

## CONSORTIUM STAFF BIOSKETCHES

- Rod Balsom                      Psychologist, Adult Mental Health Track  
St. Joseph's Health Care, London - Regional Mental Health Care St. Thomas  
Ph.D., University of Western Ontario, 1999  
Clinical Interests: Psychological assessment and intervention with the seriously and persistently mentally ill inpatient population with a focus on promotion of rehabilitation opportunities; Intervention consists primarily of cognitive behavioural therapy with adults presenting with mood and psychotic disorders.  
Research Interests: Influence of personality factors, such as resilience and negative affectivity, on rehabilitation and recovery among the seriously and persistently mentally ill population.
- Kirk Bates                      Psychologist, Adult Mental Health Track  
St. Joseph's Health Care, London - Regional Mental Health Care London  
Ph.D., University of Windsor, 1989  
Clinical Interests: Assessment and treatment of adult clients with serious mental illness, especially mood and anxiety disorders and those with comorbid substance use; Exploration of issues often underlying "treatment resistance" (e.g., unresolved physical, sexual and emotional abuse/traumas); Use of cognitive restructuring in treatment; Cognitive behaviour therapy of clients with psychotic disorders.  
Research Interests: Use of nutritional supplements in the treatment of mental illnesses.
- Danielle Bedard                Psychologist, Adult Mental Health Track  
London Health Sciences Centre - Victoria Hospital  
Ph.D., University of Toronto, 2008  
Clinical Interests: Comprehensive psychological assessment; Trauma and post-traumatic stress disorder; Cognitive behavioural therapy for adults with mood and anxiety disorders.  
Research Interests: Clients' emotional processing; Psychotherapy process and outcome.
- Ed Black                        Psychologist, Adult Mental Health Track  
St. Joseph's Health Care, London - Regional Mental Health Care London  
Ph.D., University of Manitoba, 1979  
Clinical Interests: Psychological assessment and treatment of seniors with psychiatric disorders; Cognitive behaviour therapy with the elderly.  
Research Interests: Cognition, depression and financial capacity in the elderly; Program development and evaluation.
- Adèle Blennerhassett        Psychometrist, Adult Mental Health Track  
St. Joseph's Health Care, London - Regional Mental Health Care St. Thomas  
M.A., University of Waterloo, 1983  
Clinical Interests: Cognitive behavioural therapy, with special interests in chronic pain management (both group and individual); Substance abuse assessment and treatment.  
Research Interests: Pilot data for the usefulness of a chronic pain rating scale as an outcome measure and as a monitoring tool.

- Gani Braimoh            Psychologist, Child/Adolescent Track  
Child and Parent Resource Institute (CPRI)  
Psy.D., Adler School of Professional Psychology, 2006  
Clinical Interests: Bipolar clinic lead; Parents of children with bipolar disorder;  
Cognitive behavioural therapy; Adlerian psychology; Community psychology.
- Susan Bryant            Psychologist, Child/Adolescent Track  
Child and Parent Resource Institute (CPRI)  
Ph.D., University of Western Ontario, 1987  
Clinical Interests: Infants and young children at risk for or identified with  
developmental and/or physical disabilities; Sexuality education for children  
and adolescents.
- Gita Canaran            Psychological Associate, Adult Mental Health Track  
St. Joseph's Health Care, London - Regional Mental Health Care St. Thomas  
M.A., Lakehead University, 1994  
Clinical Interests: Assessment and treatment of complex trauma and traumatic  
psychosis within a Recovery Model including CBTp and trauma-specific  
therapies.  
Research Interests: Neurocognitive assessment in psychosis.
- Jason Carr                Psychologist, Adult Mental Health Track  
London Health Sciences Centre - Victoria Hospital  
Ph.D., University of British Columbia, 2003  
Clinical Interests: Neurocognitive assessment to guide treatment and return to  
school or work amongst individuals with psychiatric disorders, especially  
schizophrenia; Psychotherapy with adolescents and adults presenting with  
anxiety, mood, psychotic, and substance-related concerns; Early intervention;  
CBT; Mindfulness; Motivational interviewing; Peer volunteers and the  
facilitation of engagement/treatment; Group treatments for addiction.  
Research Interests: Substance misuse in early schizophrenia; Neurocognitive  
functioning in psychiatric illnesses, especially schizophrenia.
- Jeff Carter                Psychologist, Child/Adolescent Track  
Vanier Children's Services  
Ph.D., University of Western Ontario, 2000  
Clinical Interests: Clinical assessment and treatment with children,  
adolescents, and their families; Childhood trauma; Parents' mental health;  
Clinical supervision and consultation.  
Research Interests: Data-driven practice and program evaluation; Prevention  
and management of dangerous behaviour
- Danielle Cataudella    Psychologist, Child/Adolescent and Health/Rehabilitation Tracks  
London Health Sciences Centre - Children's Hospital/ Victoria Hospital  
Psy.D., Nova Southeastern University, 2002  
Clinical Interests: Acute stress disorder in parents of medically fragile children;  
Anticipatory anxiety and depression in children and adolescents being treated  
for cancer; Somatoform presentations with comorbid medical conditions;  
Psychological sequelae in childhood cancer survivors; Sudden and prolonged  
death of a child; Sibling bereavement during childhood and parental traumatic  
stress reactions following the death of a child.  
Research Interests: Paediatric palliative care; Psychological acute and late  
effects of childhood cancer.

