

CONSORTIUM STAFF BIO SKETCHES

- Anna Arcuri Psychologist, Adult Mental Health Track
St. Joseph's Health Care London – Operational Stress Injury Clinic
Ph.D., University of Windsor, 2013
Clinical Interests: Assessment and treatment of post-traumatic stress disorder and other psychological difficulties related to military service; Couples therapy
Research Interests: Perfectionism and communication in romantic relationships; couples functioning
- Rod Balsom Psychologist, Adult Mental Health Track
St. Joseph's Health Care London – Operational Stress Injury Clinic
Ph.D., Western University, 1999
Clinical Interests: Assessment and treatment of veterans and peacekeepers presenting with various psychiatric difficulties related to their military service.
Research Interests: Program development and evaluation; Health promotion
- Danielle Bedard Psychologist, Adult Mental Health Track
London Health Sciences Centre - Victoria Hospital
Ph.D., University of Toronto, 2008
Clinical Interests: Assessment and treatment of adults, using CBT, DBT, and existential approaches; Trauma and post-traumatic stress disorder
Research Interests: Clients' emotional processing; Psychotherapy process and outcome
- Kelly Bedek Psychometrist, Adult Mental Health Track
St. Joseph's Health Care London – Southwest Centre for Forensic Mental Health Care
B.A. (Honours), University of Western Ontario, 2015
Clinical Interests: Assessment (e.g., risk, personality, cognitive) in a forensic setting; Clinical file reviews pertaining to risk and recidivism
Research Interests: Psychometric test measures; Program development and evaluation
- Nicole Beeby Psychometrist, Neuropsychology Track
London Health Sciences Centre - University Hospital
B.A., University of Windsor, 2014
Clinical Interests: Neuropsychological assessment regarding a broad range of neurological disorders. Specific interests include: brain lesions, schizophrenia, mood disorders, and psychopathy
Research Interests: Applied memory research including false memories and imagination inflation
- Jared Berman Psychologist, Child/Adolescent Track; Site Coordinator and Track Coordinator
Child and Parent Resource Institute (CPRI)
Ph.D., University of Calgary, 2013
Clinical Interests: Clinical assessment and treatment of children and adolescents with complex mental health problems; Cognitive Behaviour Therapies; Trauma Informed Therapies; Adolescent Residential Treatment
Research Interests: Program evaluation; Intensive service delivery; Language Development

London Clinical Psychology Residency Consortium 2019-2020

Jo-Ann Birt	<p>Psychologist, Child/Adolescent Track London Health Sciences Centre - Children's Hospital / Victoria Hospital Ph.D., University of Windsor, 1996 <u>Clinical Interests:</u> Assessment and treatment of internalizing disorders with high-risk youth (CBT and DBT techniques); empirically supported treatments and program development; multisystemic treatment; trauma <u>Research Interests:</u> effective inpatient treatments; factors affecting adjustment to trauma, suicide risk; mood and anxiety disorders</p>
Katie Bond	<p>Psychometrist, Adult Mental Health Track London Health Sciences Centre M.Ed. Psych /Spec Ed. – Western University, 2017 <u>Clinical Interests:</u> assessment of clients with a diagnosed eating disorder; program evaluation and development <u>Research Interests:</u> mental health and protective factors; socio-emotional learning and development; safe schools and bullying; psychoeducational assessment; influence of emotional intelligence on psychological resiliency; curriculum design and program development</p>
Gani Braimoh	<p>Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Psy.D., Adler School of Professional Psychology, 2006 <u>Clinical Interests:</u> Mood Disorders clinic lead; Parents of children with bipolar disorder; Cognitive behavioural therapy; Adlerian psychology; Community psychology</p>
Nicole Brulotte	<p>Psychometrist, Neuropsychology Track London Health Sciences Centre – University Hospital B.A. (Honours), University of Western Ontario, 2014 <u>Clinical Interests:</u> Neuropsychological assessment of adults and elderly individuals with a broad range of cognitive, emotional and behavioural dysfunction resulting from brain impairment.</p>
Susan Bryant	<p>Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Ph.D., University of Western Ontario, 1987 <u>Clinical Interests:</u> Infants and young children at risk for or identified with developmental and/or physical disabilities; Sexuality education for children and adolescents</p>
Gita Canaran	<p>Psychologist, Adult Mental Health Track St. Joseph's Health Care London - Parkwood Institute M.A., Lakehead University, 1994 <u>Clinical Interests:</u> Inpatient treatment of complex trauma and traumatic psychosis within a Recovery Model including CBT for Psychosis, integrated therapy and trauma-focussed therapies <u>Research Interests:</u> Neurocognition in psychosis</p>

