

CONSORTIUM STAFF BIOSKETCHES

- Rod Balsom Psychologist, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, St. Thomas
Ph.D., University of Western Ontario, 1999
Clinical Interests: Psychological assessment and intervention with the seriously and persistently mentally ill inpatient population with a focus on promotion of rehabilitation opportunities; Intervention consists primarily of cognitive behavioural therapy with adults presenting with mood and psychotic disorders.
Research Interests: Influence of personality factors, such as resilience and negative affectivity, on rehabilitation and recovery among the seriously and persistently mentally ill population.
- Kirk Bates Psychologist, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, London
Ph.D., University of Windsor, 1989
Clinical Interests: Assessment and treatment of adult clients with serious mental illness, especially mood and anxiety disorders and those with co-morbid substance use; Exploration of issues often underlying "treatment resistance" (e.g., unresolved physical, sexual and emotional abuse/traumas); Use of cognitive restructuring in treatment; Cognitive behaviour therapy of clients with psychotic disorders.
Research Interests: Use of nutritional supplements in the treatment of mental illnesses.
- Danielle Bedard Psychologist (Supervised Practice), Adult Mental Health Track
London Health Sciences Centre - South Street Hospital
Ph.D., University of Toronto, 2008
Clinical Interests: Comprehensive psychological assessment; Trauma and post-traumatic stress disorder; Cognitive behavioural therapy for adults with mood and anxiety disorders.
Research Interests: Clients' emotional processing; Psychotherapy process and outcome.
- Ed Black Psychologist, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, London
Ph.D., University of Manitoba, 1979
Clinical Interests: Psychological assessment and treatment of seniors with psychiatric disorders; Cognitive behaviour therapy with the elderly.
Research Interests: Cognition, depression and financial capacity in the elderly; Program development and evaluation.
- Adèle Blennerhassett Psychometrist, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, St. Thomas
M.A., University of Waterloo, 1983
Clinical Interests: Cognitive behavioural therapy, with special interests in chronic pain management (both group and individual); Substance abuse assessment and treatment.
Research Interests: Pilot data for the usefulness of a chronic pain rating scale as an outcome measure and as a monitoring tool.

- Gani Braimoh Psychologist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Psy.D., Adler School of Professional Psychology, 2006
Clinical Interests: Bipolar clinic lead; Parents of children with bipolar disorder;
Cognitive behavioural therapy; Adlerian psychology; Community psychology.
- Susan Bryant Psychologist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Ph.D., University of Western Ontario, 1987
Clinical Interests: Residential assessment and treatment of adolescents with
mental health and conduct problems; Sexuality.
- Gita Canaran Psychological Associate, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, St. Thomas
M.A., Lakehead University, 1994
Clinical Interests: Assessment and treatment of complex post-traumatic stress
disorder and associated problems including borderline personality disorder
using cognitive treatment strategies (e.g., CBT, remediation, rehabilitation).
Research Interests: Effects of multisensory relaxation on psychiatric adult
inpatients.
- Jason Carr Psychologist, Adult Mental Health Track
London Health Sciences Centre - South Street Hospital
Ph.D., University of British Columbia, 2003
Clinical Interests: Neurocognitive assessment to guide treatment and return to
school or work amongst individuals with psychiatric disorders, especially
schizophrenia; Psychotherapy with adolescents and adults presenting with
anxiety, mood, psychotic and substance-related concerns; Early intervention;
CBT; Mindfulness; Motivational interviewing.
Research Interests: Substance misuse in early schizophrenia; Neurocognitive
functioning in psychiatric illnesses, especially schizophrenia.
- Jeff Carter Psychologist, Child/Adolescent Track; Consortium Site Representative
Madame Vanier Children's Services
Ph.D., University of Western Ontario, 2000
Clinical Interests: Clinical assessment and treatment with children,
adolescents, and their families; Short-term and intermittent models of therapy;
Parents' mental health.
Research Interests: Program evaluation; Prevention and management of
dangerous behaviour; Formal models of cognitive functioning underlying
psychopathology.
- Danielle Cataudella Psychologist, Child/Adolescent and Health/Rehabilitation Tracks
London Health Sciences Centre - Victoria Hospital/Children's Hospital
Psy.D., Nova Southeastern University, 2002
Clinical Interests: Acute stress disorder in parents of medically fragile children;
Anticipatory anxiety and depression in children and adolescents being treated
for cancer; Somatoform presentations with co-morbid medical conditions;
Psychological sequelae in childhood cancer survivors; Sudden and prolonged
death of a child; Sibling bereavement during childhood and parental traumatic
stress reactions following the death of a child.
Research Interests: Paediatric palliative care; Psychological acute and late
effects of childhood cancer.