- Lee Ann Charlton-Case Psychologist, Child/Adolescent Track  
St. Joseph's Health Care, London – Regional Mental Health Care London  
Ph.D., Harvard University, 1992  
Clinical Interests: Cognitive and dialectical behaviour therapy approaches with adolescents.  
Research Interests: Therapeutic effectiveness.
- Kerry Collins Psychologist, Child/Adolescent Track  
London Health Sciences Centre – Children's Hospital/Victoria Hospital  
Ph.D., University of Windsor, 2003  
Clinical Interests: Assessment and intervention with children, adolescents, and families; Evidence-based practice for mood and anxiety disorders; Program development and evaluation.  
Research Interests: Prevention and treatment of adolescent depression; Information processing and cognitive organization in depression.
- Jennifer Crotogino Psychologist, Child/Adolescent Track  
Child and Parent Resource Institute (CPRI)  
Ph.D., McGill University, 2002  
Clinical Interests: Assessment and treatment of children and adolescents with both a developmental disability and a mental health or behavioural disorder, with a strong emphasis on a behavioural approach.
- Kathryn Dance Psychologist, Counselling Track  
Student Development Centre, The University of Western Ontario  
Ph.D., The University of Western Ontario, 1991  
Clinical Interests: Trauma and PTSD, clinical implications of attachment theory, relational theory, LGBT issues in psychotherapy
- Paul Derry Psychologist, Health/Rehabilitation Track  
London Health Sciences Centre - University Hospital  
Ph.D., University of Western Ontario, 1981  
Clinical Interests: Personality and psychosocial problems in epilepsy, and in other neurological disorders. Specific interests: Psychological adjustment in epilepsy; Assessment and treatment of personality, mood, and coping; Deafness and cochlear implants.  
Research Interests: Quality of life, psychosocial adjustment, and coping with epilepsy and epilepsy surgery; MMPI-2.
- Andrea Downie Neuropsychologist, Neuropsychology Track  
London Health Sciences Centre - Children's Hospital/ Victoria Hospital  
Ph.D., Queen's University, 2000  
Clinical Interests: Neuropsychological assessment, diagnosis, and consultation of children treated for childhood cancer, as well as neurological, genetic, and metabolic disorders.  
Research Interests: Academic and cognitive sequelae of the treatments for Acute Lymphoblastic Leukemia (ALL); Social functioning in children treated for brain tumours and ALL; Attention deficit hyperactivity disorder.