London Clinical Psychology Residency Consortium 2019-2020

Jason Carr	Psychologist, Adult Mental Health Track Operational Stress Injury Clinic, Parkwood Hospital Ph.D., University of British Columbia, 2003 <u>Clinical Interests:</u> Individual and group psychotherapy; anxiety, mood, and psychotic disorders; substance misuse; neuropsychological assessment and intervention. <u>Research Interests:</u> Mindfulness, group interventions, assessment and treatment of PTSD
Jeff Carter	Psychologist/Director of Quality Improvement, Child/Adolescent Track; Vanier Children's Services Ph.D., University of Western Ontario, 2000 <u>Clinical Interests:</u> Clinical assessment and treatment with children, adolescents, and their families; Childhood trauma; Parents' mental health; Clinical supervision <u>Research Interests:</u> Data-driven practice and performance measurement; Prevention and management of dangerous behaviour
Danielle Cataudella	Psychologist, Child/Adolescent and Health/Rehabilitation Tracks London Health Sciences Centre - Children's Hospital / Victoria Hospital Psy.D., Nova Southeastern University, 2002 <u>Clinical Interests:</u> Evidence based treatments for mood and anxiety disorders in medically fragile children; Consultation-liaison for somatoform presentations in the acute medical setting; Psychological sequelae in childhood cancer survivors; Evidence based treatments (individual and group) for complex sibling and parental bereavement <u>Research Interests:</u> Paediatric palliative care; Psychological acute and late effects of childhood cancer
Lee Ann Charlton	Psychologist, Child/Adolescent Track St. Joseph's Health Care London – Parkwood Institute Ph.D., Harvard University, 1992 <u>Clinical Interests:</u> Cognitive and dialectical behaviour therapy approaches with adolescents
Sabrina Chiarella	Psychologist, Child/Adolescent Track Vanier Children's Services Ph.D., Concordia University, 2015 <u>Clinical Interests:</u> Clinical assessment and treatment with children, adolescents, and their families; childhood trauma; attachment; mood and anxiety disorders; behavioural struggles in the preschool and middle-childhood developmental periods <u>Research Interests:</u> Program evaluation; mood and anxiety disorders in children and adolescents; resiliency among children in at-risk populations; development during the infancy period; language development
Kerry Collins	Psychologist, Child/Adolescent Track London Health Sciences Centre – Children's Hospital / Victoria Hospital Ph.D., University of Windsor, 2003 <u>Clinical Interests:</u> Assessment and treatment of complex internalizing difficulties (e.g., school avoidance) in children and adolescents; Evidence-based practice for mood and anxiety disorders; Program development and evaluation <u>Research Interests:</u> Management of childhood anxiety disorders in public sectors; Waitlist interventions for anxiety; Group CBT for anxiety and OCD

London Clinical Psychology Residency Consortium 2019-2020

- Jennifer Crotogino Psychologist, Child/Adolescent and Health/Rehabilitation Tracks
London Health Sciences Centre - Children's Hospital / Victoria Hospital
Ph.D., McGill University, 2002
Clinical Interests: Assessment and treatment of children and adolescents with chronic pain. Patients are seen in a multidisciplinary Paediatric Chronic Pain Clinic. Psychology follow-up and treatment may involve psychoeducation for the patient and family, individual therapy and/or group therapy. Program development and evaluation
Research interests: Paediatric chronic pain
- Kathryn Dance Psychologist, Counselling Track
Psychological Services - Western University
Ph.D., University of Western Ontario, 1991
Clinical Interests: Trauma and PTSD; Clinical implications of attachment theory, relational theory, countertransference, LGBT2QIA issues in psychotherapy
- Wendy den Dunnen Psychologist in Supervised Practice, Child/Adolescent Track
Child and Parent Resource Institute (CPRI)
Ph.D., University of Ottawa, 2017
Clinical Interests: Assessment and treatment of children and adolescents with complex mental health needs; assessment, consultation, and treatment for children and adolescents with attachment concerns; assessment and consultation regarding sexualized behaviour; developmental trauma
Research Interests: Children in the child welfare system, foster parenting, developmental trauma, residential treatment, program evaluation
- Tracy Desjardins Psychologist, Adult Mental Health Track
St. Joseph's Health Care London-Southwest Centre for Forensic Mental Health Care
Ph.D., University of Victoria, 2014
Clinical Interests: Assessment (e.g., violence risk, criminal responsibility, fitness to stand trial, malingering, diagnosis) and treatment (e.g., CBT, DBT) in a forensic setting; Posttraumatic Stress Disorder; Substance Use Disorders
Research Interests: Program evaluation; emotional support; transition to adulthood; predictors of forensic system entry/outcome
- Andrea Downie Neuropsychologist, Neuropsychology Track
London Health Sciences Centre - Children's Hospital / Victoria Hospital
Ph.D., Queen's University, 2000
Clinical Interests: Neuropsychological assessment, diagnosis, and consultation of children treated for childhood cancer, as well as neurological, genetic, and metabolic disorders
Research Interests: Academic and cognitive sequelae of the treatments for Acute Lymphoblastic Leukemia (ALL); Social functioning in children treated for brain tumours and ALL; Attention deficit hyperactivity disorder.
- Stephanie Dubois Psychologist, Adult Mental Health Track
St. Joseph's Health Care London – Parkwood Institute
Ph.D., Ball State University, 2003
Clinical Interests: Psychological assessment and individual therapy for patients with persistent mental (affective, psychotic, personality) disorders in an inpatient setting. Theoretical approaches utilized: Integrative psychotherapy; Informed by countertransference/transference issues, trauma informed care, working alliance and process of change. Supervision emphasis on professional identity, mentoring and advocacy