- Lee Charlton-Case Psychologist, Child/Adolescent Track
St. Joseph's Health Care, London - Regional Mental Health Care, London
Ph.D., Harvard University, 1992
Clinical Interests: Cognitive and dialectical behaviour therapy approaches with adolescents.
Research Interests: Therapeutic effectiveness.
- Kerry Collins Psychologist, Child/Adolescent Track
London Health Sciences Centre - Victoria Hospital
Ph.D., University of Windsor, 2003
Clinical Interests: Assessment and intervention with children, adolescents, and families; Evidence-based practice for mood and anxiety disorders; Program development and evaluation.
Research Interests: Prevention and treatment of adolescent depression; Information processing and cognitive organization in depression.
- Jennifer Crotagino Psychologist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Ph.D., McGill University, 2002
Clinical Interests: Assessment and treatment of children and adolescents with both a developmental disability and a mental health or behavioural disorder, with a strong emphasis on a behavioural approach.
- Carey Anne DeOliveira Psychologist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Ph.D., University of Western Ontario, 2001
Clinical Interests: Attachment disorders and disturbances in infants and older children/adolescents; Comorbid internalizing and externalizing disorders in children; Trauma and post-traumatic stress disorder: Parent-child (infant) relational therapies; Assessment of infants and toddlers.
Research Interests: Impact of maternal mental health and adjustment on emotional availability and attachment; Defining and treating attachment disorders and disturbances; Emotional development of children at risk.
- Paul Derry Psychologist, Health/Rehabilitation Track
London Health Sciences Centre - University Hospital
Ph.D., University of Western Ontario, 1981
Clinical Interests: Personality and psychosocial problems in epilepsy, and in other neurological disorders. Specific interests: Psychological adjustment in epilepsy; Assessment and treatment of personality, mood, and coping; Deafness and cochlear implants.
Research Interests: Quality of life, psychosocial adjustment, and coping with epilepsy and epilepsy surgery; MMPI-2.
- Andrea Downie Neuropsychologist, Neuropsychology Track
London Health Sciences Centre - Victoria Hospital/Children's Hospital
Ph.D., Queen's University, 2000
Clinical Interests: Neuropsychological assessment, diagnosis, and consultation of paediatric oncology patients.
Research Interests: Long-term academic and cognitive outcome of paediatric cancer survivors and children who were born extremely prematurely, visual and auditory processing deficits in children with reading disorders, attention deficit hyperactivity disorder.
-

- Stephanie Dubois Psychologist, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, London
Ph.D., Ball State University, 2003
Clinical Interests: Utilizing solution focused therapy, Narrative therapy and interpersonal therapy with individuals with serious mental illness; Informed by countertransference-transference issues; Working alliance and process of change; Supervision emphasis on professional identity, mentoring, and advocacy.
Research Interests: Correlation between neuroimaging and psychological assessment.
- Julie Eichstedt Psychologist, Child/Adolescent Track
London Health Sciences Centre - South Street Hospital
Ph.D., Concordia University, 2002
Clinical Interests: Psychological assessment and treatment of children, adolescents, and their families; Mood and anxiety disorders; Cognitive behavioural therapy.
Research Interests: Program evaluation, mood and anxiety disorders in children and adolescents.
- Connie Ellis Psychometrist, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, London
B.A.(Honours), University of Western Ontario, 2005
Clinical Interests: Mood disorders; Adolescent and young adult psychopathology.
Research Interests: Sex and marriage counselling; Psychometric test measures; Axis-II disorders.
- Laura Fazakas-DeHoog Psychologist, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, St. Thomas
Ph.D., University of Western Ontario, 2007
Clinical Interests: Psychological profiling; Assessment and treatment of trauma and complicated grief; Treatment of severe pathology and personality disorders.
Research Interests: Prediction of violent recidivism in the forensic population; Effective treatment of trauma and complicated grief; Psychotherapy for psychotic disorders; Prediction of violent and self destructive behaviour; Design and test an integrative model of suicidal thinking and behaviour within a clinical population.
- Jack Ferrari Psychologist; Consortium Site Representative
Psychology Professional Practice Leader, St. Joseph's Health Care, London
Ph.D. University of Western Ontario, 1981
Clinical Interests: Clinical supervision, both of therapy and of assessments, with a wide range of adult clientele (psychosis, mood and anxiety disorders, personality disorders).
Research Interests: Interprofessional learning; Diagnostic issues, especially as related to conceptualization of psychopathology, and including consideration of mathematical structural modeling of chemical imbalance/learning and development processes.