- Stephanie Dubois      Psychologist, Adult Mental Health Track  
St. Joseph's Health Care, London - Regional Mental Health Care London  
Ph.D., Ball State University, 2003  
Clinical Interests: Utilizing Narrative therapy, Interpersonal Therapy and Sensorimotor psychotherapy with hearing and deaf individuals with serious mental illness and trauma; Informed by countertransference-transference issues; Working alliance and process of change; Supervision emphasis on professional identity, mentoring, and advocacy.  
Research Interests: Correlation between neuroimaging and psychological assessment.
- Julie Eichstedt      Psychologist, Child/Adolescent Track  
Child and Adolescent Mental Health Care Program, Outpatients  
Children's Hospital/Victoria Hospital, London Health Sciences Centre  
Ph.D., Concordia University, 2002  
Clinical Interests: Psychological assessment and treatment of children, adolescents, and their families; Mood and anxiety disorders; Cognitive behavioural therapy.  
Research Interests: Program evaluation, mood and anxiety disorders in children and adolescents.
- Connie Ellis      Psychometrist, Adult Mental Health Track  
St. Joseph's Health Care, London - Regional Mental Health Care London  
B.A.(Honours), University of Western Ontario, 2005  
Clinical Interests: Mood disorders; Adolescent and young adult psychopathology.  
Research Interests: Sex and marriage counselling; Psychometric test measures; Axis-II disorders.
- Elsbeth Evans      Psychologist, Counselling Track  
Student Development Centre, The University of Western Ontario  
Ph.D., The University of Western Ontario, 2008  
Clinical Interests: Treatment of adolescents and adults with mood and anxiety disorders; Mindfulness meditation; Parenting capacity; Integrative approaches to psychotherapy  
Research Interests: Adult attachment, mental health and trauma; Mindfulness meditation in a university population
- Laura Fazakas-DeHoog      Psychologist, Adult Mental Health Track  
St. Joseph's Health Care, London - Regional Mental Health Care St. Thomas  
Ph.D., University of Western Ontario, 2007  
Clinical Interests: Psychological profiling; Assessment and treatment of trauma and complicated grief; Treatment of severe pathology and personality disorders.  
Research Interests: Prediction of violent recidivism in the forensic population; Effective treatment of trauma and complicated grief; Psychotherapy for psychotic disorders; Prediction of violent and self destructive behaviour; Design and test an integrative model of suicidal thinking and behaviour within a clinical population.

- Jennifer Fogarty      Neuropsychologist, Neuropsychology Track  
St. Joseph's Health Care, London - Parkwood Hospital  
Ph.D., University of Waterloo, 2001  
Clinical Interests: Diagnostic neuropsychological assessment of adult and elderly individuals with a spectrum of cognitive impairments from mild cognitive impairment to early stage dementia; Primarily outpatient work but also consultation to long term care regarding behavioural management of clients with dementia who are displaying challenging behaviours; Consultation to Community Care Access Centre staff in nine counties throughout southwest Ontario; Cognitive rehabilitation group work for elderly individuals with mild cognitive impairment.  
Research Interests: Program evaluation; Predicting driving safety in the elderly; Cognitive rehabilitation and predicting post-operative cognitive decline.
- Judith Francis      Psychologist, Health/Rehabilitation Track  
London Health Sciences Centre - South Street Hospital  
Ph.D., Dalhousie University, 1999  
Clinical Interests: Assessment and treatment of cardiovascular patients, developing programs for women with cardiovascular disease.  
Research Interests: Factors affecting women's access and participation in rehabilitation and secondary prevention programs following a cardiac event or stroke, psychosocial issues affecting women with cardiovascular disease.
- Paul Frewen      Psychologist, Adult Mental Health Track  
London Health Sciences Centre – Victoria Hospital  
Ph.D., University of Western Ontario, 2008  
Clinical Interests: Trauma-focused Psychotherapy, CBT, and Process-Experiential Psychotherapy.  
Research Interests: Neuroimaging in trauma patients.
- Walter Friesen      Psychologist, Adult Mental Health Track  
London Health Sciences Centre - Victoria Hospital  
Ph.D., Simon Fraser University, 1988  
Clinical Interests: Group psychotherapy; Dialectical behaviour therapy; Integrational models of psychotherapy.
- Heather Getty      Psychologist, Health/Rehabilitation Track  
St. Joseph's Health Care, London - St. Joseph's Hospital  
Ph.D., University of Windsor, 2002  
Clinical Interests: Individual and group psychotherapy; Cognitive behavioural, psychodynamic, and acceptance and commitment-based interventions.  
Research Interests: Identification of individuals at heightened risk for dysfunction secondary to pain; Pain self-management strategies related to better adjustment among individuals with chronic pain: Relationship between gender and adjustment in the context of chronic pain conditions.
- Maggie Gibson      Psychologist, Health/Rehabilitation Track  
St. Joseph's Health Care, London - Parkwood Hospital  
Ph.D., University of Western Ontario, 1987  
Clinical Interests: Geropsychology issues; Clinical program development.  
Research Interests: Health issues for older adults; Health service research.

