

BIOSKETCHES

CONSORTIUM STAFF BIOSKETCHES

- Rod Balsom Psychologist, Adult Mental Health Track
St. Joseph's Health Care London – Parkwood Institute
Ph.D., Western University, 1999
Clinical Interests: Assessment and treatment of veterans and peacekeepers presenting with various psychiatric difficulties related to their military service
Research Interests: Program development and evaluation; Health promotion
- Danielle Bedard Psychologist, Adult Mental Health Track
London Health Sciences Centre - Victoria Hospital
Ph.D., University of Toronto, 2008
Clinical Interests: Dialectical behaviour approaches to the treatment of borderline personality disorder and associated comorbidities (complex trauma, substance use, anxiety; eating disorders); Assessment and treatment of depression and anxiety-spectrum disorders with a particular interest in PTSD, using CBT, DBT/DBT-PE, and process-experiential approaches
Research Interests: Client's emotional processing; Psychotherapy process and outcome; mechanisms of change in DBT
- Kelly Bedek Psychometrist, Adult Mental Health Track
St. Joseph's Health Care London – Southwest Centre for Forensic Mental Health Care
B.A. (Honours), University of Western Ontario, 2015
Clinical Interests: Assessment (e.g., risk, personality, cognitive) in a forensic setting; Clinical file reviews pertaining to risk and recidivism
Research Interests: Psychometric test measures; Program development and evaluation
- Richelle Bird Psychologist, Child & Adolescent Track,
Children's Hospital, London Health Sciences Centre
Ph.D., Western University, 2020
Clinical Interests: Assessment and intervention (ACT, DBT, CBT and Family Based Therapy) for children and adolescents with complex mental health profiles, including exposure to trauma and violence, eating disorders, externalizing behaviours, self-injurious behaviours and suicidality
Research Interests: Exploring and implementing evidence-based interventions to reduce barriers to accessing mental health services for marginalized youth and their families; global mental health initiatives
- Gani Braimoh Psychologist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Psy.D., Adler School of Professional Psychology, 2006
Clinical Interests: Mood Disorders clinic lead; Parents of children with bipolar disorder; Cognitive behavioural therapy; Adlerian psychology; Community psychology

- Susan Bryant Psychologist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Ph.D., University of Western Ontario, 1987
Clinical Interests: Infants and young children at risk for or identified with developmental and/or physical disabilities
- Brittney Castrilli Psychometrist, Adult Mental Health Track
London Health Sciences Centre- 54 Riverview Ave.
M.Sc. Clinical Neuroscience- Western University, 2018
Clinical Interests: Psychological assessment of clients with a diagnosed eating disorder; Program evaluation and outcomes; Program development
Research Interests: Relapse prevention in clients with a diagnosed eating disorder
- Danielle Cataudella Psychologist, Child/Adolescent and Health/Rehabilitation Tracks
London Health Sciences Centre - Children's Hospital / Victoria Hospital
Psy.D., Nova Southeastern University, 2002
Clinical Interests: Evidence based treatments for mood and anxiety disorders in medically fragile children; Consultation-liaison for somatoform presentations in the acute medical setting; Psychological sequelae in childhood cancer survivors; Evidence based treatments (individual and group) for complex sibling and parental bereavement
Research Interests: Paediatric palliative care; Psychological acute and late effects of childhood cancer
- Brenda Chiang Psychologist, Adult Mental Health Track
St. Joseph's Health Care London – Parkwood institute, Greater Toronto Area site
Ph.D., University of Waterloo, 2020
Clinical Interests: Assessment and treatment of military members and first responders (police officers, firefighters, etc.) presenting with psychological difficulties incurred during the course of their service. Individual and group therapy.
Research Interests: posttraumatic sequelae and moral self-concept; obsessive-compulsive disorder; resiliency and protective factors
- Jennifer Crotogino Psychologist, Child/Adolescent & Health/Rehabilitation Tracks
London Health Sciences Centre, Children's Hospital / Victoria
Ph.D., McGill University, 2020
Clinical Interests: Biopsychosocial assessment and intervention of psychosocial factors in children and youth with paediatric illnesses/conditions and their families. Interdisciplinary/multidisciplinary, evidence-based approaches to managing paediatric health (e.g. diabetes, chronic headache, gastrointestinal conditions, etc.). Adherence to medical treatment. Parenting in the context of paediatric illness. Procedural anxiety in children and youth.
Research interests: Paediatric pain, program development/evaluation of psychological interventions in pediatric health, paediatric headache, group interventions for chronic pain

