</table>

Special Processing:

Testing must be approved by the Microbiologist on-call.

Critical Information Required:

Ensure the Arbovirus Information Intake form includes the following:

- Onset date
- Relevant travel history
- History of Japanese encephalitis virus vaccination or yellow fever vaccination

Specify Japanese B Encephalitis in the Specimen Description field when placing order in PowerChart and on the Arbovirus Information Intake form.

Storage and Shipment:

The specimen must be refrigerated.
The specimen must be received within 24 hours of collection.