- Shannon Gifford      Psychologist, Adult Mental Health Track  
St. Joseph's Health Care, London - Parkwood Hospital  
Ph.D., University of Waterloo, 2006  
Clinical Interests: Assessment and treatment of post-traumatic stress disorder and other psychological difficulties related to military service; Cognitive behavioural therapy for adults with anxiety disorders.  
Research Interests: Treatment outcome in complex post-traumatic stress disorder; Trauma-related sleep disturbances.
- Karin Gleason      Psychologist, Child/Adolescent Track  
Child and Parent Resource Institute (CPRI)  
Ph.D., University of Western Ontario, 2000  
Clinical Interests: Psychological assessment and treatment of children with Intellectual Disabilities and emotional disorders (anxiety, mood, and attachment); Residential treatment of children with Intellectual Disabilities and behaviour disorders; Behavioural feeding disorders.
- Erica Gold      Psychologist, Child/Adolescent and Health/Rehabilitation Tracks  
London Health Sciences Centre - Children's Hospital/ Victoria Hospital  
Ph.D., University of Manitoba, 1986  
Clinical Interests: Children and families coping with chronic illness and health problems; Pain management, especially management of children's headaches; Stress management; Mood disorders; Anxiety disorders.
- Esther Goldberg      Psychologist, Child/Adolescent Track; Site Coordinator  
Vanier Children's Services  
Ph.D., University of Western Ontario, 2003  
Clinical Interests: Assessment of and intervention with children with cognitive, behavioural, and/or social-emotional difficulties; Working with parents, teachers, and child workers to better understand the need of this clinical population.  
Research Interests: Mental health learning needs of parents and teachers/school personnel.
- Cathy Gouchie      Psychological Associate, Neuropsychology Track  
London Health Sciences Centre - University Hospital  
M.A., University of Western Ontario, 1990  
Clinical Interests: Neuropsychological assessment of adults referred from General Medicine, Cardiology, or Transplant Unit (e.g., transplant patients, cardiac arrest patients, dialysis patients, patients who may have a dementing condition).
- Gloria Grace      Neuropsychologist, Neuropsychology Track  
London Health Sciences Centre - University Hospital  
Ph.D., University of Victoria, 1990  
Clinical Interests: Neuropsychological assessment of adults with a broad range of neurological disorders. Specific interests: Amyotrophic Lateral Sclerosis (ALS) and Primary Lateral Sclerosis (PLS); Frontotemporal Dementia; Parkinson's disease and related disorders.  
Research Interests: Cognitive impairment in ALS and other motor neuron diseases.

- Michael Harnadek      Neuropsychologist, Neuropsychology Track  
London Health Sciences Centre - University Hospital  
Ph.D., University of Windsor, 1993  
Clinical Interests: Neuropsychological assessment of adults following stroke, or who have acquired or degenerative cognitive disorders. Specific interests: Stroke; Evaluation of response bias.  
Research Interests: Cognitive impairment following transient ischemic attack and minor stroke; Response bias in psychological testing.
- Jeremy Harrison      Psychologist, Adult Mental Health Track  
St. Joseph's Health Care, London - Regional Mental Health Care London  
Psy.D., Florida Institute of Technology, 2005  
Clinical Interests: Psychological assessment and treatment of adults; Therapeutic relationship & cognitive behavioural therapy with adults; Integrative approaches to psychotherapy.  
Research Interests: Applied research; Psychotherapy effectiveness.
- Veronica Hauser      Psychometrist, Adult Mental Health Track  
St. Joseph's Health Care, London - Regional Mental Health Care London  
M.A., University of Waterloo, 1977  
Clinical Interests: Cognitive Behavioral Therapy (anxiety and depression); Jungian psychology.  
Research Interests: Program development and evaluation.
- Brent Hayman-Abello      Neuropsychologist, Neuropsychology Track  
London Health Sciences Centre - University Hospital  
Ph.D., University of Windsor, 2003  
Clinical Interests: Neuropsychological assessment of adults with neurological disorders, with specific interests in epilepsy, stroke and dementia; Impact of epilepsy on cognitive and daily living abilities.  
Research Interests: Cognitive change following epilepsy surgery; Compensatory strategy training for persons with cognitive impairments.
- Susan Hayman-Abello      Neuropsychologist, Neuropsychology Track  
London Health Sciences Centre - University Hospital  
Ph.D., University of Windsor, 2006  
Clinical Interests: Neuropsychological assessment of adults and adolescents with neurological disorders, with specific interests in epilepsy and pre-surgical evaluations.  
Research Interests: Discrepancies in subjective and objective memory impairment; Cerebral localization of cognitive dysfunction and prediction of post-surgical changes; Issues associated with repeated neuropsychological assessments.