|---------------------|--|
| Wendy den Dunnen | Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Ph.D., University of Ottawa, 2017 <u>Clinical Interests:</u> Assessment and treatment of children and adolescents with complex mental health needs; assessment, consultation, and treatment for children and adolescents with attachment concerns; assessment and consultation regarding sexualized behaviour; developmental trauma <u>Research Interests:</u> Children in the child welfare system, foster parenting, developmental trauma, residential treatment, program evaluation |
| Tracy Desjardins | Psychologist, Adult Mental Health Track St. Joseph's Health Care London -Parkwood Institute Ph.D., University of Victoria, 2014 <u>Clinical Interests:</u> Assessment (e.g., comprehensive diagnostic, violence risk, criminal responsibility, malingering) and treatment (e.g., CBT, DBT) in a forensic setting; Posttraumatic Stress Disorder; Substance Use Disorders <u>Research Interests:</u> Program evaluation; emotional support; transition to adulthood |
| Andrea Downie | Clinical Neuropsychologist, Neuropsychology Track; Track Co-Coordinator London Health Sciences Centre - Children's Hospital / Victoria Hospital Ph.D., Queen's University, 2000 <u>Clinical Interests:</u> Neuropsychological assessment, diagnosis, and consultation of children treated for childhood cancer, as well as neurological, genetic, and metabolic disorders <u>Research Interests:</u> Academic and cognitive sequelae of the treatments for Acute Lymphoblastic Leukemia (ALL); Social functioning in children treated for brain tumours and ALL. |
| Stephanie Dubois | Psychologist, Adult Mental Health Track St. Joseph's Health Care London – Parkwood Institute Ph.D., Ball State University, 2003 <u>Clinical Interests:</u> Psychological assessment and individual therapy for patients with persistent mental (affective, psychotic, personality) disorders in an inpatient setting. Theoretical approaches utilized: Integrative psychotherapy; Informed by counter-transference/transference issues, trauma informed care, working alliance and process of change. Supervision emphasis on professional identity, mentoring and advocacy |
| Julie Eichstedt | Psychologist, Child/Adolescent Track London Health Sciences Centre - Children's Hospital / Victoria Hospital Ph.D., Concordia University, 2002 <u>Clinical Interests:</u> Evidence-based psychological assessment and treatment of children, and adolescents with internalizing difficulties; Mood and Anxiety Disorders; Cognitive behavioural therapy; Collaborative Problem-Solving. <u>Research Interests:</u> Program development and evaluation, mood and anxiety disorders in children and adolescents, models of service delivery in children's mental health |

- Nicole Elliott Psychologist, Adult Mental Health Track
St. Joseph's Health Care London – Parkwood institute,
Ph.D., University of Toronto, 2018
Clinical Interests: Assessment and treatment of military-related and first responder PTSD; couples' therapy with PTSD; concurrent disorders and suicidality; Cognitive-Behavioural Therapy
Research Interests: suicidal behaviors and PTSD with Veterans and first responders; gender issues in the military; Intergenerational trauma and culturally based psychological treatment for Canadian Indigenous peoples.
- Laura Fazakas-DeHoog Psychologist, Adult Mental Health Track
St. Joseph's Health Care London: Southwest Centre for Forensic Mental Health Care
Ph.D., University of Western Ontario, 2007
Clinical Interests: Psychological profiling; Assessment and treatment of trauma and complicated grief; Treatment of severe pathology and personality disorders
Research Interests: Prediction of violent recidivism in the forensic population; Effective treatment of trauma and complicated grief; Psychotherapy for psychotic disorders; Prediction of violent and self-destructive behaviour; Design and test an integrative model of suicidal thinking and behaviour within a clinical population
- Paul Frewen Psychologist, Adult Mental Health Track
London Health Sciences Centre - University Hospital
Ph.D., University of Western Ontario, 2008
Clinical Interests: Trauma-focused psychotherapy, process-experiential psychotherapy, virtual reality therapy, meditation practices, neurofeedback, non-invasive brain stimulation
Research Interests: Neuroimaging, sense of self, assessment and interventions for people with trauma- and stressor-related disorders
- Heather Getty Psychologist, Health/Rehabilitation Track
London Health Sciences Centre-Victoria Hospital
Behavioural Medicine Service – Victoria Hospital, LHSC
Ph.D., University of Windsor, 2002
Clinical Interests: Individual and group psychotherapy; interventions based on the psychological flexibility model, attachment dynamics, and transdiagnostic approaches.
Research Interests: Relationships between psychological flexibility, attachment style and related capacities (e.g., emotion regulation, mentalization), and outcomes in the context of chronic illness; efficacy of transdiagnostic treatment approaches

