

# Trauma Career Bootcamp 2024 Wrap-Up

00:00:00:000 - 00:00:05:305

Rai Di Loreto, Injury Prevention Specialist, Critical Care & Trauma, LHSC

This is the trauma career boot camp, where high school students get the chance to explore various health care careers in trauma patient

00:00:05:305 - 00:00:06:639

Rai Di Loreto, Injury Prevention Specialist, Critical Care & Trauma, LHSC management at LHSC.

**Actions:** Upbeat music plays over footage of Trauma Career Bootcamp students learning how to intubate on manikins in the Critical Care Trauma Centre (CCTC) at LHSC, being shown how Paramedics with Middlesex London Paramedic Services (MLPS) respond to critical incidents, how medical devices are reprocessed in Medical Device Reprocessing (MDR), and what work is done in Pathology and Laboratory Medicine (PaLM) labs.

00:00:13:380 - 00:00:14:447

Hannah, student

I applied to this bootcamp

**Actions:** Upbeat music plays over footage of Trauma Career Bootcamp students learning how staff in the Emergency Department try to reverse overdoses and how to administer naloxone.

00:00:14:447 - 00:00:19:486

Hannah, student

because I was, interested in health careers, like nursing and, sort of, like, medicine.

00:00:19:486 - 00:00:24:224

Hannah, student

And I just wanted to be able to get a chance to look at that before, deciding where I want to go.

**Action:** Upbeat music plays over footage of Trauma Career Bootcamp students learning how to stop bleeding in serious injuries

00:00:24:224 - 00:00:29:629

Ana Sophia, student

The biggest thing that I was really excited about was to meet people

00:00:29:629 - 00:00:35:468

Ana Sophia, student

who are really passionate about their job.

**Actions:** Upbeat music plays over footage of Trauma Career Bootcamp students learning how to splint injuries in the Emergency Department and being shown how Paramedics with Middlesex London Paramedic Services (MLPS) respond to critical incidents.

Waleed, student

They put us in placements daily. It's just really cool to shadow doctors.

Actions: Upbeat music plays over footage of Trauma Career Bootcamp students learning the work that is done in Pharmacy and how medical devices are reprocessed in Medical Device Reprocessing (MDR).

00:00:35:568 - 00:00:40:907

Waleed, student

Since I've been exposed to different departments of the hospital, I want to go through one that can help the widest range of people.

**Action:** Upbeat music plays over footage of Trauma Career Bootcamp students learning how to stop bleeding in critical injuries.

00:00:41:041 - 00:00:43:176

Hannah, student

It's a really once in a lifetime opportunity.

**Actions:** Upbeat music plays over footage of Trauma Career Bootcamp students learning how to stop bleeding in critical injuries and being shown how Paramedics with Middlesex London Paramedic Services (MLPS) respond to critical incidents.

00:00:43:176 - 00:00:47:247

Hannah, student

this is a chance where you can see other careers and start to like, see what you like

**Action:** Upbeat music plays over footage of Trauma Career Bootcamp students being shown how Paramedics with Middlesex London Paramedic Services (MLPS) respond to critical incidents.

00:00:47:247 - 00:00:51:017

Hannah, student

and you don't because you don't really get that information when you're applying to programs.

**Actions:** Upbeat music plays over footage of Trauma Career Bootcamp students being shown how Paramedics with Middlesex London Paramedic Services (MLPS) respond to critical incidents and how medical devices are reprocessed in Medical Device Reprocessing (MDR).

00:00:51:017 - 00:00:53:787

Hannah, student

I've gotten to see a lot of, things that I've never seen before.

**Actions:** Upbeat music plays over footage of Trauma Career Bootcamp students learning what work is done in Pathology and Laboratory Medicine (PaLM) labs and how to read monitors in the Paediatric Minor Procedure Room.

00:00:53:787 - 00:00:57:290

Hannah, student

And it's something that you wouldn't normally be given the chance to see.