- Marnin Heisel  
Psychologist, Adult Mental Health Track  
London Health Sciences Centre - Victoria Hospital  
Ph.D., York University, 2001  
Clinical Interests: Assessment and treatment of adults and older adults with mood disorders and at elevated risk for suicide; Interpersonal/psychodynamic and humanistic/existential psychotherapy.  
Research Interests: Study and prevention of suicide among older adults including improving the identification of older adults at-risk for suicide; Testing models of late-life suicide risk and resiliency and developing and evaluating suicide risk assessment measures and methods; Enhancing treatment provision by developing and testing interventions with depressed and/or suicidal older adults; Enhancing healthcare provider knowledge of late-life suicide prevention by developing clinical guidelines and knowledge translation tools and evaluating with respect to dissemination, training, and uptake.
- Marilyn Hill  
Psychologist, Health/Rehabilitation Track  
St. Joseph's Health Care, London - St. Joseph's Hospital  
Ph.D., University of British Columbia, 1996  
Clinical Interests: Cognitive behavioural therapy (individual and group) - health psychology; Interprofessional treatment groups for rheumatological conditions; Pain management; Stress management; EMG biofeedback; Assertive communication; Impact of chronic illness on sexual functioning; Assessment & treatment of depression associated with chronic illness; Relapse prevention.  
Research Interests: Interprofessional treatment of chronic pain & variables predicting treatment outcome; Efficacy of web-based follow-up treatment services for improving long-term treatment outcome; Stereotypes regarding individuals with chronic pain and illness.
- Trevor Hjertaas  
Psychologist, Adult Mental Health Track  
St. Joseph's Health Care, London - Regional Mental Health Care London  
Psy.D., Adler School of Professional Psychology, 2003  
Clinical Interests: Psychological assessment and treatment of individuals with psychiatric and personality disorders, as well as those dually-diagnosed with mental illness and substance abuse.  
Research Interests: Psychological treatment of major mental illness; Adlerian theory as it relates to other contemporary models; Use of art and literature to further the comprehension and treatment of psychological disturbances.
- Janice Howell  
Psychometrist, Neuropsychology Track  
London Health Sciences Centre - University Hospital  
M.A., University of Waterloo, 1982  
Clinical Interests: Neuropsychological assessments of epilepsy patients who are candidates for neurosurgery; Neuropsychological assessments of patients with Parkinson's Disease, patients who are candidates for pallidotomy surgery or Deep Brain Stimulation implants; Sodium Amytal memory testing.  
Research Interests: Examination of the efficacy of neuropsychology tests that measure frontal lobe function with epilepsy patients who show frontal lobe electroencephalographic dysfunction.

- Gail Hutchinson      Psychologist, Counselling Track  
Director, Student Development Centre, The University of Western Ontario  
Ph.D., University of Western Ontario, 1976  
Clinical Interests: Eclectic therapy model including cognitive-behavioural, DBT, EMDR, neurofeedback and psychodynamic approaches. Special interest in assessment and treatment of trauma and abuse.  
Research Interests: Abuse experiences in a university and college student population.
- Tony Iezzi            Psychologist, Health/Rehabilitation Track  
London Health Sciences Centre - South Street Hospital  
Ph.D., University of Georgia, 1989  
Fellow of the Canadian Psychological Association  
Clinical Interests: Assessment and management of chronic pain and trauma.  
Research Interests: Psychological adjustment to medical conditions; Comorbidity of physical and psychological symptoms; Identification of early psychological risk factors in the development of medical conditions
- Lorraine Janzen      Psychometrist, Neuropsychology Track  
London Health Sciences Centre - Children's Hospital/ Victoria Hospital  
M.A.Sc., University of Waterloo, 1985  
Clinical Interests: Neuropsychological assessment of children referred from paediatric oncology, neurology/neurosurgery and the acquired brain injury service.
- Heather Jacques      Psychologist, Child/Adolescent Track  
London Health Sciences Centre – Children's Hospital/Victoria Hospital  
Ph.D., University of Calgary, 2008  
Clinical Interests: Assessment and treatment (primarily cognitive-behavioural) of internalizing disorders with high-risk youth; Empirically supported treatments; Multisystemic therapy.  
Research Interests: Young women's identity formation; Gender differences in mental health; Attachment and resiliency; Program evaluation.
- Mustaq Khan         Psychologist, Adult Mental Health Track  
St. Joseph's Health Care, London - Regional Mental Health Care London  
Ph.D., University of Western Ontario, 1989  
Clinical Interests: Diagnosis and treatment of mood disorders (bipolar, major depressive).  
Research Interests: Pharmacotherapy effectiveness in the treatment of mood disorders.
- Ann Klinck            Psychological Associate, Child/Adolescent and Health/Rehabilitation Tracks  
London Health Sciences Centre - Children's Hospital/ Victoria Hospital  
M.A.Sc., University of Waterloo, 1991  
Clinical Interests: Counselling with families and consultation with schools regarding educational needs of paediatric cancer patients and siblings; Counselling, support and advocacy for childhood cancer survivors with treatment-related learning challenges.  
Research Interests: Long-term cognitive effects of paediatric cancer treatment; Long-term educational outcomes for childhood cancer survivors.