London Clinical Psychology Residency Consortium 2019-2020

- Julie Eichstedt Psychologist, Child/Adolescent Track
London Health Sciences Centre - Children's Hospital / Victoria Hospital
Ph.D., Concordia University, 2002
Clinical Interests: Psychological assessment and treatment of children, adolescents, and their families; Mood and Anxiety Disorders; Autism Spectrum Disorders; Personality Disorders; Cognitive behavioural therapy.
Research Interests: Program evaluation, mood and anxiety disorders in children and adolescents, models of service delivery in children's mental health
- Elspeth Evans Psychologist, Counselling Track; Site Coordinator
Psychological Services - Western University
Ph.D., The University of Western Ontario, 2008
Clinical Interests: Treatment of adolescents and adults with mood and anxiety disorders; Mindfulness meditation; Parenting capacity; Integrative approaches to psychotherapy
Research Interests: Adult attachment, mental health and trauma; Mindfulness meditation in a university population
- Laura
Fazakas-DeHoog Psychologist, Adult Mental Health Track
St. Joseph's Health Care London: Southwest Centre for Forensic Mental Health Care
Ph.D., University of Western Ontario, 2007
Clinical Interests: Psychological profiling; Assessment and treatment of trauma and complicated grief; Treatment of severe pathology and personality disorders
Research Interests: Prediction of violent recidivism in the forensic population; Effective treatment of trauma and complicated grief; Psychotherapy for psychotic disorders; Prediction of violent and self-destructive behaviour; Design and test an integrative model of suicidal thinking and behaviour within a clinical population
- Susan Fisher Psychometrist, Community Services
Vanier Children's Services
M.A., Laurentian University, 1994
Clinical Interests: Assessment of cognitive, behavioural and social-emotional functioning in children and adolescence
Research Interests: Program and outcome evaluation
- Jennifer Fogarty Neuropsychologist, Neuropsychology Track
St. Joseph's Health Care London - Parkwood Institute
Ph.D., University of Waterloo, 2001
Clinical Interests: Diagnostic neuropsychological assessment of adult and elderly individuals with a spectrum of cognitive impairments from mild cognitive impairment to early stage dementia; Primarily outpatient work but also consultation to long-term care regarding behavioural management of clients with dementia who are displaying challenging behaviours; Consultation to Community Care Access Centre staff in nine counties throughout southwest Ontario; Cognitive rehabilitation group work for elderly individuals with mild cognitive impairment
Research Interests: Program evaluation; Predicting driving safety in the elderly; Cognitive rehabilitation and predicting post-operative cognitive decline

London Clinical Psychology Residency Consortium 2019-2020

Jared French	Psychologist, Counselling Track Psychological Services - Western University Ph.D., University of Calgary, 2015 <u>Clinical Interests:</u> Discursive Therapies (e.g., Narrative, Collaborative, Solution-Focused); Acceptance and Commitment Therapy; Single-Session and Brief Therapy. <u>Research Interests:</u> Therapeutic processes; Discourse analysis applied to therapeutic conversations; Counsellor development.
Paul Frewen	Psychologist, Adult Mental Health Track London Health Sciences Centre - University Hospital Ph.D., University of Western Ontario, 2008 <u>Clinical Interests:</u> Trauma-focused psychotherapy, CBT, and process-experiential psychotherapy <u>Research Interests:</u> Neuroimaging in trauma patients
Heather Getty	Psychologist, Health/Rehabilitation Track St. Joseph's Health Care London - St. Joseph's Hospital Ph.D., University of Windsor, 2002 <u>Clinical Interests:</u> Individual and group psychotherapy; Cognitive behavioural, psychodynamic, and acceptance and commitment-based interventions <u>Research Interests:</u> Identification of individuals at heightened risk for dysfunction secondary to pain; Pain self-management strategies related to better adjustment among individuals with chronic pain; Relationship between gender and adjustment in the context of chronic pain conditions
Karin Gleason	Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Ph.D., University of Western Ontario, 2000 <u>Clinical Interests:</u> Psychological assessment and treatment of children with Intellectual Disabilities and emotional disorders (anxiety, mood, and attachment); Residential treatment of children with Intellectual Disabilities and behaviour disorders; Behavioural feeding disorders
Erica Gold	Psychologist, Child/Adolescent, Health/Rehabilitation Tracks & Neuropsychology Track, Paediatric emphasis London Health Sciences Centre - Children's Hospital / Victoria Hospital Ph.D., University of Manitoba, 1986 <u>Clinical Interests:</u> Children and families coping with chronic illness and health problems; Pain management, especially management of children's headaches; Stress management; Mood disorders; Anxiety disorders
Gloria Grace	Neuropsychologist, Neuropsychology Track London Health Sciences Centre - University Hospital Ph.D., University of Victoria, 1990 <u>Clinical Interests:</u> Neuropsychological assessment of adults with a broad range of neurological disorders. Specific interests: Pre-operative assessment for Deep Brain Stimulation Surgery; Differential diagnosis of dementia; Parkinson's disease and related disorders <u>Research Interests:</u> Cognitive impairment in ALS and other motor neuron diseases

