Subject Medical Director Announcements

The Southwest Ontario Regional Base Hospital Program is pleased to announce that Dr. Lauren Leggatt is the successful candidate for the role of Medical Director of Education. Dr. Leggatt is currently an Assistant Professor in the Division of Emergency Medicine at Western University. After completing her undergraduate medical education at the Windsor Campus of the Schulich School of Medicine and Dentistry, she joined the Royal College of Physicians and Surgeons Emergency Medicine Residency at the University of Western Ontario in 2012. During her residency training, Dr. Leggatt completed an EMS and prehospital fellowship with SWORBHP in 2016 with a focus on Education and Research. Dr. Leggatt has completed multiple research projects that have been presented locally, nationally and internationally at various Emergency Medicine and Prehospital Emergency Care Conferences. Since her fellowship, Dr. Leggatt has remained active with our organization and Paramedic Services in our Region lending her expertise in medical education. In the upcoming months, Dr. Leggatt will be moving to the Windsor Region and will begin working at Windsor Regional Hospital Emergency Department. Dr. Leggatt will be a strong addition to our team and will be instrumental in the continuation in the development of excellent prehospital care in the Southwest Region.

As we welcome Dr. Leggatt into her new role, I would like to thank Dr. Sean Doran who has held the position over the past year. Dr. Doran will continue to act in his role as Local Medical Director of the Central Services. Dr. Doran will now also act as the Local Medical Director for Middlesex London Paramedic Services. He will continue to be the medical director for the paramedic programs at Fanshawe College and Lambton College.

Sincerely,

Matthew Davis, MD, MSc, FRCPC
Regional Medical Director – SWORBHP

Susan Kriening, RN, BScN, MHS, ENC(C)
Regional Program Manager – SWORBHP