- Jillian Glasgow Psychologist, Child/Adolescent Track
London Health Sciences Centre - Children's Hospital / Victoria Hospital
Ph.D., University of Windsor, 2019
Clinical Interests: Evidence-based psychological assessment and treatment of children and adolescents with complex presentations and emotional dysregulation; Dialectical Behaviour Therapy; Cognitive Behavior Therapy; Program development and quality improvement; Crisis intervention and stabilization
Research Interests: Program development and evaluation, intimate partner violence, reducing hospital readmissions, best practices for inpatient mental health units
- Karin Gleason Psychologist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Ph.D., University of Western Ontario, 2000
Clinical Interests: Assessment and treatment of children and youth with complex developmental and mental health needs. Assessment and treatment of mental health problems (anxiety, mood, attachment and behaviour) in children and youth with intellectual disabilities. Adapted CBT. Support for parents of children with special needs; complex, multigeneration family systems. Community consultation and education
- Gloria Grace Neuropsychologist, Neuropsychology Track
London Health Sciences Centre - University Hospital
Ph.D., University of Victoria, 1990
Clinical Interests: Neuropsychological assessment of adults with a broad range of neurological disorders. Specific interests: Pre-operative assessment for Deep Brain Stimulation Surgery; Differential diagnosis of dementia; Parkinson's disease and related disorders, Concussion/Traumatic Brain Injury
Research Interests: Cognitive impairment in ALS and other motor neuron diseases
- Brendan Guyitt Psychologist, Adult Mental Health Track; Site Coordinator
London Health Sciences Centre - Victoria Hospital
Ph.D., University of New Brunswick, 2011
Clinical Interests: CBT; Mood and anxiety disorders; Personality disorders; Case formulation; Program evaluation
Research Interests: Understanding beliefs and belief change; Cognitive processes in depression and anxiety
- Michael Harnadek Neuropsychologist, Neuropsychology Track
London Health Sciences Centre - University Hospital
Ph.D., University of Windsor, 1993
Clinical Interests: Neuropsychological assessment of adults following stroke, concussion (with post-concussion syndrome) or who have acquired degenerative cognitive disorders. Specific interests: Concussion, Post-concussion syndrome; Stroke; Evaluation of response bias
Research Interests: Cognitive impairment following transient ischemic attack and minor stroke; Response bias in psychological testing

| David LeMarquand | <p>Psychologist, Adult Mental Health Track Assistant Director of Clinical Training St. Joseph's Health Care London – Parkwood Institute Ph.D., McGill University, 1998 Board Certified in Clinical Psychology, American Board of Professional Psychology (ABPP) <u>Clinical Interests:</u> Psychological assessment, individual and group psychotherapy for individuals with concurrent severe and persistent mental (affective, psychotic, personality) and substance use disorders who are outpatients in a tertiary care hospital setting; Theoretical approaches utilized include interpersonal, cognitive-behavioural <u>Research Interests:</u> Neurobiology of impulse control, aggression, psychotherapy outcome in personality-disordered individuals</p> |
| Cathy Maan | <p>Psychologist, Child/Adolescent and Health/Rehabilitation Tracks London Health Sciences Centre - Children's Hospital / Victoria Hospital Ph.D., University of Saskatchewan, 1994 <u>Clinical Interests:</u> Paediatric oncology; Paediatric consultation-liaison; adjustment to acute and chronic illnesses</p> |
| Julia MacKinley | <p>Psychometrist, Adult Mental Health Track St. Joseph's Health Care London – Parkwood Institute M.Sc. University of Edinburgh, 2015 <u>Clinical Interests:</u> Cognitive and personality assessment; psychometric test measures</p> |
| Ashley Miles | <p>Neuropsychologist, Neuropsychology Track London Health Sciences Centre – University Hospital Ph.D., York University 2013 <u>Clinical Interests:</u> Adult and geriatric neuropsychological assessment, with a focus on pre- and post-surgical assessment of individuals with epilepsy and Parkinson's disease; Differential diagnosis of neurodegenerative conditions <u>Research Interests:</u> Identifying the profile and magnitude of subjective and objective change in neuropsychological functioning following surgical intervention for neurological conditions</p> |
| Ian Nicholson | <p>Manager, Departments of Psychology and Audiology London Health Sciences Centre Ph.D., University of Western Ontario, 1993 <u>Clinical Interests:</u> Ethics and standard of practice; Models of professional psychology training and licensure <u>Research Interests:</u> Patterns of psychological funding and utilization; Competence development and assessment</p> |