- Maya Gupta Psychologist (Supervised Practice), Adult Mental Health Track
London Health Sciences Centre – Victoria Hospital
Ph.D., Queen’s University, 2016
Clinical Interests: Psychological intervention and assessment of youth and young adults with a primary psychotic disorder and various related comorbidities (e.g., trauma, social anxiety, mood, OCD, personality). Therapeutic orientation is client-centered and integrative; cognitive behavioural therapy, interpersonal therapy, mindfulness-based cognitive therapy, and acceptance commitment therapy.
Research Interests: Evaluation of a Voice Hearers group; Family dynamics in early psychosis; Real-world functional outcomes and recovery in psychosis
- Brendan Guyitt Psychologist, Adult Mental Health Track; Site Coordinator
London Health Sciences Centre - Victoria Hospital
Ph.D., University of New Brunswick, 2011
Clinical Interests: CBT; Mood and anxiety disorders; Personality disorders; Case formulation; Program evaluation
Research Interests: Understanding beliefs and belief change; Cognitive processes in depression and anxiety
- Michael Harnadek Neuropsychologist, Neuropsychology Track
London Health Sciences Centre - University Hospital
Ph.D., University of Windsor, 1993
Clinical Interests: Neuropsychological assessment of adults following stroke, concussion (with post-concussion syndrome) or who have acquired degenerative cognitive disorders. Specific interests: Concussion, Post-concussion syndrome; Stroke; Evaluation of response bias
Research Interests: Cognitive impairment following transient ischemic attack and minor stroke; Response bias in psychological testing
- Jeremy Harrison Psychologist, Adult Mental Health Track
St. Joseph’s Health Care London – Parkwood Institute
Psy.D., Florida Institute of Technology, 2005
Board Certified in Clinical Psychology
American Board of Professional Psychology (ABPP)
Clinical Interests: Psychological assessment and treatment of adults with persistent mental illnesses; Cognitive behavioural therapy approaches; Integrative approaches to psychotherapy
Research Interests: Applied research; Psychotherapy effectiveness
- Brent Hayman-Abello Neuropsychologist, Neuropsychology Track; Director of Clinical Training
London Health Sciences Centre - University Hospital
Ph.D., University of Windsor, 2003
Clinical Interests: Neuropsychological assessment of adults with neurological disorders, with specific interests in epilepsy, stroke, and dementia; Impact of epilepsy on cognitive and daily living abilities
Research Interests: Cognitive change following epilepsy surgery; Compensatory strategy training for persons with cognitive impairments