- Ann Klinck  
Psychological Associate, Child/Adolescent and Health/Rehabilitation Tracks  
London Health Sciences Centre - Victoria Hospital/Children's Hospital  
M.A.Sc., University of Waterloo, 1991  
Clinical Interests: Counselling with families and consultation with schools regarding educational needs of paediatric cancer patients and siblings; Counselling, support and advocacy for childhood cancer survivors with treatment-related learning challenges.  
Research Interests: Long-term cognitive effects of paediatric cancer treatment; Long-term educational outcomes for childhood cancer survivors.
- Larry Lalone  
Educational Consultant, Adult Mental Health Track  
St. Joseph's Health Care, London - Regional Mental Health Care London  
M.Sc., University of Wisconsin at Madison, 1987  
Clinical Interests: Concurrent Disorders.  
Research Interests: Concurrent Disorders.
- Louise LaRose  
Psychologist, Child/Adolescent Track  
Child and Parent Resource Institute (CPRI)  
Ph.D., University of Western Ontario, 1988  
Board Certified Behavior Analyst-Doctoral (BCBA-D)  
Clinical Interests: Autism and related disorders; Assessment and reduction of problem behaviours; Supervisor of Diagnostic Screening Clinic for Autism Spectrum Disorders.  
Research Interests: Program evaluation; Early diagnosis and screening protocol of pervasive developmental disorder; Cognitive assessment patterns of ASD population; Screening measures for ASD diagnosis.
- Andrea Lazosky  
Neuropsychologist, Neuropsychology Track; Track Coordinator  
London Health Sciences Centre - South Street Hospital  
Ph.D., Rosalind Franklin University of Medicine and Science, 1990  
Board Certified in Clinical Neuropsychology,  
American Board of Professional Psychology (ABPP)  
Clinical Interests: Neuropsychological assessment and diagnosis of individuals with known or suspected brain impairment. Specific interests: Multiple trauma (including traumatic brain injury); Effects of systemic illness and infection on brain function; Brain tumours; Psychosocial rehabilitation.  
Research Interests: Neurological and emotional outcome following severe septic illness; Neuropsychological assessment in the psychosocial rehabilitation of individuals with severe mental disorders.
- David LeMarquand  
Psychologist, Adult Mental Health Track; Track Coordinator  
Board Certified in Clinical Psychology,  
American Board of Professional Psychology  
St. Joseph's Health Care, London - Regional Mental Health Care London  
Ph.D., McGill University, 1998  
Clinical Interests: Psychological assessment, individual and group psychotherapy for individuals with severe and persistent mental disorders (affective, psychotic, personality, substance use) who are in- and outpatients in a tertiary care hospital setting; Theoretical approaches utilized include interpersonal, cognitive-behavioural.  
Research Interests: Neurobiology of impulse control, aggression, psychotherapy outcome in personality-disordered individuals.