- Jennifer Fogarty Neuropsychologist, Neuropsychology Track
St. Joseph's Health Care, London - Parkwood Hospital
Ph.D., University of Waterloo, 2001
Clinical Interests: Diagnostic neuropsychological assessment of adult and elderly individuals with a spectrum of cognitive impairments from mild cognitive impairment to early stage dementia; Primarily outpatient work but also consultation to long term care regarding behavioural management of clients with dementia who are displaying challenging behaviours; Consultation to Community Care Access Centre staff in nine counties throughout southwest Ontario; Cognitive rehabilitation group work for elderly individuals with mild cognitive impairment.
Research Interests: Program evaluation; Predicting driving safety in the elderly; Cognitive rehabilitation and predicting post-operative cognitive decline.
- Judith Francis Psychologist, Health/Rehabilitation Track
London Health Sciences Centre - South Street Hospital
Ph.D., Dalhousie University, 1999
Clinical Interests: Assessment and treatment of cardiac patients.
Research Interests: Effects of mood on social information processing; Program evaluation; Gender differences in risk factors related to coronary heart disease.
- Paul Frewen Psychologist, Adult Mental Health Track
London Health Sciences Centre – South Street Hospital
Ph.D., University of Western Ontario, 2008
Clinical Interests: Cognitive therapy for trauma.
Research Interests: Neuroimaging in trauma patients.
- Walter Friesen Psychologist, Adult Mental Health Track
London Health Sciences Centre - South Street Hospital
Ph.D., Simon Fraser University, 1988
Clinical Interests: Group psychotherapy; Dialectical behaviour therapy; Integrational models of psychotherapy.
- Heather Getty Psychologist, Health/Rehabilitation Track
St. Joseph's Health Care, London - St. Joseph's Hospital
Ph.D., University of Windsor, 2002
Clinical Interests: Individual and group psychotherapy; Cognitive behavioural and psychodynamic theory.
Research Interests: Relationship between gender and adjustment in the context of chronic pain conditions; Identification of individuals at heightened risk for dysfunction secondary to pain.
- Maggie Gibson Psychologist, Health/Rehabilitation Track
St. Joseph's Health Care, London - Parkwood Hospital
Ph.D., University of Western Ontario, 1987
Clinical Interests: Geropsychology issues, including: common conditions and disorders (e.g., pain, dementia, depression, behavioural symptoms), health service issues (e.g., end-of-life care, clinical practice guidelines, pain management, institutional design, practice change), and lifespan development (e.g., gender, cohort effects).
Research Interests: Applied research on geropsychology issues.

- Shannon Gifford Psychologist, Adult Mental Health Track
St. Joseph's Health Care, London - Parkwood Hospital
Ph.D., University of Waterloo, 2006
Clinical Interests: Assessment and treatment of post-traumatic stress disorder and other psychological difficulties resulting from or aggravated by military-related trauma; Cognitive behavioural therapy for adults with anxiety disorders
Research Interests: Treatment outcome in complex post-traumatic stress disorder; Client ambivalence about exposure-based treatments; Meta-cognitive beliefs in obsessive-compulsive disorder.
- Karin Gleason Psychologist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Ph.D., University of Western Ontario, 2000
Clinical Interests: Psychological assessment and treatment of children with developmental disabilities and emotional disorders; Feeding disorders; Preschool children with developmental disabilities and behaviour disorders.
- Erica Gold Psychologist, Child/Adolescent and Health/Rehabilitation Tracks
London Health Sciences Centre - Victoria Hospital/Children's Hospital
Ph.D., University of Manitoba, 1986
Clinical Interests: Children and families coping with chronic illness and health problems; Pain management, especially management of children's headaches; Stress management; Mood disorders; Anxiety disorders.
- Esther Goldberg Psychologist, Child/Adolescent Track; Track Coordinator
Madame Vanier Children's Services
Ph.D., University of Western Ontario, 2003
Clinical Interests: Assessment of and intervention with children with cognitive, behavioural, and/or social-emotional difficulties; Working with parents, teachers, and child workers to better understand the need of this clinical population.
Research Interests: Mental health learning needs of parents and teachers/school personnel.
- Cathy Gouchie Psychological Associate, Neuropsychology Track
London Health Sciences Centre - University Hospital
M.A., University of Western Ontario, 1990
Clinical Interests: Neuropsychological assessment of adults referred from General Medicine, Cardiology, or Transplant Unit (e.g., transplant patients, cardiac arrest patients, dialysis patients, patients who may have a dementing condition).
- Gloria Grace Neuropsychologist, Neuropsychology Track
London Health Sciences Centre - University Hospital
Ph.D., University of Victoria, 1990
Clinical Interests: Neuropsychological assessment of adults with a broad range of neurological disorders. Specific interests: Amyotrophic Lateral Sclerosis (ALS) and Primary Lateral Sclerosis (PLS); Frontotemporal Dementia; Parkinson's disease and related disorders.
Research Interests: Cognitive impairment in ALS and other motor neuron diseases.

