

Tactical Emergency Casualty Care (TECC) – National Association of EMTs

Course Description:

The Tactical Emergency Casualty Care (TECC) program is based on the principles of Tactical Combat Casualty Care (TCCC) and meets the guidelines established by the Committee on Tactical Emergency Casualty Care (Co-TECC). This course teaches civilian Paramedics who may be called upon to respond to a mass casualty or active shooter event. This course is an internationally recognized course with a 4 year provider card issued on course completion.

This course is open to any Paramedic or Paramedic Student. You do not need to be part of a Tactical Paramedic program or have prior Tactical Paramedic training to attend.

When:

April 29 & 30, 2017