London Clinical Psychology Residency Consortium 2019-2020

Susan Hayman-Abello	<p>Neuropsychologist, Neuropsychology Track London Health Sciences Centre - University Hospital Ph.D., University of Windsor, 2006 <u>Clinical Interests:</u> Neuropsychological assessment of adults and adolescents with neurological disorders, with specific interests in epilepsy and pre-surgical evaluations <u>Research Interests:</u> Discrepancies in subjective and objective memory impairment; cerebral localization of cognitive dysfunction and prediction of post-surgical changes; Issues associated with repeated neuropsychological assessments</p>
Marnin Heisel	<p>Psychologist, Adult Mental Health Track London Health Sciences Centre - Victoria Hospital Ph.D., York University, 2001 <u>Clinical Interests:</u> Assessment and treatment of adults and older adults with mood disorders and at elevated risk for suicide; Interpersonal/psychodynamic and humanistic/existential psychotherapy <u>Research Interests:</u> Study and prevention of suicide among older adults including improving the identification of older adults at-risk for suicide; Testing models of late-life suicide risk and resiliency and developing and evaluating suicide risk assessment measures and methods; Enhancing treatment provision by developing and testing interventions with depressed and/or suicidal older adults; Enhancing healthcare provider knowledge of late-life suicide prevention by developing clinical guidelines and knowledge translation tools and evaluating with respect to dissemination, training, and uptake</p>
Marilyn Hill	<p>Psychologist, Health/Rehabilitation Track St. Joseph's Health Care London - St. Joseph's Hospital Ph.D., University of British Columbia, 1996 <u>Clinical Interests:</u> Cognitive behavioural therapy (individual and group); Interprofessional chronic pain management groups for a wide variety of chronic pain conditions; Stress management; EMG biofeedback; Impact of chronic illness on sexual functioning; Assessment and treatment of depression associated with chronic illness; Relapse prevention <u>Research Interests:</u> Interprofessional chronic disease/chronic pain management; and variables predicting treatment outcome</p>
Tevya Hunter	<p>Psychologist, Adult Mental Health Track St. Joseph's Health Care London – Operational Stress Injury Clinic Ph.D., University of Manitoba, 2017 <u>Clinical Interests:</u> Assessment and treatment of post-traumatic stress disorder and other psychological disorders related to workplace injuries & traumas; therapy focused on identity, self-acceptance, and adjustment to life transitions <u>Research Interests:</u> Women's experience of burn injury; resiliency; traumatic injury</p>
Tony Iezzi	<p>Psychologist, Health/Rehabilitation Track London Health Sciences Centre - Victoria Hospital Ph.D., University of Georgia, 1989 Fellow of the Canadian Psychological Association <u>Clinical Interests:</u> Assessment and management of chronic pain and trauma <u>Research Interests:</u> Psychological adjustment to medical conditions; Comorbidity of physical and psychological symptoms; Identification of early psychological risk factors in the development of medical conditions</p>

London Clinical Psychology Residency Consortium 2019-2020

Lorraine Janzen	<p>Psychometrist, Neuropsychology Track London Health Sciences Centre - Children's Hospital / Victoria Hospital M.A.Sc., University of Waterloo, 1985 <u>Clinical Interests:</u> Neuropsychological assessment of children treated for childhood cancer, traumatic brain injury as well as neurological or neurosurgical conditions and genetic or metabolic disorders</p>
Patricia Jordan	<p>Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Ph.D., University of Western Ontario, 2012 <u>Clinical Interests:</u> Assessment and treatment of children and adolescents with complex mental health needs, including non-suicidal self-injury and Cluster B personality traits; Models of service delivery for residential treatment; developmental trauma and attachment; assessment and consultation regarding sexualized behaviour; Dialectical Behaviour Therapy, Cognitive Behaviour Therapy</p>
Erica Jovichevich	<p>Psychometrist, Adult Mental Health Track London Health Sciences Centre B.Ed., Western University, 2017 MSW, University of Toronto, 2014 <u>Clinical Interests:</u> Assessment of clients with a diagnosed psychotic disorder; cognitive skills training and academic achievement; program development and evaluation; supported education</p>
Mustaq Khan	<p>Psychologist, Adult Mental Health Track St. Joseph's Health Care London – Parkwood Institute Ph.D., University of Western Ontario, 1989 <u>Research Interests:</u> Pharmacotherapy effectiveness in the treatment of mood disorders</p>
Ann Klinck	<p>Psychological Associate, Child/Adolescent & Health/Rehabilitation Tracks London Health Sciences Centre - Children's Hospital / Victoria Hospital M.A.Sc., University of Waterloo, 1991 <u>Clinical Interests:</u> Counselling with families and consultation with schools regarding educational needs of paediatric cancer patients and siblings; Counselling, support and advocacy for childhood cancer survivors with treatment-related learning challenges <u>Research Interests:</u> Long-term cognitive effects of paediatric cancer treatment; Long-term educational outcomes for childhood cancer survivors</p>
Andrea Lazosky	<p>Neuropsychologist, Neuropsychology Track London Health Sciences Centre - Victoria Hospital Ph.D., Rosalind Franklin University of Medicine and Science, 1990 Board Certified in Clinical Neuropsychology American Board of Professional Psychology (ABPP) <u>Clinical Interests:</u> Neuropsychological assessment and diagnosis of individuals with known or suspected brain impairment. Specific interests: Multiple trauma (including traumatic brain injury); Effects of systemic illness and infection on brain function; Brain tumours; Psychosocial rehabilitation <u>Research Interests:</u> Neurological and emotional outcome following severe septic illness; Assessment of decision making capacity; disorders of consciousness in patients using brain-computer interface neuroimaging in the vegetative state</p>