London Clinical Psychology Residency Consortium 2010-2011

- Michael Harnadek Neuropsychologist, Neuropsychology Track
London Health Sciences Centre - University Hospital
Ph.D., University of Windsor, 1993
Clinical Interests: Neuropsychological assessment of adults following stroke, or who have acquired or degenerative cognitive disorders. Specific interests: Stroke; Evaluation of response bias.
Research Interests: Cognitive consequences from transient ischemic attack; Response bias in psychological testing.
- Rebekah Lynn Harris Psychologist, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, St. Thomas
Ph.D. University of North Texas/Health Science Center, 2008
Clinical Interests: Cognitive behavioural therapy with adult and geriatric populations; Chronic pain management; Neuropsychological evaluations and functional assessments.
Research Interests: Dementia processes, diabetes, pain management (i.e., biofeedback), sensory integration and interprofessional approaches to treatment.
- Jeremy Harrison Psychologist, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, London
Psy.D., Florida Institute of Technology, 2005
Clinical Interests: Psychological assessment and treatment of adults; Therapeutic relationship & cognitive behavioural therapy with adults; Integrative approaches to psychotherapy.
Research Interests: Applied research; Psychotherapy effectiveness.
- Veronica Hauser Psychometrist, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, London
M.A., University of Waterloo, 1977
Clinical Interests: Cognitive behavioural therapy (anxiety, depression, personality disorders); Dialectical behaviour therapy; Solution-focused therapy; Gestalt therapy; Schema therapy; Eye movement desensitization and reprocessing; Hypnosis; Addictions; Psychopathy.
Research Interests: Program development and evaluation, M.A.R.I. Card Test (Jungian psychology and art therapy), Psychology of hunting
- Brent Hayman-Abello Neuropsychologist, Neuropsychology Track
London Health Sciences Centre - University Hospital
Ph.D., University of Windsor, 2003
Clinical Interests: Neuropsychological assessment of adults with neurological disorders, with specific interests in epilepsy, stroke and dementia; Impact of epilepsy on cognitive and daily living abilities.
Research Interests: Cognitive change following epilepsy surgery; Compensatory strategy training for persons with cognitive impairments.
- Susan Hayman-Abello Neuropsychologist, Neuropsychology Track
London Health Sciences Centre - University Hospital
Ph.D., University of Windsor, 2006
Clinical Interests: Neuropsychological assessment of children and adults with neurological disorders, with specific interests in epilepsy and acquired brain injury.
Research Interests: Psychosocial sequelae of traumatic brain injury; Cognitive sequelae of HIV; Issues associated with repeated neuropsychological assessments.
-