- Steven Orenczuk Psychologist, Operational Stress Injury Clinic, Adult Mental Health Track,
St. Joseph's Health Care London - Parkwood Institute
Psy.D., Illinois School of Professional Psychology, 1988
Clinical Interests: Assessment and intervention for clients admitted to an inpatient
and outpatient rehabilitation program for individuals having sustained spinal cord
injuries or other neurological disorders; Treatment of depression, anxiety, pain,
adjustment to disability issues; Consultation to interprofessional rehabilitation
team regarding patient and family education; Collaborative injury prevention
initiatives
Research Interests: Evidence-based treatment planning and intervention;
Knowledge transfer and health education initiatives for trauma prevention
- Rhonda Peterson Psychometrist, Child/Adolescent Track
Child and Parent Resource Institute
M.A., University of Western Ontario, 2003
- Michelle Pogue Psychometrist, Neuropsychology Track
London Health Sciences Centre – University Hospital
B.Sc. (Honours), McMaster University, 2015
Clinical Interests: Neuropsychological assessment of adults with a suspected or
confirmed neurological disorder, with specific interests in Alzheimer's disease,
epilepsy, stroke, and acquired brain injuries
Research Interests: Impact of treatment on daily functioning and factors that
contribute to its success
- Peter Prior Psychologist, Health/Rehabilitation Track
Associate Scientist, Lawson Health Research Institute
Ph.D., University of Western Ontario, 1991
Clinical Interests: Assessment and treatment of cardiovascular patients disease
Research Activities: Reliable measurement of individuals' change over cardiac
rehabilitation; cardiac rehabilitation for secondary prevention with
cerebrovascular disease; psychological and neurocognitive factors in
cardiovascular disease conditions; health behaviour change in chronic disease
management
- Bonnie Purcell Psychologist, Adult Mental Health Track; Track Coordinator
Geriatric Mental Health Program
London Health Sciences Centre - Victoria Hospital
Ph.D., Queen's University, 2013
Clinical Interests: Clinical assessment and treatment with seniors and adults, mood
disorders, addictions, neurocognitive disorders, consultation
Research Interests: Screening, assessment and intervention of alcohol-related
problems in older adults

- Emily Reddick Psychometrist, Adult Mental Health Track
London Health Sciences Centre – Riverview Ave
M. Ed. Counselling Psychology – Western University 2012
Clinical Interests: Psychological assessment of clients with a diagnosed eating disorder; Program evaluation and outcomes
Research Interests: Effective treatment for clients with a diagnosed eating disorder
- V. Lynn Rennison Neuropsychologist, Neuropsychology Track
London Health Sciences Centre – Victoria Hospital and University Hospital
Psy.D., Adler School of Professional Psychology, 2004
American Board of Professional Psychology (ABPP)
Board Certified in Clinical Neuropsychology
Clinical Interests: Neuropsychological assessment of adults with known or suspected cognitive impairment secondary to medical or psychiatric illnesses
Research Interests: Neuropsychological sequelae following mild traumatic brain injury and COVID-19
- Niki Rielly Psychologist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Ph.D., Queen's University, 2003
Clinical Interests: Clinical assessment and treatment of children and adolescents with complex mental health problems; Cognitive behaviour therapies including the Collaborative Problem Solving Approach
Research Interests: Program evaluation; Intensive service delivery
- Craig Ross Psychologist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Ph.D., University of Windsor, 2011
Clinical Interests: Outpatient assessment and treatment of children and adolescents with an intellectual disability and mental health and/or behavioural concerns ("dual diagnosis"); Outpatient assessment and treatment of children or adolescents with an Autism Spectrum diagnosis and co-morbid mental health concerns; Functional assessment of challenging behaviours and positive behaviour supports, and modified cognitive-behavioural approaches; Identification of resources and supports for individuals with complex special needs; Working with families, schools and community agencies to support clients; Interprofessional team-work within a biopsychosocial framework
Research Interests: Use of social media and computer-mediated communication within a social-capital framework; Within clinical populations, use of social media and gaming as a replacement for more traditional forms of social interaction

