

# Biliary Tract Cancer Automated Triage

## **Biliary Tract Cancer: Gall Bladder, Bile Duct, Cholangiocarcinoma, Ampullary Cancer**

- Patient is within appropriate catchment area (if patient is from Kitchener/Waterloo, Cambridge, Windsor, Owen Sound and Sarnia referring physician should be directed to closest cancer center).
- If requirements met patients should be booked into next available medical oncology consultation slot without medical oncologist triage required.
- If outstanding items missing note sent back to referring physician to complete.
- If uncertain review referral request with triaging oncologist.
- If all criteria present then book in next available consult slot, otherwise return to referring physician to complete indicated investigations/documentation.

### **Fully Resected:**

- Operative report.
- Pathology report proving adenocarcinoma.
- Staging CT of the thorax, abdomen, and pelvis within past 3 months.

### **Unresectable or Metastatic:**

- Biopsy report proving adenocarcinoma.
- CT of the thorax, abdomen, and pelvis within past 3 months.