- Marnin Heisel
Psychologist, Adult Mental Health Track
London Health Sciences Centre - South Street Hospital
Ph.D., York University, 2001
Clinical Interests: Assessment and treatment of adults and seniors with mood disorders and at elevated suicide risk; Interpersonal/psychodynamic and humanistic/existential psychotherapy.
Research Interests: Risk-detection, assessment, and treatment of late-life depression and suicidality; Cognitive and personality vulnerability to depression and suicide; Psychological resiliency; Test development; Clinical treatment evaluation.
- Marilyn Hill
Psychologist, Health/Rehabilitation Track
St. Joseph's Health Care, London - St. Joseph's Hospital
Ph.D., University of British Columbia, 1996
Clinical Interests: Cognitive behavioural therapy (individual and group) - health psychology; Interprofessional treatment groups for rheumatological conditions; Pain management; Stress management; EMG biofeedback; Assertive communication; Impact of chronic illness on sexual functioning; Assessment & treatment of depression associated with chronic illness; Relapse prevention.
Research Interests: Interprofessional treatment of chronic pain & variables predicting treatment outcome; Efficacy of web-based follow-up treatment services for improving long-term treatment outcome; Stereotypes regarding individuals with chronic pain and illness.
- Trevor Hjertaas
Psychologist, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, London
Psy.D., Adler School of Professional Psychology, 2003
Clinical Interests: Psychological assessment and treatment of individuals with psychiatric and personality disorders, as well as those dually-diagnosed with mental illness and substance abuse.
Research Interests: Psychological treatment of major mental illness; Adlerian theory as it relates to other contemporary models; Use of art and literature to further the comprehension and treatment of psychological disturbances.
- Janice Howell
Psychometrist, Neuropsychology Track
London Health Sciences Centre - University Hospital
M.A., University of Waterloo, 1982
Clinical Interests: Neuropsychological assessments of epilepsy patients who are candidates for neurosurgery; Neuropsychological assessments of patients with Parkinson's Disease, patients who are candidates for pallidotomy surgery or Deep Brain Stimulation implants; Sodium Amytal memory testing.
Research Interests: Examination of the efficacy of neuropsychology tests that measure frontal lobe function with epilepsy patients who show frontal lobe electroencephalographic dysfunction.
- Tony Iezzi
Psychologist, Health/Rehabilitation Track
London Health Sciences Centre - South Street Hospital
Ph.D., University of Georgia, 1989
Fellow of the Canadian Psychological Association
Clinical Interests: Assessment and management of chronic pain and trauma.
Research Interests: Psychological adjustment to medical conditions; Comorbidity of physical and psychological symptoms; Identification of early psychological risk factors in the development of medical conditions.

London Clinical Psychology Residency Consortium 2010-2011

- Lorraine Janzen Psychometrist, Neuropsychology Track
London Health Sciences Centre - Victoria Hospital/Children's Hospital
M.A.Sc., University of Waterloo, 1985
Clinical Interests: Neuropsychological assessment of children referred from paediatric oncology, neurology/neurosurgery and the acquired brain injury service.
- Mustaq Khan Psychologist, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, London
Ph.D., University of Western Ontario, 1989
Clinical Interests: Diagnosis and treatment of mood disorders (bipolar, major depressive).
Research Interests: Pharmacotherapy effectiveness in the treatment of mood disorders.
- Ann Klinck Psychological Associate, Child/Adolescent and Health/Rehabilitation Tracks
London Health Sciences Centre - Victoria Hospital/Children's Hospital
M.A.Sc., University of Waterloo, 1991
Clinical Interests: Counselling with families and consultation with schools regarding educational needs of paediatric cancer patients and siblings; Counselling, support and advocacy for childhood cancer survivors with treatment-related learning challenges.
Research Interests: Long-term cognitive effects of paediatric cancer treatment; Long-term educational outcomes for childhood cancer survivors.
- Larry Lalone Educational Consultant, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, London
M.Sc., University of Wisconsin at Madison, 1987
Clinical Interests: Concurrent Disorders.
Research Interests: Concurrent Disorders.
- Louise LaRose Psychologist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Ph.D., University of Western Ontario, 1988
Board Certified Behavior Analyst-Doctoral (BCBA-D)
Clinical Interests: Autism and related disorders; Reduction of problem behaviours; Family engagement in therapeutic goals; Supervisor of pervasive developmental disorder diagnostic screening clinic.
Research Interests: Program evaluation; Early diagnosis and screening protocol of pervasive developmental disorder.
- Andrea Lazosky Neuropsychologist, Neuropsychology Track; Track Coordinator
London Health Sciences Centre - South Street Hospital
Ph.D., Rosalind Franklin University of Medicine and Science, 1990
Board Certified in Clinical Neuropsychology,
American Board of Professional Psychology (ABPP)
Clinical Interests: Neuropsychological assessment and diagnosis of individuals with known or suspected brain impairment. Specific interests: Multiple trauma (including traumatic brain injury); Effects of systemic illness and infection on brain function; Brain tumours; Psychosocial rehabilitation.
Research Interests: Neurological and emotional outcome following severe septic illness; Neuropsychological assessment in the psychosocial rehabilitation of individuals with severe mental disorders.