- Maya Roth Psychologist, Adult Mental Health Track
St. Joseph's Health Care London – Parkwood institute, Greater Toronto Area site
Ph.D., York University, 2009
Clinical Interests: Assessment and treatment of military-related PTSD and comorbid mood and anxiety disorders and chronic pain, Cognitive Behavioural Therapy interventions for mood and anxiety disorders, dissemination of evidence-based treatment for military-related PTSD
Research Interests: Treatment outcome in posttraumatic stress disorder, mood disorders, and chronic pain among military and veteran personnel, pain and psychological distress at end of life
- Magali Segers Psychologist, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Ph.D., York University, 2017
Clinical Interests: Psychological assessment and treatment of children, adolescents, and their families; Anxiety Disorders; Tourette Syndrome; Obsessive-Compulsive Disorder, Body Focused Repetitive Behaviours (Trichotillomania and Excoriation Disorder); Autism Spectrum Disorder; Cognitive behavioural therapy (CBT); Exposure and Response Prevention (ERP); Comprehensive Behavioural Intervention for Tics (CBIT); Brake Shop Clinic
Research Interests: Cognitive and sensory processing in Autism Spectrum Disorder; Program Evaluation
- Farida Spencer Psychologist, Adult Mental Health Track
St. Joseph's Health Care London – Parkwood Institute
Ph.D., University of Western Ontario, 1984
Clinical Interests: Therapy interventions and consultations with an adult psychiatric population with a variety of diagnoses: i.e., schizophrenia, paranoid/psychotic disorders, affective disorders (major depression, bipolar), eating disorders, substance abuse; Treatment of clients diagnosed with personality disorders
Research Interests: Demonstrating effectiveness in treatment outcomes of Interpersonal Reconstructive Therapy (IRT) approach with difficult to treat clients with diagnoses of personality disorders
- Nicole Tilley Psychometrist, Neuropsychology Track
London Health Sciences Centre - University Hospital
B.A. (Honours), University of Windsor, 2014
Clinical Interests: Neuropsychological assessment of children and adolescents regarding a broad range of neurological disorders. Specific interests include: brain lesions, schizophrenia, mood disorders, and dementia.
Research Interests: Neuropsychological assessment of individuals with cognitive, emotional and behavioural dysfunction resulting from brain Impairment and injury. As well as basic and applied issues in memory and cognition, including distinguishing between appraisals of occurrence, accuracy, and recollection in autobiographical memory.

- Sandra Ulch
Psychologist, Health/Rehabilitation Track
London Health Sciences Centre - University Hospital
Ph.D., Queen's University, 1992
Clinical Interests: Assessment and treatment of psychological disorders that occur in the context of complex medical problems; Psychological adjustment to organ transplantation; Adjustment to critical illness; Coping with chronic physical illness; Interprofessional health care in the inpatient medical setting
Research Interests: Mood symptoms associated with high dose corticosteroids used to treat relapses in MS; Psychological adjustment to transplantation; Women's mental health
- Sarah
Vernon-Scott
Psychologist, Health/Rehabilitation Track; Track Coordinator
London Health Sciences Centre- University Hospital
Ph.D., Lakehead University, 2007
Clinical Interests: Assessment, consultation, and treatment of functional neurological disorder, psychogenic non-epileptic seizures, mood disorders, posttraumatic stress disorder, adjustment to illness, etc.
Research Interests: Psychogenic non-epileptic seizures/functional neurological disorder
- Sonya Wanklyn
Psychologist, Adult Mental Health Track
St. Joseph's Health Care London – Parkwood Institute, Greater Toronto Area Site
Ph.D., Ryerson University, 2016
Clinical Interests: Assessment and treatment of PTSD and commonly co-occurring conditions (e.g., substance use disorders, depression, relationship distress); couple therapy for mental health disorders.
Research Interests: Etiology of co-occurring mental health disorders subsequent to traumatic events, and the psychosocial risk and resilience factors for comorbid psychopathology, with a particular focus on understanding and treating comorbid PTSD and substance use disorders.
- Serena Wong
Psychologist (Supervised Practice), Adult Mental Health Track
St. Joseph's Health Care London – Parkwood Institute Mental Health
Ph.D., Bowling Green State University, 2021
Clinical Interests: Trauma-informed care, spiritually integrative care, acceptance and commitment therapy, functional analytic psychotherapy
Research Interests: Spiritual competency, sacred moments, spiritual struggles, trauma-related disorders
- Sandra Zirul
Psychometrist, Neuropsychology Track
London Health Sciences Centre - Victoria Hospital
B.A. (Honours), University of Western Ontario, 1994
Clinical Interests: Neuropsychological assessment of individuals with cognitive, emotional and behavioural dysfunction resulting from brain impairment