- Linette Lindsey Psychometrist, Neuropsychology Track  
London Health Sciences Centre - University Hospital  
B.Sc. (Honours), University of Toronto, 1992  
Clinical Interests: Neuropsychological assessment of patients who are candidates for pallidotomy or Deep Brain Stimulation implants; Psychometric testing in clinical trials.
- Sheila Linseman Psychometrist, Adult Mental Health Track  
St. Joseph's Health Care, London - Regional Mental Health Care London  
B.A. (Honours), Wilfrid Laurier University, 1993  
Clinical Interests: Vocational, cognitive and personality assessment.  
Research Interests: Interpersonal Reconstructive Therapy; Generalized Anxiety Disorder; Learning disabilities; Psychological testing in second language speakers.
- Larry Litman Neuropsychologist, Adult Mental Health Track  
St. Joseph's Health Care, London - Regional Mental Health Care St. Thomas  
Ph.D., York University, 1985  
Clinical Interests: Neuropsychological and forensic psychological assessment and diagnosis; Psycho-legal assessments (e.g., sex offenders, automatism, dangerousness); Pharmacotherapy.  
Research Interests: Personality disorders; Psychopharmacological treatments of and neuropsychological syndromes in violent and criminal offenders.
- Cathy Maan Psychologist, Child/Adolescent and Health/Rehabilitation Tracks  
London Health Sciences Centre - Children's Hospital/ Victoria Hospital  
Ph.D., University of Saskatchewan, 1994  
Clinical Interests: Paediatric oncology; Paediatric critical care; Paediatric consultation-liaison; Family and child adjustment to acute and chronic illnesses and developmental disorders.
- Connie Marshall Psychometrist, Neuropsychology Track  
St. Joseph's Health Care, London - Parkwood Hospital  
B.A. (Honours), University of Western Ontario, 1984  
Clinical Interests: Assessment of persons from both the Acquired Brain Injury and Specialized Geriatric programs.  
Research Interests: Psychometric assessments. Impact of brain injury, recovery and return to optimal functioning.
- Mary Ellen Marshman Psychometrist, Child/Adolescent Track  
Child and Parent Resource Institute (CPRI)  
M.Sc., University of Calgary, 1986  
Clinical Interests: Assessment and intervention related to sexual behaviour problems in children and adolescents; Impact of trauma as it relates to sexual behaviour problems.
- Louise Maxfield Psychologist, Adult Mental Health Track  
London Health Sciences Centre - Victoria Hospital  
Ph.D., Lakehead University, 2003  
Clinical Interests: Assessment and treatment of traumatic sequelae in cognitive, affective, behavioural, somatic, and interpersonal domains; Program development and evaluation.  
Research Interests: Role of affect and interpersonal dysregulation in psychiatric disorders; Information processing; Patient characteristics predicting treatment response; Patient-treatment matching; Identification of active treatment components.
-

- Ann McDermid      Psychologist, Health/Rehabilitation Track  
London Health Sciences Centre - South Street Hospital  
Ph.D., University of Western Ontario, 2001  
Clinical Interests: Assessment and treatment of patients with sleep disorders; Role of psychological factors in predicting treatment outcome in patients with chronic medical conditions; Assessment and treatment of patients with posttraumatic stress disorder following motor vehicle collisions.  
Research Interests: Depression and anxiety in sleep disorders; Role of personality factors in adjustment to chronic medical conditions; Gender differences in coping with chronic pain.
- B. Duncan McKinlay      Psychologist, Child/Adolescent Track Coordinator  
Child and Parent Resource Institute (CPRI)  
Ph.D., University of Waterloo, 2001  
Clinical Interests: Diagnosis and treatment of Tourette Syndrome, Obsessive-compulsive disorder, Attention-deficit/hyperactivity disorder, Oppositional defiant disorder, Intermittent explosive disorder/"rage"; Cognitive and behavioural therapies; Knowledge transfer.  
Research Interests: Behavioural treatment of tic disorders; Peer dymystification; Neurobiology of Tourette Syndrome; Treatment outcome assessment; Effects of symptom interpretation on prognosis.
- Donna McManus      Rehabilitation Counsellor, Adult Mental Health Track  
St. Joseph's Health Care, London - Regional Mental Health Care London  
B.A., University of Western Ontario, 1977  
C.C.R.C. Commission on Rehabilitation Counselor Certification, 1995  
Clinical Interests: Vocational Assessment; Psychosocial Rehabilitation; ADHD; Solution Focused Interventions; Peer Support and Models of Care.
- Fred Meek      Psychologist, Adult Mental Health Track  
St. Joseph's Health Care, London - Regional Mental Health Care St. Thomas  
Ph.D., University of Windsor, 1982  
Clinical Interests: Psychotherapeutic intervention within an eclectic, primary emotional, experientially-oriented, interactive framework.  
Research Interests: Variables affecting psychotherapeutic efficacy.
- Ericka Mirc      Psychological Associate, Child/Adolescent Track  
Vanier Children's Services  
M.A., University of Guelph, 1978  
Clinical Interests: Psychological assessment with children and adolescents with cognitive, learning, behaviour and/or socio-emotional needs; Feedback and intervention with their families and teachers regarding needs of the children; Consultation to interprofessional team members for treatment planning; Short-term and cognitive behavioural models of therapy; Management of anxiety, depression and ADHD; Therapy regarding effects of separation/divorce on children.  
Research Interests: Attachment; Trauma; Effects of parental mental health needs on their children.