- David LeMarquand Psychologist, Adult Mental Health Track; Track Coordinator
St. Joseph's Health Care, London - Regional Mental Health Care, London
Ph.D., McGill University, 1998
Clinical Interests: Psychological assessment, individual and group
psychotherapy for individuals with severe and persistent mental disorders
(affective, psychotic, personality, substance use) who are in and outpatients
in a tertiary care hospital setting; Theoretical approaches utilized include
cognitive behavioural, interpersonal, psychodynamic.
Research Interests: Neurobiology of impulse control, aggression.
- Linette Lindsey Psychometrist, Neuropsychology Track
London Health Sciences Centre - University Hospital
B.Sc.(Honours), University of Toronto, 1992
Clinical Interests: Neuropsychological assessment of adults referred from
Neurology and Neurosurgery; Psychological assessment of cochlear implant
candidates.
- Larry Litman Neuropsychologist, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, St. Thomas
Ph.D., York University, 1985
Clinical Interests: Neuropsychological and forensic psychological assessment
and diagnosis; Psycho-legal assessments (e.g., sex offenders, automatism,
dangerousness); Pharmacotherapy.
Research Interests: Personality disorders; Psychopharmacological treatments
of and neuropsychological syndromes in violent and criminal offenders.
- Cathy Maan Psychologist, Child/Adolescent and Health/Rehabilitation Tracks
London Health Sciences Centre - Victoria Hospital/Children's Hospital
Ph.D., University of Saskatchewan, 1994
Clinical Interests: Paediatric oncology; Paediatric critical care; Paediatric
consultation-liaison; Family and child adjustment to acute and chronic
illnesses and developmental disorders.
- Connie Marshall Rehabilitation Counsellor, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, London
B.A. (Honours), University of Western Ontario, 1984
Clinical Interests: Vocational/educational issues for mental health consumers,
Vocational interest/aptitude assessments.
Research Interests: Career interest assessment and best practices in both
vocational rehabilitation programs and return to work/school process.
- Mary Ellen Marshman Psychometrist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
M.Sc., University of Calgary, 1986
Clinical Interests: Assessment and intervention related to sexual behaviour
problems in children and adolescents; Impact of trauma as it relates to sexual
behaviour problems.

- Louise Maxfield Psychologist, Adult Mental Health Track
London Health Sciences Centre - South Street Hospital
Ph.D., Lakehead University, 2003
Clinical Interests: Assessment and treatment of traumatic sequelae in cognitive, affective, behavioural, somatic, and interpersonal domains; Program development and evaluation.
Research Interests: Role of affect and interpersonal dysregulation in psychiatric disorders; Information processing; Patient characteristics predicting treatment response; Patient-treatment matching; Identification of active treatment components.
- Pat McCabe Psychometrist, Neuropsychology Track
St. Joseph's Health Care, London - Parkwood Hospital
Clinical Interests: Assessment of clients with acquired brain injuries; Assessment of clients with progressive dementing illnesses.
Research Interests: Continuing evidence based research project.
- Ann McDermid Psychologist, Health/Rehabilitation Track
London Health Sciences Centre - South Street Hospital
Ph.D., University of Western Ontario, 2001
Clinical Interests: Assessment and treatment of patients with sleep disorders; Role of psychological factors in predicting treatment outcome in patients with chronic medical conditions; Assessment and treatment of patients with posttraumatic stress disorder following motor vehicle collisions.
Research Interests: Depression and anxiety in sleep disorders; Role of personality factors in adjustment to chronic medical conditions; Gender differences in coping with chronic pain.
- B. Duncan McKinlay Psychologist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Ph.D., University of Waterloo, 2001
Clinical Interests: Diagnosis and treatment of Tourette Syndrome, Obsessive-compulsive disorder, Attention-deficit/hyperactivity disorder, Oppositional defiant disorder, Intermittent explosive disorder/"rage"; Cognitive and behavioural therapies; Knowledge transfer.
Research Interests: Behavioural treatment of tic disorders; Neurobiology of Tourette Syndrome; Treatment outcome assessment; Effects of symptom interpretation on prognosis.
- Donna McManus Rehabilitation Counsellor, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, London
B.A., University of Western Ontario, 1977
Clinical Interests: Vocational assessment; Psychosocial rehabilitation; Interprofessional team collaboration in mental health and employment issues related to mental health and homelessness.
- Fred Meek Psychologist, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, St. Thomas
Ph.D., University of Windsor, 1982
Clinical Interests: Psychotherapeutic intervention within an eclectic, primary emotional, experientially-oriented, interactive framework.
Research Interests: Variables affecting psychotherapeutic efficacy.