- David LeMarquand Psychologist, Adult Mental Health Track
Assistant Director of Clinical Training
St. Joseph's Health Care London – Parkwood Institute
Ph.D., McGill University, 1998
Board Certified in Clinical Psychology,
American Board of Professional Psychology (ABPP)
Clinical Interests: Psychological assessment, individual and group psychotherapy for individuals with concurrent severe and persistent mental (affective, psychotic, personality) and substance use disorders who are outpatients in a tertiary care hospital setting; Theoretical approaches utilized include interpersonal, cognitive-behavioural
Research Interests: Neurobiology of impulse control, aggression, psychotherapy outcome in personality-disordered individuals
- Amanda R. Levine Psychologist, Adult Mental Health Track
St. Joseph's Health Care London – Operational Stress Injury Clinic
Ph.D., University of Windsor, 2015
Clinical Interests: Assessment and treatment of post-traumatic stress disorder and other psychological difficulties related to military service; neuropsychological functioning of Veterans
Research Interests: sexual assault and other forms of victimization; vulnerability factors for development of posttraumatic stress disorder; changes in neuropsychological functioning associated with psychiatric disorders
- Sheila Linseman Psychometrist, Adult Mental Health Track
St. Joseph's Health Care London – Parkwood Institute
M.A., Counselling Psychology, University of Western Ontario, 2016, B.A. (Honours), Wilfred Laurier University, 1993
Clinical Interests: Vocational, cognitive, and personality assessment
Research Interests: Help-seeking and workplace psychological safety, teacher mental health
- Cathy Maan Psychologist, Child/Adolescent and Health/Rehabilitation Tracks
London Health Sciences Centre - Children's Hospital / Victoria Hospital
Ph.D., University of Saskatchewan, 1994
Clinical Interests: Paediatric oncology; Paediatric critical care; Paediatric consultation-liaison; Family and child adjustment to acute and chronic illnesses and developmental disorders
- Julia MacKinley Psychometrist, Adult Mental Health Track
St. Joseph's Health Care London – Parkwood Institute
M.Sc. University of Edinburgh, 2015
Clinical Interests: Cognitive and personality assessment; psychometric test measures
- Connie Marshall Psychometrist, Neuropsychology Track
St. Joseph's Health Care London - Parkwood Institute
B.A. (Honours), University of Western Ontario, 1984
Clinical Interests: Improve working memory. Psychometric test development

- Philip Masson Psychologist, Adult Mental Health Track
London Health Sciences Centre
Ph.D., University of Calgary, 2013
Clinical Interests: Cognitive behavioural therapy, including third wave cognitive behavioural interventions (e.g., dialectical behaviour therapy, acceptance and commitment therapy); Diagnosis and treatment of eating, mood, and anxiety disorders; Working with ambivalence
Research Interests: Family interventions in adults with eating disorders; Use of technology assisted interventions in adults with eating disorder; Relapse prevention; Defining recovery in eating disorders; Dissemination of empirically supported treatment; Use of self-help and guided self-help treatments; Program development and evaluation
- Lorraine McFadden Neuropsychologist, Neuropsychology Track
St. Joseph's Health Care London: Parkwood Institute
PhD, Carleton University, 1993
Board Certified in Clinical Neuropsychology American Board of Professional Psychology (ABPP)
Clinical Interests: Acquired Brain Injury
Research Interests: Cognitive Rehabilitation
- Nicola McHale Psychologist, Adult Mental Health Track
London Health Sciences Centre- First Episode Mood and Anxiety Program (FEMAP)
Ph.D., University of New Brunswick, 2015
Clinical Interests: Assessment and treatment of various mood and anxiety disorders; Early Intervention; Cognitive Behavioural Therapy (CBT); Acceptance and Commitment Therapy (ACT); Mindfulness
Research Interests: Vulnerability and resiliency factors associated with Major Depressive Disorder (MDD); Emotion Regulation
- Alexandra McIntyre-Smith Psychologist, Adult Mental Health Track
St. Joseph's Health Care London – Parkwood Institute, Operational Stress Injury Clinic
Ph.D., University of Western Ontario, 2010
Clinical Interests: Assessment and treatment of posttraumatic stress disorder and other psychological difficulties related to military service
Research Interests: Treatment of mental health issues specific to the military/combat context, sexual dysfunction
- Ashley Miles Neuropsychologist, Neuropsychology Track
London Health Sciences Centre – University Hospital
Ph.D., York University 2013
Clinical Interests: Adult and geriatric neuropsychological assessment, with a focus on pre- and post-surgical assessment of individuals with epilepsy and Parkinson's disease; Differential diagnosis of neurodegenerative conditions
Research Interests: Identifying the profile and magnitude of subjective and objective change in neuropsychological functioning following surgical intervention for neurological conditions