- Beth Mitchell                      Psychologist, Adult Mental Health Track  
Director, Mental Health Care Program  
London Health Sciences Centre - Victoria Hospital  
Ph.D., Ohio State University, 1979  
Fellow of the Canadian Psychological Association  
Interests: Planning and implementation of mental health service delivery;  
Evaluation of impact of system change on services and work life; Knowledge  
transfer between research, practice and policy.
- Tatiana Murkin                      Psychotherapist, Counselling Track  
Student Development Centre, University of Western Ontario  
M.A., Adler School of Professional Psychology, 2007  
Clinical Interests: assessment and treatment of Post-Traumatic Stress  
Disorder, complex trauma and personality disorders in adolescent and adult  
clients. Mindfulness based cognitive therapy and short term psychodynamic  
interventions.  
Research Interests: Resilience, neurodevelopmental effects of psychological  
trauma
- Charles Nelson                      Psychologist, Adult Mental Health Track  
St. Joseph's Health Care, London – Parkwood Hospital  
Ph.D., University of North Texas, 2003  
Clinical Interests: Crisis and acute care psychiatry; Cognitive behavioural  
therapy with adults; Pain and recovery from trauma.  
Research Interests: Cardiac rehabilitation and the relationship between  
interpersonal factors and recovery; Cross validation of The Adult Needs and  
Strengths Assessment - Referral Version (ANSA-R) with utilization of  
psychiatric care; Spiritual care as a therapeutic adjunct to the recovery model.
- Christopher Newton                      Psychologist, Health/Rehabilitation Track  
London Health Sciences Centre - University Hospital  
Ph.D., Queen's University, 1985  
Clinical Interests: Infertility; Relationship difficulties; Anxiety; Sexual  
dysfunction. Specific interests: Implications counselling, Integrative marital  
therapy; Male sexual problems; Panic and general anxiety disorder.  
Research Interests: Patient decision-making; Measurement of infertility-  
related stress; Program evaluation.
- Ian Nicholson                      Psychologist, Manager, Psychology Practice, London Health Sciences Centre  
Ph.D., University of Western Ontario, 1993  
Clinical Interests: Short-term cognitive/cognitive behavioural treatment of  
anxiety and affective disorders.  
Research Interests: Patterns of psychological funding and utilization.
- Warren Nielson                      Psychologist, Health/Rehabilitation Track  
Clinical Director, Rheumatology Day Programs  
St. Joseph's Health Care, London - St. Joseph's Hospital  
Ph.D., University of Western Ontario, 1982  
Fellow of the Canadian Psychological Association  
Clinical Interests: Health psychology; Chronic pain; Psychological aspects of  
rheumatic diseases.  
Research Interests: Chronic pain; Cognitive behavioural treatment of  
Fibromyalgia Syndrome; Motivational factors in treatment of chronic pain;  
Psychological aspects of scleroderma.

- Ross Norman                      Psychologist, Adult Mental Health Track  
London Health Sciences Centre - Victoria Hospital  
Ph.D., University of Michigan, 1974  
Fellow of the Canadian Psychological Association  
Clinical Interests: Cognitive behavioural interventions for psychotic disorders and anxiety and stress-related problems; Development and evaluation of service delivery programs for psychotic disorders.  
Research Interests: Cognitive and social aspects of psychosis; Psychosocial interventions for psychosis; Hierarchical and continua models of psychopathology; Program and outcome evaluation; Evaluating the impact of early intervention for psychotic disorders.
- Felicia Otchet                      Psychologist, Adult Mental Health and Health/Rehabilitation Tracks  
London Health Sciences Centre - South Street Hospital  
Ph.D., University of Cincinnati, 1996