- Ericka Mirc
Psychological Associate, Child/Adolescent Track
Madame Vanier Children's Services
M.A., University of Guelph, 1978
Clinical Interests: Psychological assessment with children and adolescents with cognitive, learning, behaviour and/or socio-emotional needs; Feedback and intervention with their families and teachers regarding needs of the children; Consultation to interprofessional team members for treatment planning; Short-term and cognitive behavioural models of therapy; Management of anxiety, depression and ADHD; Therapy regarding effects of separation/divorce on children.
Research Interests: Attachment; Trauma; Effects of parental mental health needs on their children.
- Beth Mitchell
Psychologist, Adult Mental Health Track
Director, Mental Health Care Program
London Health Sciences Centre - South Street Hospital
Ph.D., Ohio State University, 1979
Fellow of the Canadian Psychological Association
Interests: Planning and implementation of mental health service delivery; Evaluation of impact of system change on services and work life; Knowledge transfer between research, practice and policy.
- Charles Nelson
Psychologist, Adult Mental Health Track
St. Joseph's Health Care, London – Parkwood Hospital
Ph.D., University of North Texas, 2003
Clinical Interests: Crisis and acute care psychiatry; Cognitive behavioural therapy with adults; Pain and recovery from trauma.
Research Interests: Cardiac rehabilitation and the relationship between interpersonal factors and recovery; Cross validation of The Adult Needs and Strengths Assessment - Referral Version (ANSA-R) with utilization of psychiatric care; Spiritual care as a therapeutic adjunct to the recovery model.
- Christopher Newton
Psychologist, Health/Rehabilitation Track
London Health Sciences Centre - University Hospital
Ph.D., Queen's University, 1985
Clinical Interests: Infertility; Relationship difficulties; Anxiety; Sexual dysfunction. Specific interests: Implications counselling, Integrative marital therapy; Male sexual problems; Panic and general anxiety disorder.
Research Interests: Patient decision-making; Measurement of infertility-related stress; Program evaluation.
- Ian Nicholson
Psychologist, Director of Clinical Training
Manager, Psychology Practice, London Health Sciences Centre
Ph.D., University of Western Ontario, 1993
Clinical Interests: Short-term cognitive/cognitive behavioural treatment of anxiety and affective disorders.
Research Interests: Patterns of psychological funding and utilization.

- Warren Nielson Psychologist, Health/Rehabilitation Track
Clinical Director, Rheumatology Day Programs
St. Joseph's Health Care, London - St. Joseph's Hospital
Ph.D., University of Western Ontario, 1982
Fellow of the Canadian Psychological Association
Clinical Interests: Health psychology; Chronic pain; Psychological aspects of rheumatic diseases.
Research Interests: Chronic pain; Cognitive behavioural treatment of Fibromyalgia Syndrome; Motivational factors in treatment of chronic pain; Psychological aspects of scleroderma.
- Ross Norman Psychologist, Adult Mental Health Track
London Health Sciences Centre - South Street Hospital
Ph.D., University of Michigan, 1974
Fellow of the Canadian Psychological Association
Clinical Interests: Cognitive behavioural interventions for psychotic disorders and anxiety and stress-related problems; Development and evaluation of service delivery programmes for psychotic disorders.
Research Interests: Cognitive and social aspects of psychosis; Psychosocial interventions for psychosis; Hierarchical and continua models of psychopathology; Programme and outcome evaluation; Evaluating the impact of early intervention for psychotic disorders.
- Felicia Otchet Psychologist, Adult Mental Health and Health/Rehabilitation Tracks
London Health Sciences Centre - South Street Hospital
Ph.D., University of Cincinnati, 1996
Clinical Interests: Adjustment to traumatic events; Adjustment to chronic pain and /or chronic illness; Women's health; Psycho-oncology; Feminist therapy; Traditionally underserved populations; Community mental health.
Research Interests: Normative responses to medical procedures; Applied research in community mental health.
- Steven Orenczuk Psychologist, Health/Rehabilitation Track; Track Coordinator
St. Joseph's Health Care, London - Parkwood Hospital
Psy.D., Illinois School of Professional Psychology, 1988
Clinical Interests: Assessment and intervention for clients admitted to an inpatient and outpatient rehabilitation program for individuals having sustained spinal cord injuries or other neurological disorders; Treatment of depression anxiety, pain, adjustment to disability issues; Consultation to interprofessional rehabilitation team regarding patient and family education; Collaborative injury prevention initiatives.
Research Interests: Evidence-based treatment planning and intervention; Knowledge transfer and health education initiatives for trauma prevention.
- Rhonda Peterson Psychometrist, Child/Adolescent Track
London Health Sciences Centre - Victoria Hospital
M.A., University of Western Ontario, 1993
Clinical Interests: Psychological assessment and intervention with children, adolescents, and their families. Specific interests: Mood, anxiety, personality disorders, and eating disorders.
Research Interests: Program evaluation.