London Clinical Psychology Residency Consortium 2019-2020

- Ian Nicholson Manager, Departments of Psychology and Audiology
London Health Sciences Centre
Ph.D., University of Western Ontario, 1993
Clinical Interests: Short-term cognitive/cognitive-behavioural treatment of anxiety and affective disorders; Ethics and standard of practice; Models of professional psychology training
Research Interests: Patterns of psychological funding and utilization
- Steven Orenczuk Psychologist, Health/Rehabilitation Track
St. Joseph's Health Care London - Parkwood Institute
Psy.D., Illinois School of Professional Psychology, 1988
Clinical Interests: Assessment and intervention for clients admitted to an inpatient and outpatient rehabilitation program for individuals having sustained spinal cord injuries or other neurological disorders; Treatment of depression, anxiety, pain, adjustment to disability issues; Consultation to interprofessional rehabilitation team regarding patient and family education; Collaborative injury prevention initiatives
Research Interests: Evidence-based treatment planning and intervention; Knowledge transfer and health education initiatives for trauma prevention
- Felicia Otchet Psychologist, Health/Rehabilitation Track
London Health Sciences Centre – Victoria Hospital
Ph.D., University of Cincinnati, 1996
Clinical Interests: Adjustment to traumatic events; Adjustment to chronic pain and/or chronic medical conditions; Women's health; Psycho-oncology; Feminist therapy; Traditionally underserved populations; Community-based health and mental health services
Research Interests: Normative responses to medical procedures; Applied research in community mental health and health
- Rhonda Peterson Psychometrist, Child/Adolescent Track
Child and Parent Resource Institute
M.A., University of Western Ontario, 2003
- Peter Prior Psychologist, Health/Rehabilitation Track
St. Joseph's Health Care London - St. Joseph's Hospital
Ph.D., University of Western Ontario, 1991
Clinical Interests: Assessment and treatment of cardiovascular patients
Research Activities: Measurement of individuals' outcomes in cardiac rehabilitation and secondary prevention; cardiac rehabilitation for secondary prevention with cerebrovascular disease; psychological and neurocognitive factors in vascular disease conditions; psychological factors in atrial fibrillation; guidelines, quality indicators, and standards development for cardiovascular disease prevention and management
- Bonnie Purcell Psychologist, Adult Mental Health Track; Track Coordinator
Geriatric Mental Health Program
London Health Sciences Centre - Victoria Hospital
Ph. D., Queen's University, 2013
Clinical Interests: Clinical assessment and treatment with seniors and adults, mood disorders, addictions, neurocognitive disorders, consultation
Research Interests: Screening, assessment and intervention of alcohol-related problems in older adults

Niki Rielly	<p>Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Ph.D., Queen's University, 2003 <u>Clinical Interests:</u> Clinical assessment and treatment of children and adolescents with complex mental health problems; Cognitive behaviour therapies including the Collaborative Problem Solving Approach <u>Research Interests:</u> Program evaluation; Intensive service delivery</p>
Craig Ross	<p>Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Ph.D., University of Windsor, 2011 <u>Clinical Interests:</u> Residential and outpatient assessment and treatment of children and adolescents with an intellectual disability and mental health and/or behavioural concerns ("dual diagnosis"); Outpatient assessment and treatment of children or adolescents with an Autism Spectrum diagnosis and co-morbid mental health concerns; Functional assessment of challenging behaviours and positive behaviour supports, and modified cognitive-behavioural approaches; Identification of resources and supports for individuals with complex special needs; Working with families, schools and community agencies to support clients; Interprofessional team-work within a biopsychosocial framework <u>Research Interests:</u> Use of social media and computer-mediated communication within a social-capital framework; Within clinical populations, use of social media and gaming as a replacement for more traditional forms of social interaction</p>
Erin Ross	<p>Psychologist, Adult Mental Health Track London Health Sciences Centre - Victoria Hospital Ph.D., OISE/University of Toronto, 2013 <u>Clinical Interests:</u> Trauma and PTSD, attachment/early developmental issues and sequelae, women's mental health, mood and anxiety disorders <u>Research Interests:</u> Trauma and PTSD, gender issues, qualitative research, participatory action research, arts-based research</p>
Maya Roth	<p>Psychologist, Adult Mental Health Track St. Joseph's Health Care London – Parkwood institute, Operational Stress Injury Clinic Ph.D., York University, 2009 <u>Clinical Interests:</u> Assessment and treatment of military-related PTSD and comorbid mood and anxiety disorders and chronic pain, Cognitive Behavioural Therapy interventions for mood and anxiety disorders, dissemination of evidence-based treatment for military-related PTSD <u>Research Interests:</u> Treatment outcome in posttraumatic stress disorder, mood disorders, and chronic pain among military and veteran personnel, pain and psychological distress at end of life</p>
Susan Ruscher	<p>Psychologist, Counselling Track Psychological Services - Western University Ph.D., University of Western Ontario, 1994 <u>Clinical Interests:</u> Treatment of adolescents and adults with adjustment, mood and anxiety disorders. Client-centred; integrative; CBT; ACT; Single Session and Brief Therapy <u>Research Interests:</u> Therapeutic effectiveness</p>

