescents, and their families; Anxiety Disorders; Tourette Syndrome; Obsessive-Compulsive Disorder, Body Focused Repetitive Behaviours (Trichotillomania and Excoriation Disorder); Autism Spectrum Disorder; Cognitive behavioural therapy (CBT); Exposure and Response Prevention (ERP); Comprehensive Behavioural Intervention for Tics (CBIT); Brake Shop Clinic  
Research Interests: Cognitive and sensory processing in Autism Spectrum Disorder; Program Evaluation
- Farida Spencer      Psychologist, Adult Mental Health Track  
St. Joseph's Health Care London – Parkwood Institute  
Ph.D., University of Western Ontario, 1984  
Clinical Interests: Therapy interventions and consultations with an adult psychiatric population with a variety of diagnoses: i.e., schizophrenia, paranoid/psychotic disorders, affective disorders (major depression, bipolar), eating disorders, substance abuse; Treatment of clients diagnosed with personality disorders  
Research Interests: Demonstrating effectiveness in treatment outcomes of Interpersonal Reconstructive Therapy (IRT) approach with difficult to treat clients with diagnoses of personality disorders

Jeff St. Pierre	<p>Psychologist, Child/Adolescent Track; Psychology Professional Practice Lead Child and Parent Resource Institute (CPRI) Ph.D., University of Western Ontario, 1992 <u>Clinical Interests:</u> Tertiary child and family mental health assessment and treatment; Selective Mutism and anxiety; Cognitive behavioural and family therapies (McMaster Model); Real world effectiveness of evidence-based therapies; Supporting children with multiple learning and mental health disabilities; Teaching professionals. <u>Research Interests:</u> Chair of Research Ethics Committee at CPRI; Service usage and outcomes within a system of care for children and youth with high needs; Adverse life events in child and youth mental health; Computer based measurement of Executive Functioning; interRAI Child and Youth Mental Health scales.</p>
Nicole Tilley	<p>Psychometrist, Neuropsychology Track London Health Sciences Centre - University Hospital B.A., University of Windsor, 2014 <u>Clinical Interests:</u> Neuropsychological assessment regarding a broad range of neurological disorders. Specific interests include: brain lesions, schizophrenia, mood disorders, and psychopathy <u>Research Interests:</u> Applied memory research including false memories and imagination inflation</p>
Sandra Ulch	<p>Psychologist, Health/Rehabilitation Track London Health Sciences Centre - University Hospital Ph.D., Queen's University, 1992 <u>Clinical Interests:</u> Assessment and treatment of psychological disorders that occur in the context of complex medical problems; Psychological adjustment to organ transplantation; Adjustment to critical illness; Coping with chronic physical illness; Interprofessional health care in the inpatient medical setting <u>Research Interests:</u> Mood symptoms associated with high dose corticosteroids used to treat relapses in MS; Psychological adjustment to transplantation; Women's mental health</p>
Debbie Vanderheyden	<p>Psychologist, Child/Adolescent Track London Health Sciences Centre - Children's Hospital / Victoria Hospital Ph.D., Queen's University, 1990 <u>Clinical Interests:</u> Psychological assessment and treatment of children and adolescents with eating disorders <u>Research Interests:</u> Treatment of adolescents with eating disorders</p>
Sarah Vernon-Scott	<p>Psychologist, Health/Rehabilitation Track; Track Coordinator London Health Sciences Centre- University Hospital Ph.D., Lakehead University, 2007 <u>Clinical Interests:</u> Assessment, consultation, and treatment of psychological concerns that present in medical settings, cognitive-behavioural treatment of conversion disorder, psychogenic non-epileptic seizures, mood disorders, posttraumatic stress disorder, adjustment to illness, etc. <u>Research Interests:</u> Psychogenic non-epileptic seizures</p>

- Evelyn Vingilis      Psychologist, Director, Population and Community Health Unit  
Western University - Professor, Departments of Family Practice, and Epidemiology  
and Biostatistics at the Schulich School of Medicine  
Ph.D., York University, 1978  
Research Interests: Population and community health and health services; Specific  
Interests: Alcohol, drugs, and traffic safety; At-risk youth; Mental health services;  
Knowledge diffusion and utilization; Survey, policy, and evaluative research
- Sonya Wanklyn      Psychologist, Adult Mental Health Track  
St. Joseph's Health Care London – Parkwood Institute, Greater Toronto Area Site  
Ph.D., Ryerson University, 2016  
Clinical Interests: Assessment and treatment of PTSD and commonly co-occurring  
conditions (e.g., substance use disorders, depression, relationship distress);  
couple therapy for mental health disorders.  
Research Interests: Etiology of co-occurring mental health disorders subsequent  
to traumatic events, and the psychosocial risk and resilience factors for comorbid  
psychopathology, with a particular focus on understanding and treating  
comorbid PTSD and substance use disorders.
- Sandra Zirul      Psychometrist, Neuropsychology Track
