

How to Access Information on the Status of a Specimen/Sample Using PowerChart

For information on the status of your specimen/sample:

1. Open patient chart from PowerChart organizer
2. Click on 'Orders' in TOC (Table of Contents)
3. <Status> column will show current status of order
4. Click on ellipsis beside <Display> to view more order status' (completed orders, discontinued etc) or on dropdown arrow to view <All Orders (All Statuses)>
5. Click on order name <Complete Blood Count> to see order details
6. Select <History> tab to see complete history of order

If you experience problems, contact the HelpDesk at 44357.