Magali Segers	<p>Psychologist, Child/Adolescent Track Child and Parent Resource Institute (CPRI) Ph.D., York University, 2017 <u>Clinical Interests:</u> Psychological assessment and treatment of children, adolescents, and their families; Mood and Anxiety Disorders; Tourette Syndrome; Autism Spectrum Disorder; Cognitive behavioural therapy (CBT); Exposure and Response Prevention (ERP); Comprehensive Behavioural Intervention for Tics (CBIT) <u>Research Interests:</u> Cognitive and sensory processing in Autism Spectrum Disorder; Program Evaluation</p>
Devita Singh	<p>Psychologist, Child/Adolescent Track London Health Sciences Centre - Children's Hospital/Victoria Hospital Ph.D., University of Toronto (OISE), 2012 <u>Clinical Interests:</u> Psychological assessment and treatment of children, adolescents, and their families; Mood and Anxiety Disorders; Autism Spectrum Disorders; Gender Identity Disorders; Personality Disorders; Cognitive behavioural therapy <u>Research Interests:</u> Program evaluation, mood and anxiety disorders in children and adolescents, gender identity disorders, models of service delivery in children's mental health</p>
Carla Smith	<p>Psychologist, Child/Adolescent Track; Site Coordinator Vanier Children's Services Ph.D., York University, 2004 <u>Clinical Interests:</u> Clinical assessment and treatment of children and their families; Working with parents, teachers, and child workers to better understand ways of addressing the personal strengths and challenges of children with cognitive/developmental, social-emotional, and behavioural difficulties <u>Research Interests:</u> Bullying and aggressive behaviour (including gender differences); Factors influencing long-term outcomes of intervention (including early intervention/prevention); Resiliency among children in at-risk populations</p>
Farida Spencer	<p>Psychologist, Adult Mental Health Track St. Joseph's Health Care London – Parkwood Institute Ph.D., University of Western Ontario, 1984 <u>Clinical Interests:</u> Therapy interventions and consultations with an adult psychiatric population with a variety of diagnoses: i.e., schizophrenia, paranoid/psychotic disorders, affective disorders (major depression, bipolar), eating disorders, substance abuse; Treatment of clients diagnosed with personality disorders <u>Research Interests:</u> Demonstrating effectiveness in treatment outcomes of Interpersonal Reconstructive Therapy (IRT) approach with difficult to treat clients with diagnoses of personality disorders</p>
Jeff St. Pierre	<p>Psychologist, Child/Adolescent Track; Psychology Professional Practice Lead Child and Parent Resource Institute (CPRI) Ph.D., University of Western Ontario, 1992 <u>Clinical Interests:</u> Tertiary child and family mental health assessment and treatment; Selective Mutism and anxiety; Cognitive behavioural therapies in The Brake Shop; Real world effectiveness of evidence-based therapies; Supporting children with multiple learning and mental health disabilities; Teaching professionals <u>Research Interests:</u> Chair of Research Ethics Committee at CPRI; Service usage and outcomes within a system of care for children and youth with high needs; Selective Mutism; interRAI Child and Youth Mental Health scales. Brake Shop program evaluation.</p>

- Beverly Jane Ulak Psychologist, Counselling Track
Psychological Services - Western University
Ph.D., OISE/University of Toronto, 2002
Clinical Interests: Assessment and treatment of university students for the problems of everyday living. Humanistic-Existential and Experiential Psychotherapy, Acceptance and Commitment Therapy, Feminist Theory, and Expressive Therapies (including art, photography, and metaphor). Specific interests in humour, positive psychology, anxiety reduction, the effects of bullying, adult children of alcoholics, the treatment of childhood and adult sexual abuse/assault, vicarious traumatization, chronic illness, grief and loss
Research Interests: The use of visual expression as a therapeutic intervention and qualitative investigations of the psychotherapeutic experience
- Sandra Ulch Psychologist, Health/Rehabilitation Track
London Health Sciences Centre - University Hospital
Ph.D., Queen's University, 1992
Clinical Interests: Assessment and treatment of psychological disorders that occur in the context of complex medical problems; Psychological adjustment to organ transplantation; Adjustment to critical illness; Coping with chronic physical illness; Interprofessional health care in the inpatient medical setting
Research Interests: Mood symptoms associated with high dose corticosteroids used to treat relapses in MS; Psychological adjustment to transplantation; Women's mental health