- Susan Pigott
Neuropsychologist, Neuropsychology Track
London Health Sciences Centre - Victoria Hospital/Children's Hospital
Ph.D., McGill University, 1990
Clinical Interests: Paediatric and adult neuropsychology; Epilepsy; Head injury; Assessment of temporal and frontal lobe dysfunction; Visual perception and memory.
Research Interests: Intellectual and memory functions in children with closed head injury; Visual perception and memory in adults and children with temporal-lobe dysfunction or closed head injury.
- Monique Pressé
Psychological Associate, Child/Adolescent Track
Coordinator, Child and Adolescent Ambulatory Care and Community Linkages,
Mental Health Care Program
London Health Sciences Centre - South Street Hospital
M.A., University of Manitoba, 1983
Clinical Interests: Assessment and treatment of children, adolescents and their families with difficulties of an internalizing nature; Coordination of mental health delivery.
Research Interests: Program evaluation.
- Peter Prior
Psychologist, Health/Rehabilitation Track
London Health Sciences Centre - South Street Hospital
Ph.D., University of Western Ontario, 1991
Clinical Interests: Assessment and treatment of cardiac patients.
Research Interests: Depression and cardiovascular disease; Cognitive functioning after surgery.
- Brad Reimann
Psychologist (Supervised Practice), Adult Mental Health Track
St. Joseph's Health Care, London – Regional Mental Health Care, London
Psy.D., Adler School of Professional Psychology, 2008
Clinical Interests: Psychological assessment; Cognitive behavioural and interpersonal approaches to psychotherapy with adult populations; Motivational interviewing; Severe mental illness and personality disorders.
Research Interests: Inpatient aggression and violent risk prediction; Malingering and deception; Cognitive impairment and functional outcome; Treatment effectiveness.
- Niki Rielly
Psychologist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Ph.D., Queen's University, 2003
Clinical Interests: Clinical assessment and treatment of children and adolescents with complex mental health problems; Cognitive behaviour therapies.
Research Interests: Program evaluation; Intensive service delivery.
- Tom Ross
Psychometrist, Adult Mental Health Track
St. Joseph's Health Care, London - Regional Mental Health Care, London
B.A., University of Guelph, 1978
Clinical Interests: Assessment of seniors with psychiatric disorders; Assessment of financial capacity in the elderly.
Research Interests: Cognition, depression and financial capacity in the elderly; Program development and evaluation.

- Allan Shapiro Psychologist, Health/Rehabilitation Track
St. Joseph's Health Care, London - St. Joseph's Hospital
Ph.D. Rutgers University, 1983
Clinical Interests: Assessment and treatment of patients presenting with a variety of persistent (chronic) pain disorders; Cognitive behavioural therapy combining group and individual sessions; Integrating traditional approaches to pain management (e.g., pacing, reducing emotional reactivity to pain) with cognitive therapy and aspects of Hayes' Acceptance and Commitment Therapy (ACT) including (but not limited to) a strong emphasis on mindfulness meditation training; Understanding how personality affects adjustment to pain.
Research Interests: Personality factors (e.g., obsessive/perfectionistic traits; the dimensions assessed by Hayes' Acceptance and Action Questionnaire) that render patients at risk for greater pain, disability, and emotional distress secondary to an injury or pain condition.
- Heather Slade Psychometrist, Adult Mental Health Track
London Health Sciences Centre - South Street Hospital
M.A., University of Western Ontario, 2005
Clinical Interests: Psychological assessment of individuals with psychiatric disorders; Cognitive skills training.
Research Interests: Educational psychology.
- Carla Smith Psychologist, Child/Adolescent Track
Madame Vanier Children's Services
